YOU'VE ONLY GOT one life, readers, so make sure you live it to the full: getting horribly drunk, falling off stuff and sticking your tongues into people's ears. Seriously, you'll regret it if you don't. Nobody wants to end up in an old people's home wishing they'd partied harder. Plus, waking up surrounded by alarmed pensioners and angry care workers after a big night out is always a bit of a head fuck.

So go forth, ask that fit girl out who works on the Co-op meat counter, join that band, get that inappropriate tattoo on your knuckles that'll rule out 95 per cent of future employment opportunities. This issue is full of people who have done the same, whether it's screaming their tits off in front of a crowd or posing naked with a cat, true legends in their own right. Plus, 69 inky girls who don't give a microscopic toss that they'll never work in HSBC. Have a gooden readers, you bloody deserve it.

FRONT MEETS A CELEB!

It's not every day you meet fucking amazing film stars, and this day was, erm, not really any exception. This is the actual, ACTUAL dog from comedy flick Due Date, who stalled us for about an hour with his Diva-ish demands. Any mistakes in this issue, blame him.

MINI MIKE'S MASSIVE TATTOO

Ideas that spawn from long afternoons in the pub are generally the best ideas in the world. Here, designer Mike gave into office peer pressure, trotted down to our mates Pure Ink of London and got his catchphrase "OH HHH WHAT" as his latest tattooings. Check out myspace.com/thepureink.

WHAT A LOAD OF CREPE

We brought all the joys of Pancake Day into FRONT HQ this month: everything from an eggy mess on our desks to calling everyone a "flippin' tosser" and getting away with it. Here we display a multitude of tossing wrist actions, all of which resulted in batter spraying all over the walls.

THE NAKED TRUTH

The dictionary definition of naked is, "having no clothing on the body." This seems to conflict with the description of Charlotte Anderson, issue 153, who is described as "seriously naked." Er, didn't you notice the t-shirt, cardigan, undies, lumberjack shirt, trainers and silly sailor hat she is wearing? Are you all drunk?

ANTONY YATES, VIA E-MAIL

Oh Antony, you must have picked up an issue without the special, amazingly techy glasses attached to the cover that allow you to see right through Charlotte's clothes. If anyone else has missed out on their spesh specs, just jab two forks into your eyes and then give it a go. Works the same, like.

FAQs

YOUR BURNING QUESTIONS ANSWERED

JEDWHAAAT?

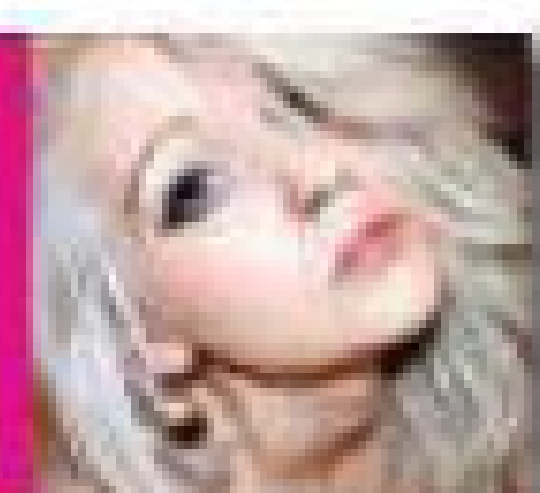

It was nice to see that in this month's issue you said that Jedward was 'in at two' on the Cunt-down, but they were actually in at three. Come on, I live by this league table and need you to be on the ball at all times. Don't worry, I shall overlook this error just this once...

SIMON FROM CARDIFF

Congratulations, Simon, you've spotted our deliberate mistake, which we made to test how eagle-eyed our readers were. For being the first of several to point this out, you win a big fat kick in the nuts.

UNLIMITED STALK PLAN

Hit a gig the other day, which turned out to be the best ever as I saw the amazing Eve E there, who I recognised from her online gallery. Will you ask her to marry me? Or just take some photographs of her and throw her into your magazine so she can be added to the vast collection I have on my wall?

MATT FORD, VIA E-MAIL

We've got some bad news for you, Matt. After an embarrassing incident involving Matt Cardle, a bag of marbles and the M25, Eve E refuses to be associated with our magazine in any way, shape or form. **ONLY FUCKING KIDDING!** Turn to page 60 to see her all naked and that. Don't say we never give you anything.

FRONT GETS READER SACKED

Front you bastards! After being caught stealing your mag and reading it during my shift at work numerous times, I've been sacked! I hold you fully responsible for having such an awesome mag and order you to pay my living expenses! You can find me in the queue at the Job Centre. Cheers!

ANON, VIA TEXT

We're very sorry, nameless texter. On the plus side, your new-found unemployment should work wonders for your skin. Isn't a P45 good for your complexion? What? That's E45? Shit. Ah well, happy job hunting!

PISSY PEN PAL

Just thought you should know I'm sat in a hospital after trying to Mate In A State my friend. He woke up and stabbed a pen half way into my leg and we didn't even get a pic of him.

ANON, VIA TEXT

Sometimes you read a message that makes you despair for the future of the world. But not today.

CASHIER CRISIS

Whenever I go to buy your lovely mag, my boyfriend takes it out of my hands to pay for it (I presume he wants the cashier to think he is a 'man'). Only, the last time this happened, the cashier looked at me despairingly and said to him that he's a naughty rude boy for buying such a magazine. My poor man looked to me to which I stood up proudly and said "Actually it's mine". Safe to say she wasn't too sure what to say.

NANCY, VIA E-MAIL

Well done, Nancy. The world needs more girlfriends like you. You know, the ones that wear the trousers, stand up for their rights, make their boyfriends look like juvenile children with no gonads. On another note, we're pretty sure that cashier was cracking on to your fella when she said he was "a naughty rude boy".

Q: HOW COME WITH ANIMALS 'MATE' MEANS SHAG, BUT WITH PEOPLE IT MEANS 'FRIEND'?

A: It is weird. Where if a panther, say, talks about his mate, he means the lady panther he puts his willy in, but if a man talks about his mate he means a dude he drinks beers with. Plus, it's how chess ends. What? It turns out they're all from different routes, and they've become the same word over time. Mate, as in friend, comes from the Dutch for friend, 'maat'. Mate as in sexy companion weirdly comes from

an old Germanic term for an eating partner, 'gematton'. In chess, it's from 'checkmate', which came from 'shah mat', Persian for 'the king is dead'. **AREN'T WORDS FUCKING WACKY, HMM?**

Q: WHAT'S THE POINT OF THE CLOCKS GOING BACK AND FORWARD?

A: Initially it was so farmers working in the mornings would have more light and wouldn't get trodden by cows and shit. It was brought in in 1916, although during World War II, amazingly, for a while we were living on British Double Summer Time, two hours ahead of Greenwich Mean Time, due to fuel

shortages (people don't need to light their homes when they're asleep). There are currently several campaigns to abolish the scheme entirely, due to the environmental benefit of consuming less energy in the evenings. This would leave Scotland in darkness till nearly lunchtime in winter though, and you can't drink whisky you can't see, can you?

PHWOAR-UM GIRL

I took this photo for you guys! I love Mellisa Clarke, and thought I'd pay homage to your radness.
ANNA HOWARD, VIA E-MAIL
 Look everyone! It's the awesome Anna Cat from the

FRONT forum. We'll be nice to her as she fills the site with excellent pictures. On another note, that wallpaper is horrific and makes us feel drunk just looking at it. No booze for you!

PORCELAIN PRAT

Since my dad decided to be 'hilarious' and buy me a gnome, I decided to take a picture of George the Gnome doing something different each day, seems he's taken a ruddy good liking to **FRONT**.
SIMON TAYLOR, VIA E-MAIL
 Vodka? Good. Chocolates? Good. Playing with a fucking gnome all day? Retarded. There's a word to describe people who befriend little porcelain pricks: it's 'bellend'.

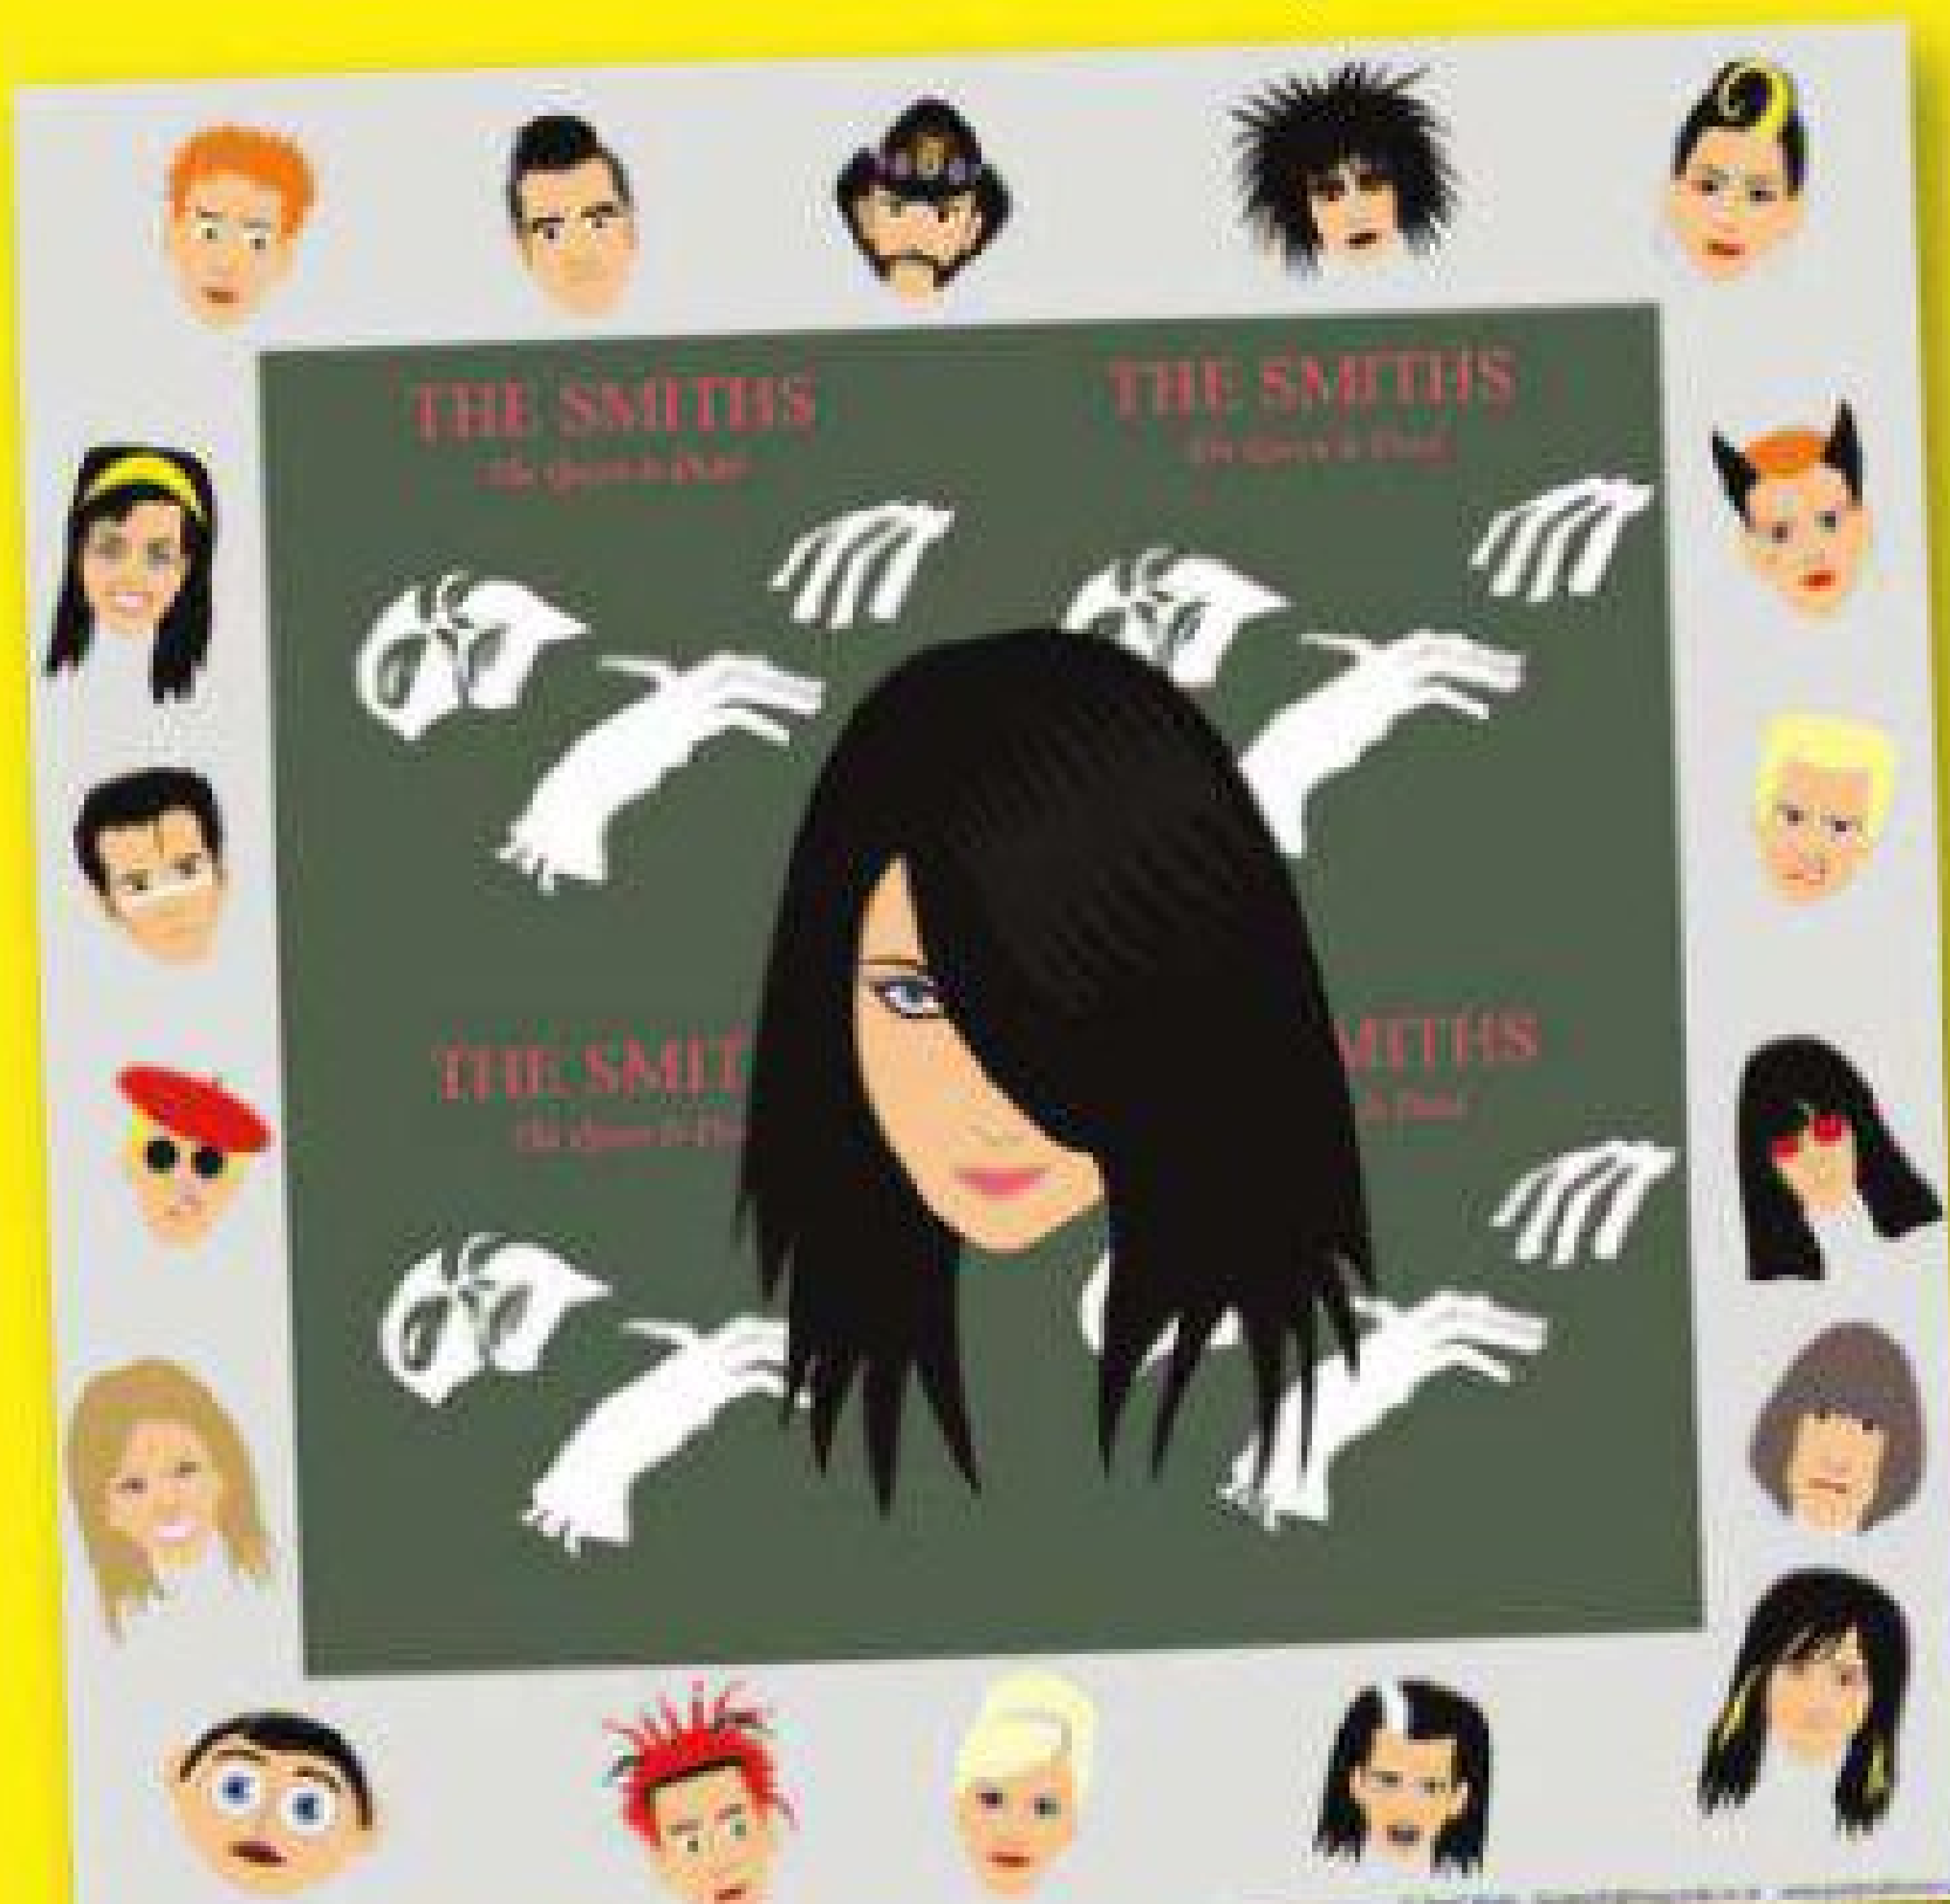

A LORA LOVE FOR THIS

Just wanted to say thank you for being the only magazine with hot naked ladies in that I don't get in trouble for if my girlfriend finds them. You're amazing. Don't ever change.
KIEFER LUKE, VIA E-MAIL.
 We won't change anything, Kiefer. Not our girls, not our swears, not even our smelly grundies. Having said that, for a bloke that shares his first name with that terrorist-smashing 24 actor Mr. Sutherland, you're a bit wet. Man up, and enjoy the booze.

S-PUNK YOUR TIME AWAY

Here is Rose Akhurst from issue 150 in front of what she called her favourite album, and surrounded by some of my punk creations.
DAVID WORTH, PUNKROCKCARTOONS.COM.

Thanks for sending this in, David. Just the other day we were wondering what Morrissey's vomit would look like, and looking at this, it seems you've answered our question. Love you.

THIS BLOWS

This took me 3 hours so you better fucking love it. It took me extra long because I kept accidentally jizzing myself while drawing it. Now I have no toilet roll and I need a poo.
PAUL JEFFS, FROM LONDON.
 That's a really nice story, Paul. We've got a friend who'd love to hear it all over again. He'll be at your front door soon, dressed in a long white coat.

"After Ben passed out in the front doorway, in the process of dragging him up the stairs his jeans came off and his shirt got ripped," says snapper Ash. Hmm, THAT'S EXACTLY HOW BOOZE WORKS, you bellends.

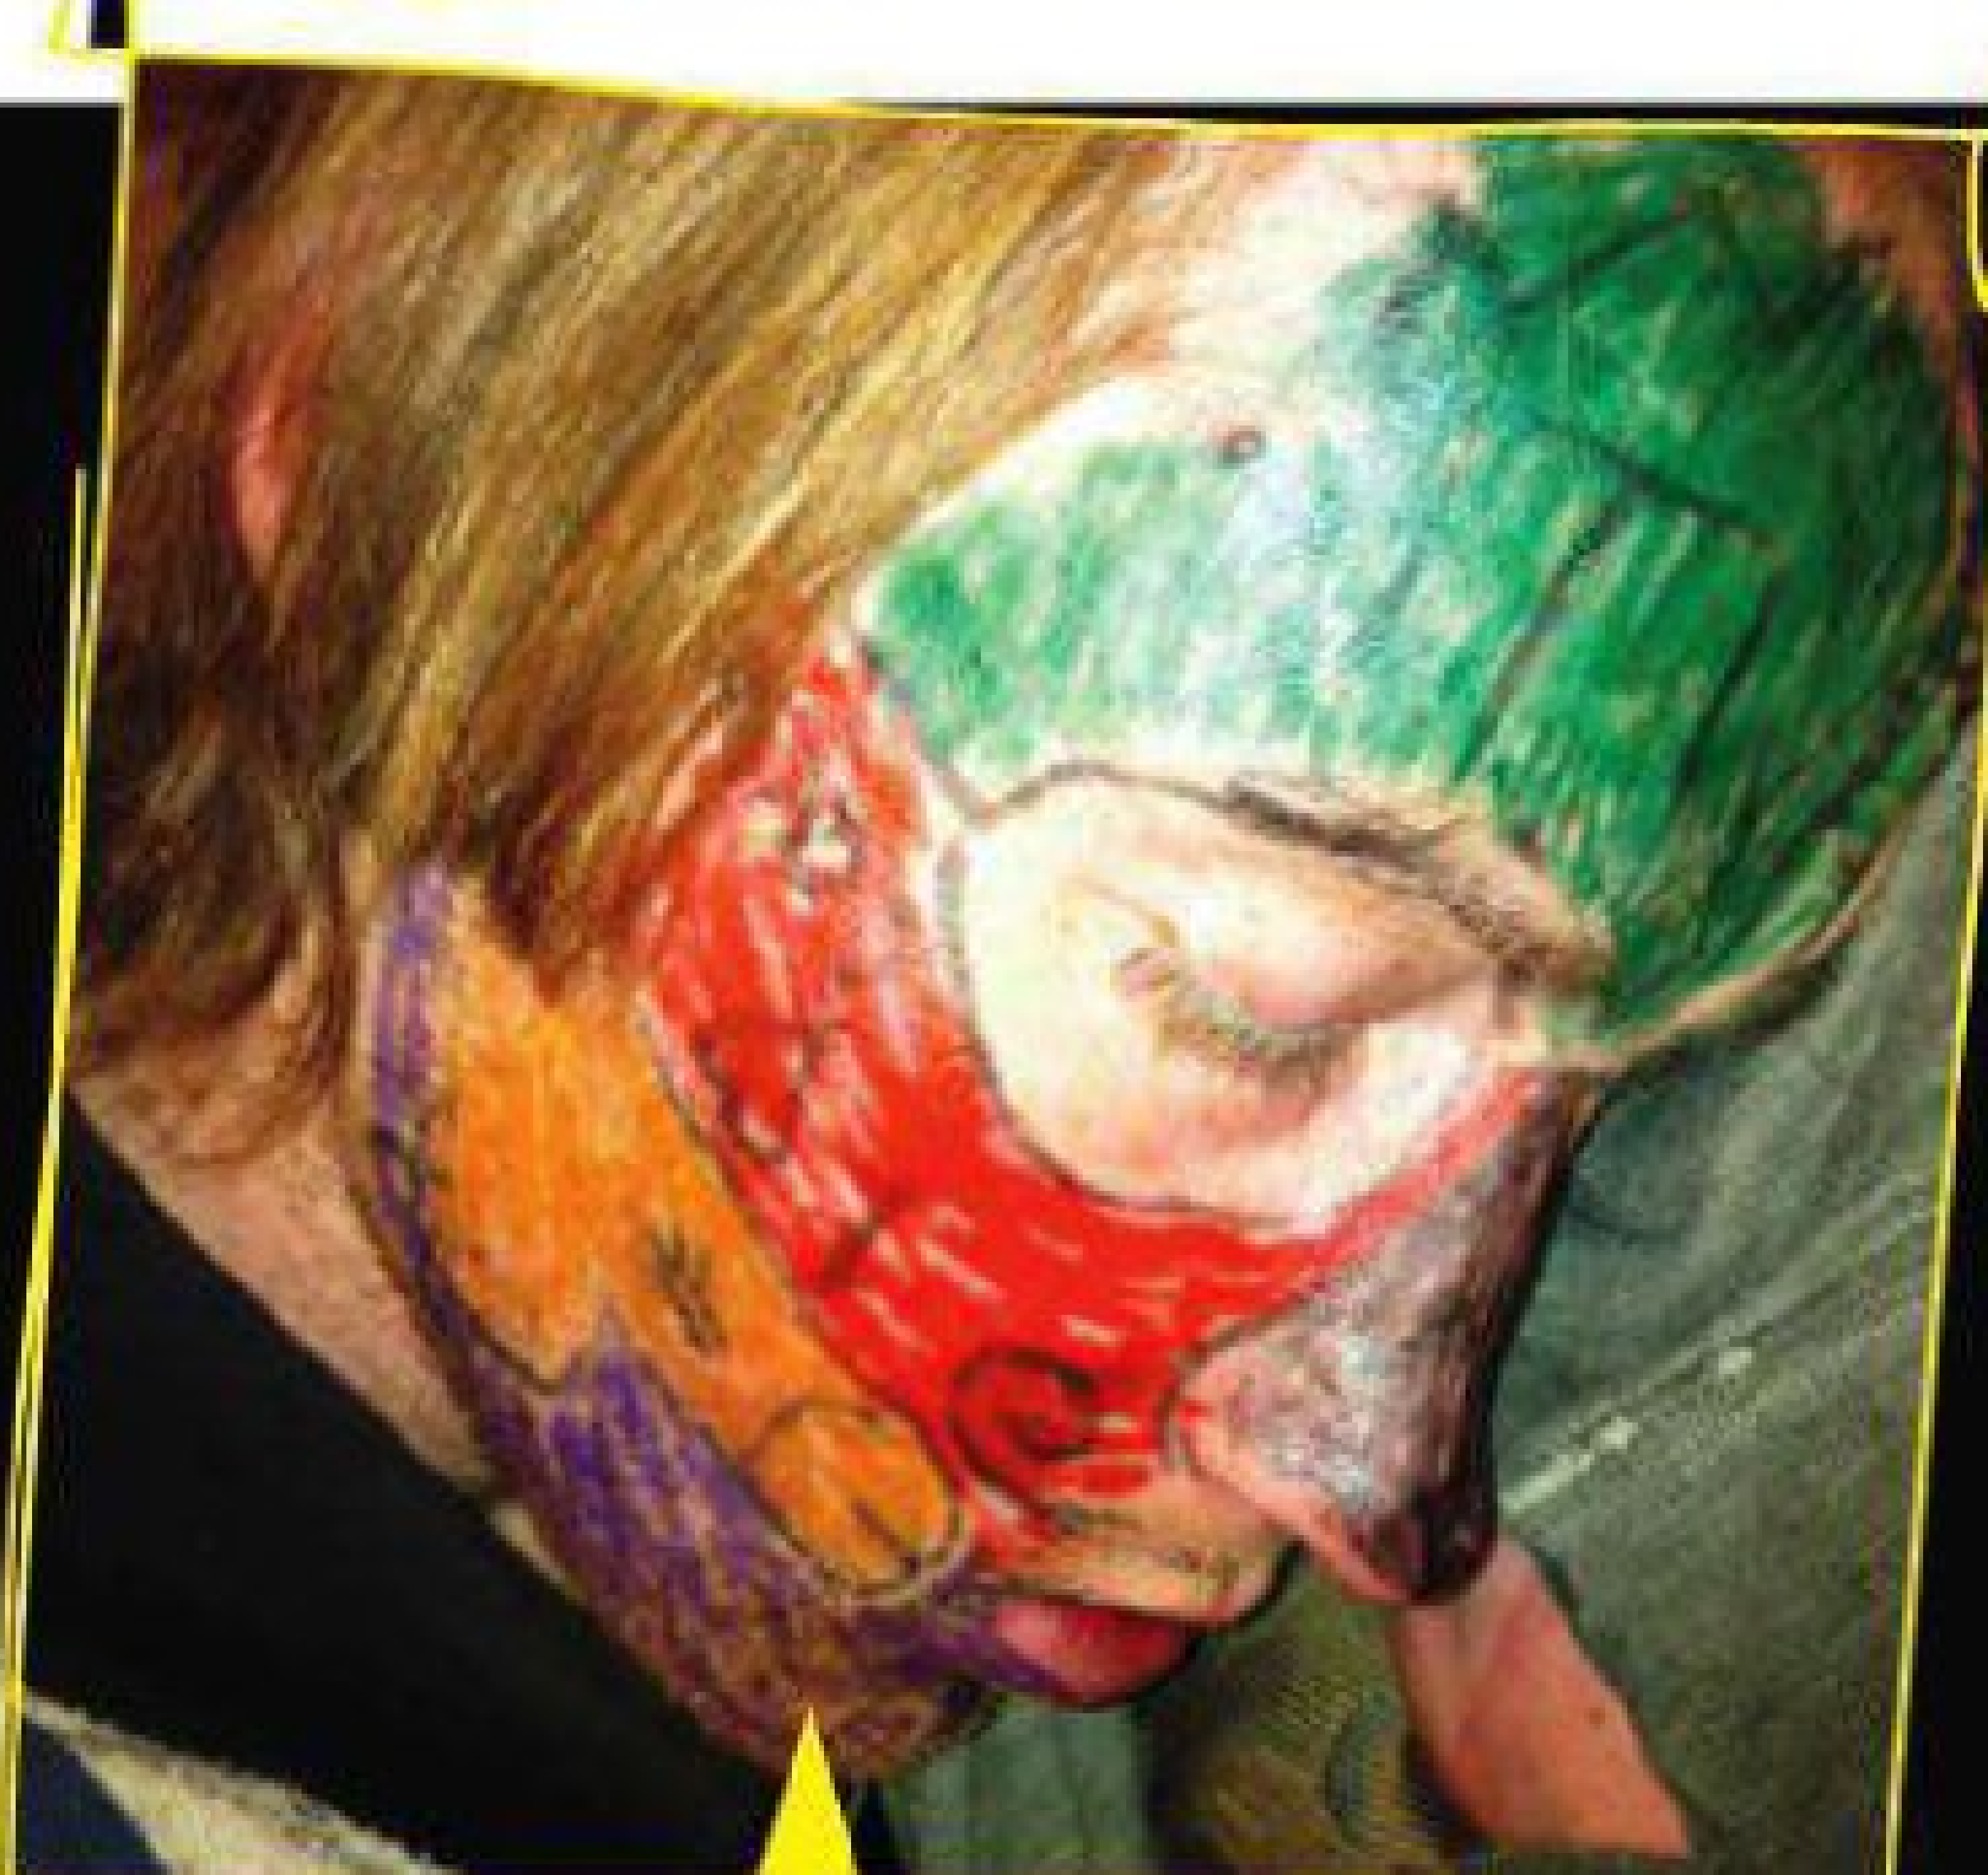

LAGER KRAUT

This came in with no explanation whatsoever from a fella called Elliott, perhaps because no words can describe exactly what the shit is going on here. Good effort, anyhow.

LIFE BEHIND BARS

Whether it's behind bars of the boozy kind, or of the wake-up-at-3am-with-a-massive-convict-bumming-you kind, this unnamed pisspot pretty much has the rest of his life planned out. Well done Lewys for documenting this gaylord's antics.

CERTAIN SHADE OF GREEN

This is one "big ginger pisshead," says Stu. Yes it is. And what great work he's done in drawing a matching big ginger cock to go on the big ginger pisshead.

NEXT MONTH WIN TELLY/DVD COMBO AND PRISON THRILLER LOCKED DOWN

Everyone can be guilty of going a little fuzzy in the head after a booze or several. **TRUE
OR FALSE?**

AMELIA'S FAVOURITE FILM IS A TOSS-UP BETWEEN THE LAST TWO STRAIGHT-TO-DVD AMERICAN PIE SPINOFFS THAT DON'T HAVE ANYONE FROM THE ORIGINAL AMERICAN PIE FILMS IN APART FROM THE DAD.
FALSE: It's actually the Marilyn Monroe transvestism comedy *Some Like It Hot*, which we'd be more likely to have seen if it wasn't in black and white.

AMELIA'S FAVOURITE FOOD IS ROAST POTATOES.
TRUE: This is an excellent choice. Nobody dislikes roast potatoes. If you dislike roast potatoes, you probably also dislike laughter.

**TRUE
OR FALSE?**

AMELIA'S BESTEST ANIMAL IS THE HYENA.
FALSE: Nobody's favourite is the hyena – have you not seen *The Lion King*? Amelia likes horses, and has a couple of dogs, including one that's called Fred despite being a lass. Fred is "mental" apparently.

HELLO THERE READER, ARE YOU PLEASED TO SEE AMELIA OR DID YOU JUST PUSH A KAYAK DOWN YOUR TROUSERS?

Eagle-eyed readers may remember Amelia from our comics feature a couple of issues ago, where she was holding a hurriedly-made speech bubble with the word "YO!" on it. The 22-year-old from Kent is totally capable of speaking without holding up cardboard comic-book accessories though, which is handy, as that'd be annoying when it rains and ultimately quite expensive.

**TRUE
OR FALSE?**

THE MOST FAMOUS PERSON AMELIA
HAS EVER MET IS THE ONE-ARMED
DRUMMER FROM DEF LEPPARD.
FALSE It would be weird to meet him,
wouldn't it? At least it's his left hand
that's missing, so you could still
shake his hand, although if he
had a drink he'd have to
put it down.

TRUE OR FALSE?

AMELIA WAS BORN IN 1918, AND WAS ONCE AWARDED THE NOBEL PEACE PRIZE. SHE SPENT 27 YEARS IN PRISON IN SOUTH AFRICA, BUT AFTER BEING FREED, EVENTUALLY BECAME PRESIDENT, THE FIRST ONE TO BE ELECTED FAIRLY IN SOUTH AFRICA.

FALSE. That's Nelson Mandela, you arsehole.

AMELIA ENJOYS THE TELLY LOLFEST THE BIG BANG THEORY.

TRUE: She'd like to meet Sheldon – the real one, not the actor. "I'd do stuff to piss him off, like taking his comics out of their slipcovers" she says.

TRUE OR FALSE?

AMELIA WOULD LIKE TO BE ABLE TO PLAY THE GUITAR, BUT CAN'T.

TRUE: "I can't co-ordinate one hand with the other" says Amelia. "I can't even play Guitar Hero". We can. We're really good. Well, sort of good. We're okay. Alright, we actually put rubber bands across an empty Kleenex box that we found, but it's nearly the same.

UP CLOSE AND PERSONAL FOR THE LATEST RECORDING

AFTER THE MAMMOTH success of 2009's *Common Dreads*, Enter Shikari are back in the studio working on their third monster creation.

Guitar-wrangler Chris Batten talked us through the process while munching on a taco, and told us it was all still in the proper early stages: "What we're doing today is laying down a few tracks, which we aim to

put out around April time. The plan is to get some material out before we head off to America, just to show people we're still active and give them a taster of what's to come."

SCREAM 4

THE KING OF HORROR RETURNS

BLOODTHIRSTY FILM GIANT SPEAKS TO FRONT

FYI

Loon of the moment Charlie Sheen auditioned for the role of Glen in Craven's 1984 slasher A Nightmare On Elm Street. It was Johnny Depp who ended up doing the part.

NOT MANY CAN claim to have been responsible for 40 years of international pant-shitting (dentists and priests aside), but legendary writer/director/madman Wes Craven has written a fair few chapters of the Horror Bible. Now, the man who gave the world Freddy Krueger, Ghost Face and The Hills Have Eyes, is back with one of the most highly-anticipated fright follow-ups of all time. As his iconic Scream brand slashes its way back onto the big screen for a fourth bloodthirsty outing, we sat down for a chinwag with Craven to get the lowdown on his latest frightfest...

Q&A WES CRAVEN: HORRORMONGER

SO WES, SCREAM 4, WHERE ARE WE AT WITH IT?

It's very much a movie about Neve Campbell's character Sidney and what she's been doing with her life ten years after the events of Scream 3. Basically, she finally returns to her hometown, and she's written a best-selling book about the trauma she's gone through. Of course, this is when a new batch of killings starts to happen...

IS IT GOING TO BE VOMIT-INDUCINGLY BLOODTHIRSTY?

It's funny - I've been reading rumours on various websites that this is going to be the goriest Scream yet and I don't know why the fans are saying that. I mean, yes, there are a couple of very bloody murders, but it's really about the concept and building up suspense. I don't like something that is just brutal, and I don't like torturing people in my movies. You're not going to see geysers and geysers of gore in this latest Scream movie.

IS THE SEXY FEMALE HEROINE SOMETHING OF A TRADEMARK NOW?

Oh very important [laughs]. I think it's fun to have very strong female leads in my movies and if you compare me with most genre filmmakers, I think you'll see that I have. What can I say? I like women.

WHAT KIND OF THINGS DO YOU SPOOF IN SCREAM 4?

Mainly we hit the recent boom in torture-porn and the remakes of all these old classic horror movies. We also take a few stabs at the internet among other things. The paranormal films get it in the neck as well. We take a shot at everybody in this one.

SO WHAT FILMS PUT THE WILLIES UP WES CRAVEN?

Night of the Living Dead remains very effective - it looked like a documentary at first. The Texas Chain Saw Massacre is another classic, Halloween too. Friday 13th was a bit subversive. More recently, Paranormal Activity was excellent.

EAST LONDON SKATE CO. Lovenskate have combined their love of skating with their penchant for hot drinks by releasing this handy 'Tearrrific' box set. Tea-loving head honcho Stuart Smith was the brains behind it all: "Brewing up is a ten minute occurrence at Lovenskate, and we've always wanted to big up that great British tradition in some way," he slurped. "When Carhartt wanted to do something a bit different with us, this seemed like the ideal opportunity."

We grabbed Stu and got him to talk us through what you get for your hard-earned bucks, after putting the kettle on, of course...

5 ARCANER ROOTS

INTRODUCING THE THREESOME COMING OUT OF NOWHERE TO "SMASH YOU IN THE FACE". THEIR WORDS, NOT OURS, LIKE.

MUSIC MATHS

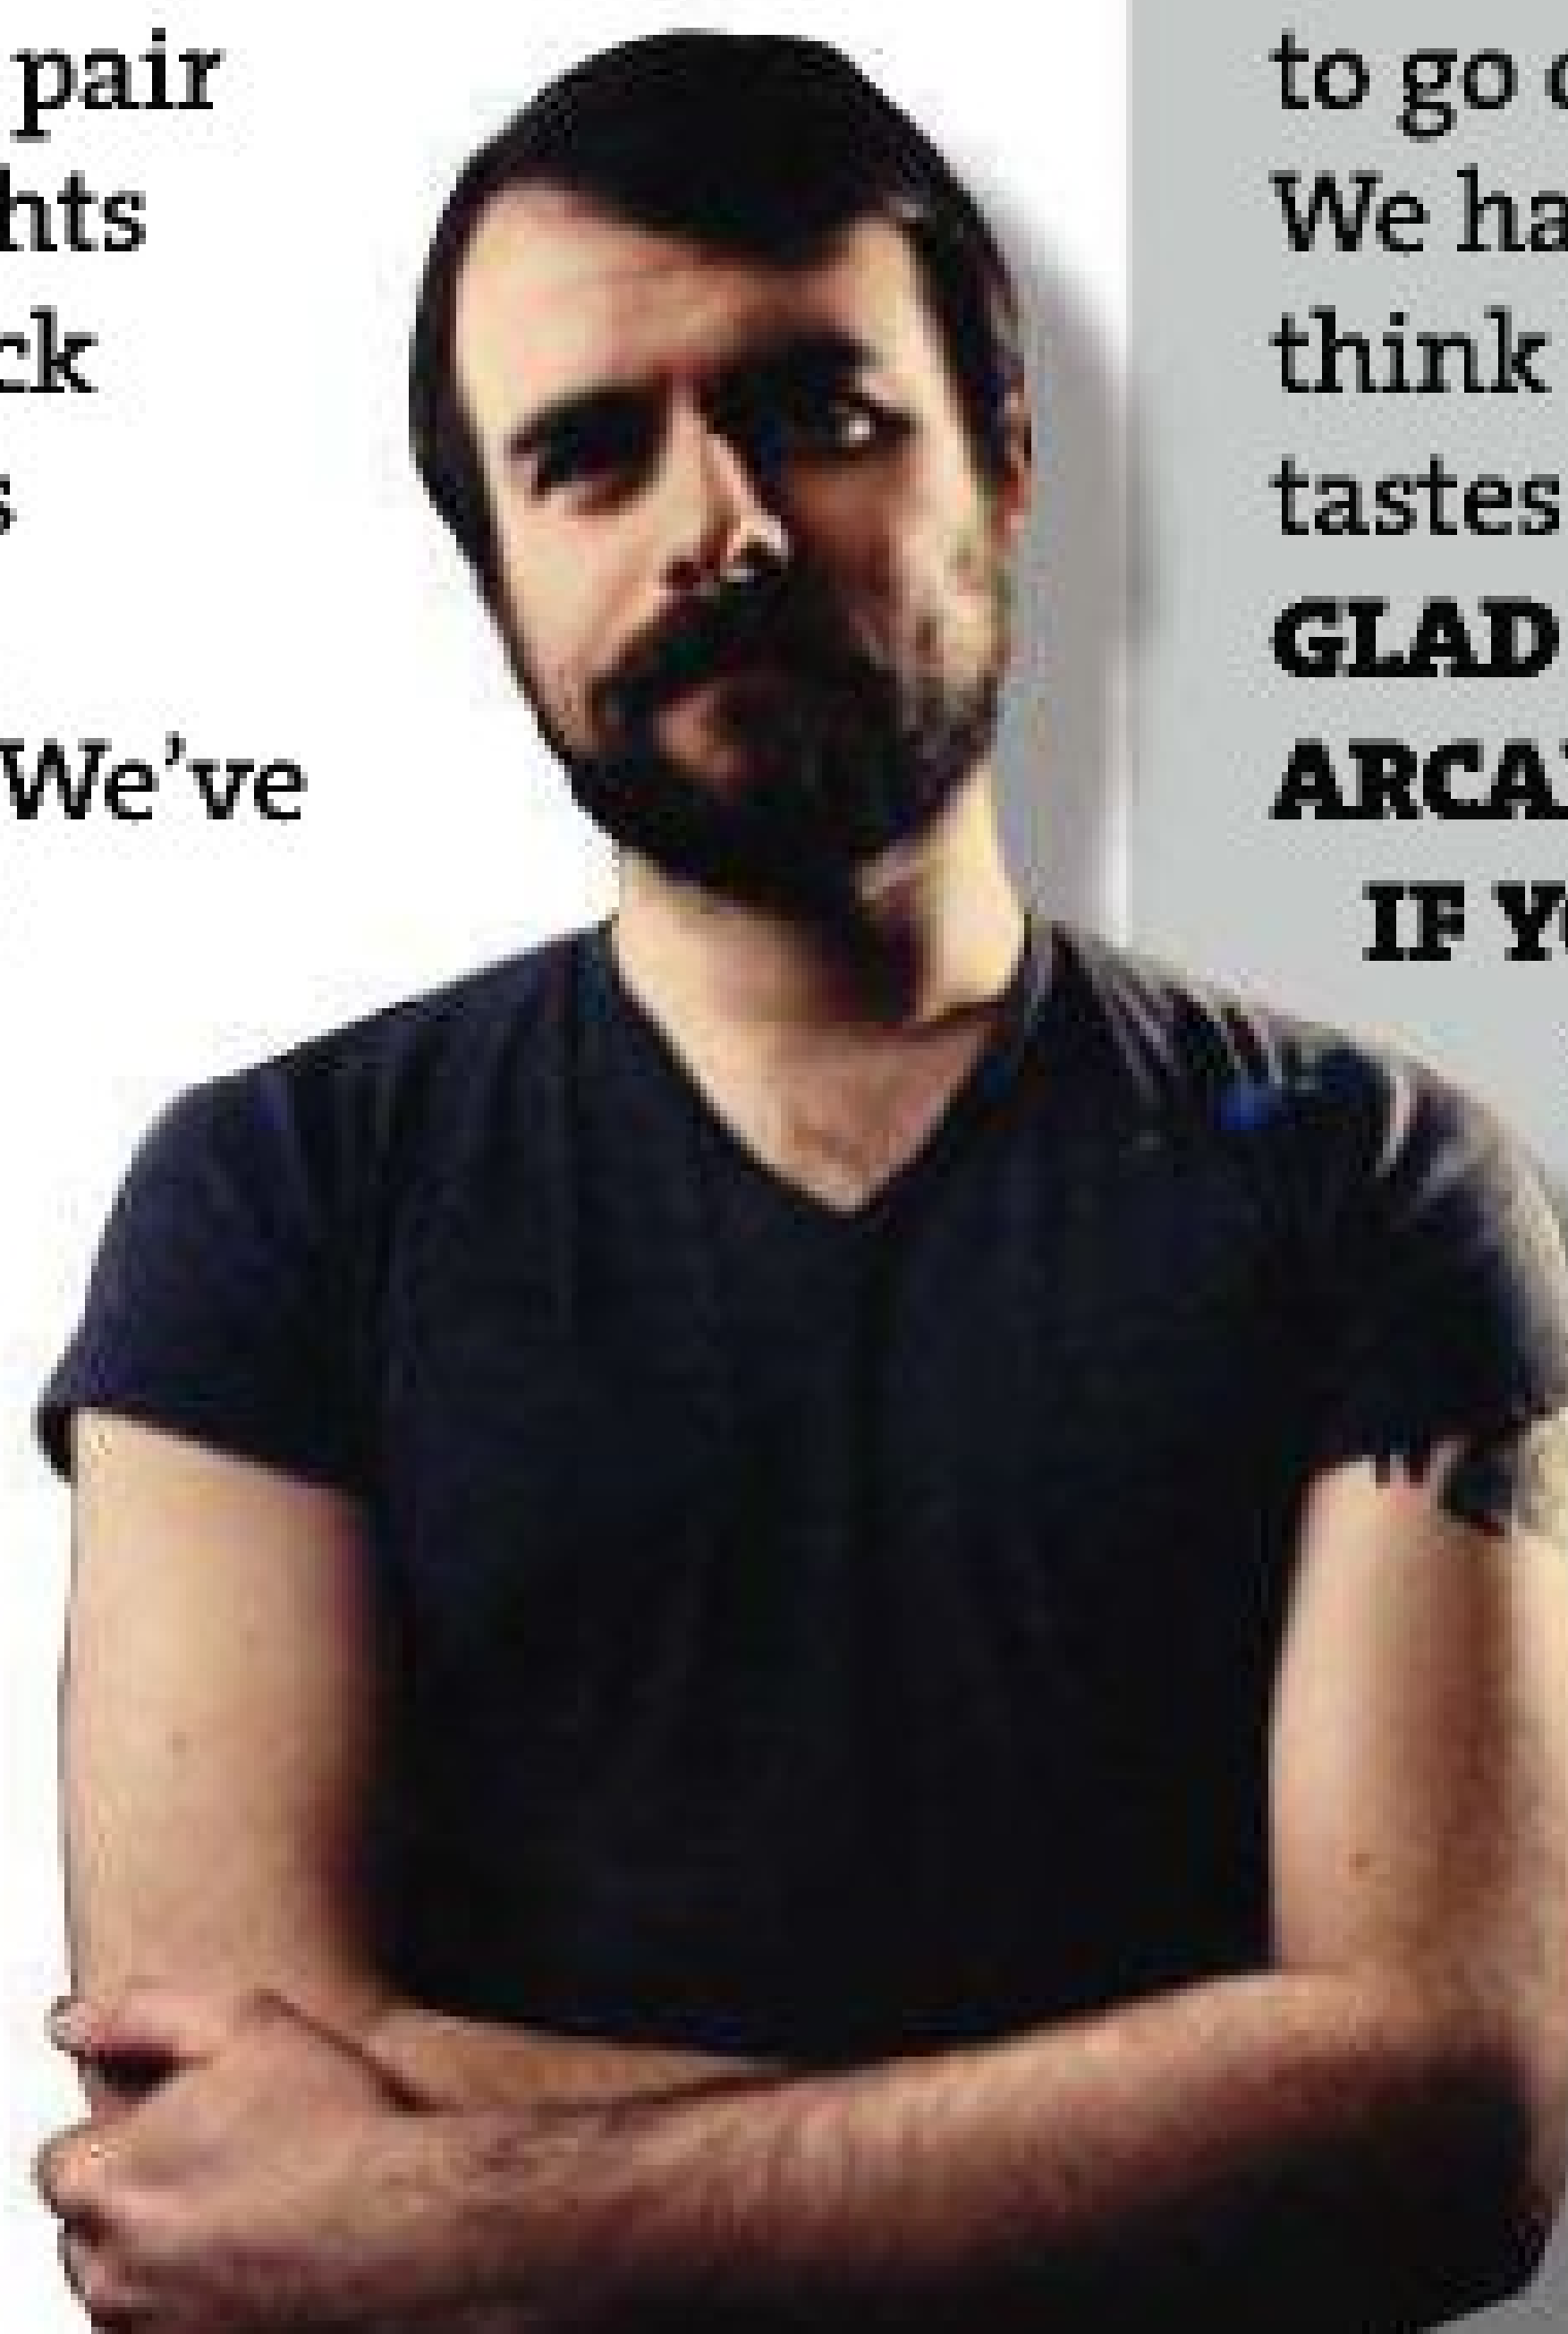

TO THE ARSE END of Surrey, now, where three perfectionists with a fondness for owls are hoping to plonk themselves comfortably somewhere between Biffy and Muse, if you can imagine such a musical couch.

Main man Andrew states the band's love of "big, unashamed pop songs, great melodies and wicked riffs" has been the spark behind debut mini album *Left Fire*, which drops this month.

Championed by the likes of the sweaty musos at Rock Sound and the like, the threesome pride themselves on having a palatable take on rock pop, and aren't afraid

to admit that they like shaking shit down to Beyoncé's Glee-tastic hit *Single Ladies* just like the rest of us.

"Everyone wants to dance like Beyoncé, and there's no shame in that," bops Andrew. Whether or not he dons a pair of his mum's tights and tucks his cock between his legs while doing it is another matter. We've certainly *NEVER DONE THAT ON A LONELY SATURDAY NIGHT. NOT ONCE. NEVER.*

Q&A ANDREW (GUITAR)

HELLO ANDREW, THIS IS ALL GLORIOUSLY FRUITY, ISN'T IT?

It is indeed. It's put me in the mood to go out and buy some fruit squash. We have some in the house but I think it's at the end of a bottle. It just tastes like piss when it gets like that.

GLAD WE CLEARED THAT UP. SO, ARCANER ROOTS – A BRIEF HISTORY IF YOU PLEASE...

Everything that's happened has been a lucky coincidence so far. I met Daryl, our drummer, at college. Our original bassist left because

he was really into trees. He was really unnaturally tall like a tree. We found a new bassist, Adam, in Oxford. And the rest is history. **HOW HAS NEW MINI ALBUM LEFT FIRE BEEN RECEIVED?** Yeah, I mean we'd done loads of demos but they weren't really smashing people in the face. We made this mini album to take you on a journey. It picks you up, soars you round and slams you down before the last track sends you home gently. **WHAT ELSE CAN WE EXPECT FROM YOU LOT?** We want to give you something bigger. We want to sweat on you,

bleed on you and shake you up. Things can always go wrong, it's a human 'Will they fuck this up' mentality. No, we won't. When you see someone giving it a good energy that's an irresistible thing. That's what wins you people. **AND WHAT'S THE DEAL WITH THIS OWL YOU CART AROUND?** Nah, Henry's our little mate. He's wicked. We're looking to put a webcam in his eye to document our journey. He has a sick life; he goes on holiday, has his own Facebook group and he's been on tour with Madonna.

BELGIUM ROCKS

JUST WHEN YOU THOUGHT IT WAS SAFE TO GO TO BELGIUM...

IT'S NOT JUST GAY detectives and chocolate going down in Belgium, y'know, they know how to throw a party too. This bloody beautiful country will this year serve up the 20th edition of Groezrock festival, which is set to blow the wax out of those mangled ears of yours with a huge serving of the world's finest rock, punk and metal, with the added addition of a bunch of sexy FRONT girls on the Etnies stage. And making the trip over to stir up the sleepy town of Meerhout alongside such greats as The Descendents and NOFX will be New Jersey's finest post-hardcore noise-makers, Thursday – so we grabbed Geoff from the band for a few quickfires...

Q&A GEOFF (VOCALS) THURSDAY

WHO SHOULD WE CHECK OUT AT GROEZROCK?

The Descendents are one of the first punk bands I ever loved and we have a ton of friends playing who you should check out like Underoath.

US OR EUROPEAN FESTIVALS?

European festivals are a lot more eclectic. We've shared dressing rooms with the New York Dolls and stayed in hotels with Faith No More on festivals in Europe.

YOU'RE PLAYING ALBUM FULL COLLAPSE IN ITS ENTIRETY ON THE FRIDAY. ARE YOU STOKED?

It's quite surprising. We were just kids when we wrote that record. To know that it's still important 10 years later is a real honor.

HOW CAN WE SAVE MONEY SO WE CAN AFFORD TO GET TO BELGIUM?

I'm a big fan of good old fashioned robbery. We've been pickpocketing people on this tour with Underoath and it's really helped us save money.

WHAT'S GOING TO BE ON YOUR RIDER?

Pedro Almodvar on PAL region 2 DVD. An obscure request, I know.

WAFFLES OR CHOCOLATE?

Chocolate.

COMEDY UPSTART WITH A FAMOUS DAD AND MAD FIFA SKILLS

Working in advertising. It's similar to what I do now but with a lot less artistic integrity, less popularity and fewer lie-ins. I don't like to contemplate having to wake up early. That'd be a really dark time.

WHAT CAN WE EXPECT FROM THE REST OF YOUR YEAR?

I'm doing stand-up around the country and other fun things. Hopefully I'll get to play The Comedy Store [in London's seedy Leicester Square] soon. It's my favourite venue because it's always packed and has such a great atmosphere. People tend to laugh a lot there. You may have also seen me alongside Simon Bird [Will from The Inbetweeners] in Friday Night Dinner. Hopefully you liked it.

WHO ARE YOU AND WHAT DO YOU DO?

My name is Tom Rosenthal and I am a stand-up comic and PlayStation expert. I am amazing at FIFA and dare anyone to challenge that. It won't happen, but if you do win then you can do stuff to me. Otherwise, I'm just a man with no hype.

WHAT'S THE MOST KICK-ASS THING ABOUT BEING A STAND-UP?

Well, not having to wake up at a normal time is pretty great. Especially after getting pissed the

night before. It's also meant I got invited onto Soccer AM too, which was like living out a lifelong dream I had as a young youngster.

YOU HAVE A FAMOUS FORMULA 1 LOVING DAD, JIM. CURSE OR BLESSING?

It hasn't really affected what I do for a living to be honest, as our lines of work are so different. On a personal note, he once introduced me to David Beckham and Gazza, and I always get invited to Arsenal games. I'm a big fan.

IF YOU WEREN'T IN COMEDY, WHAT WOULD YOU BE DOING?

A SFX-Y WEEKEND

OUT
&
ABOUT

WHAT? The SFX Weekender

WHERE? Camber Sands Pontins, East Sussex

WHO DERE? Human Centipede, The Thing, Stormtroopers

BEST BIT: Boozily dancing with an erotic three-titted alien girl

WORST BIT: Realising that last bit might have been a drunken fantasy

THE LOOK: Jack Wills, Barbour jackets, deck shoes. Oh, hang on...

DRUNKEN LUNACY RATING: 2 moderately delicious Lemon Fantasia outta 10

IF ONLY THE regular budget holidaymakers of Pontins could see what had become of their beloved seaside resort, they would instantly do a confused shit in their Speedos.

For one weekend only – albeit a tit-shrivellingly cold one in February – the park is turned over to people with glorious (and sometimes darkly secretive) fantasies in the name of unashamed pleasure.

Don't worry, though, it's not some sort of sordid swingers event. It's the annual SFX Weekender, where the

waterslides and Bluecoats are replaced with aliens, fire and harmless Cosplay. Okay, there are maybe a couple of swingers.

As well as all the fantastic geeky shit you'd hope to indulge in, the weekend also serves as a massive piss-up for the sci-fi loving community. Here are four unexpected drunken highlights from the weekend.

PAT SHARP'S DJ SET

Whatever next? Arty prat Neil Buchanan selling disco biscuits behind the recycling bins? Newsround's Lizo Mzimba

getting a blowy in the gents? To be fair, old Sharpy mullet-features was pretty good.

CHERRY LAMBRINI STRAWPEDOS

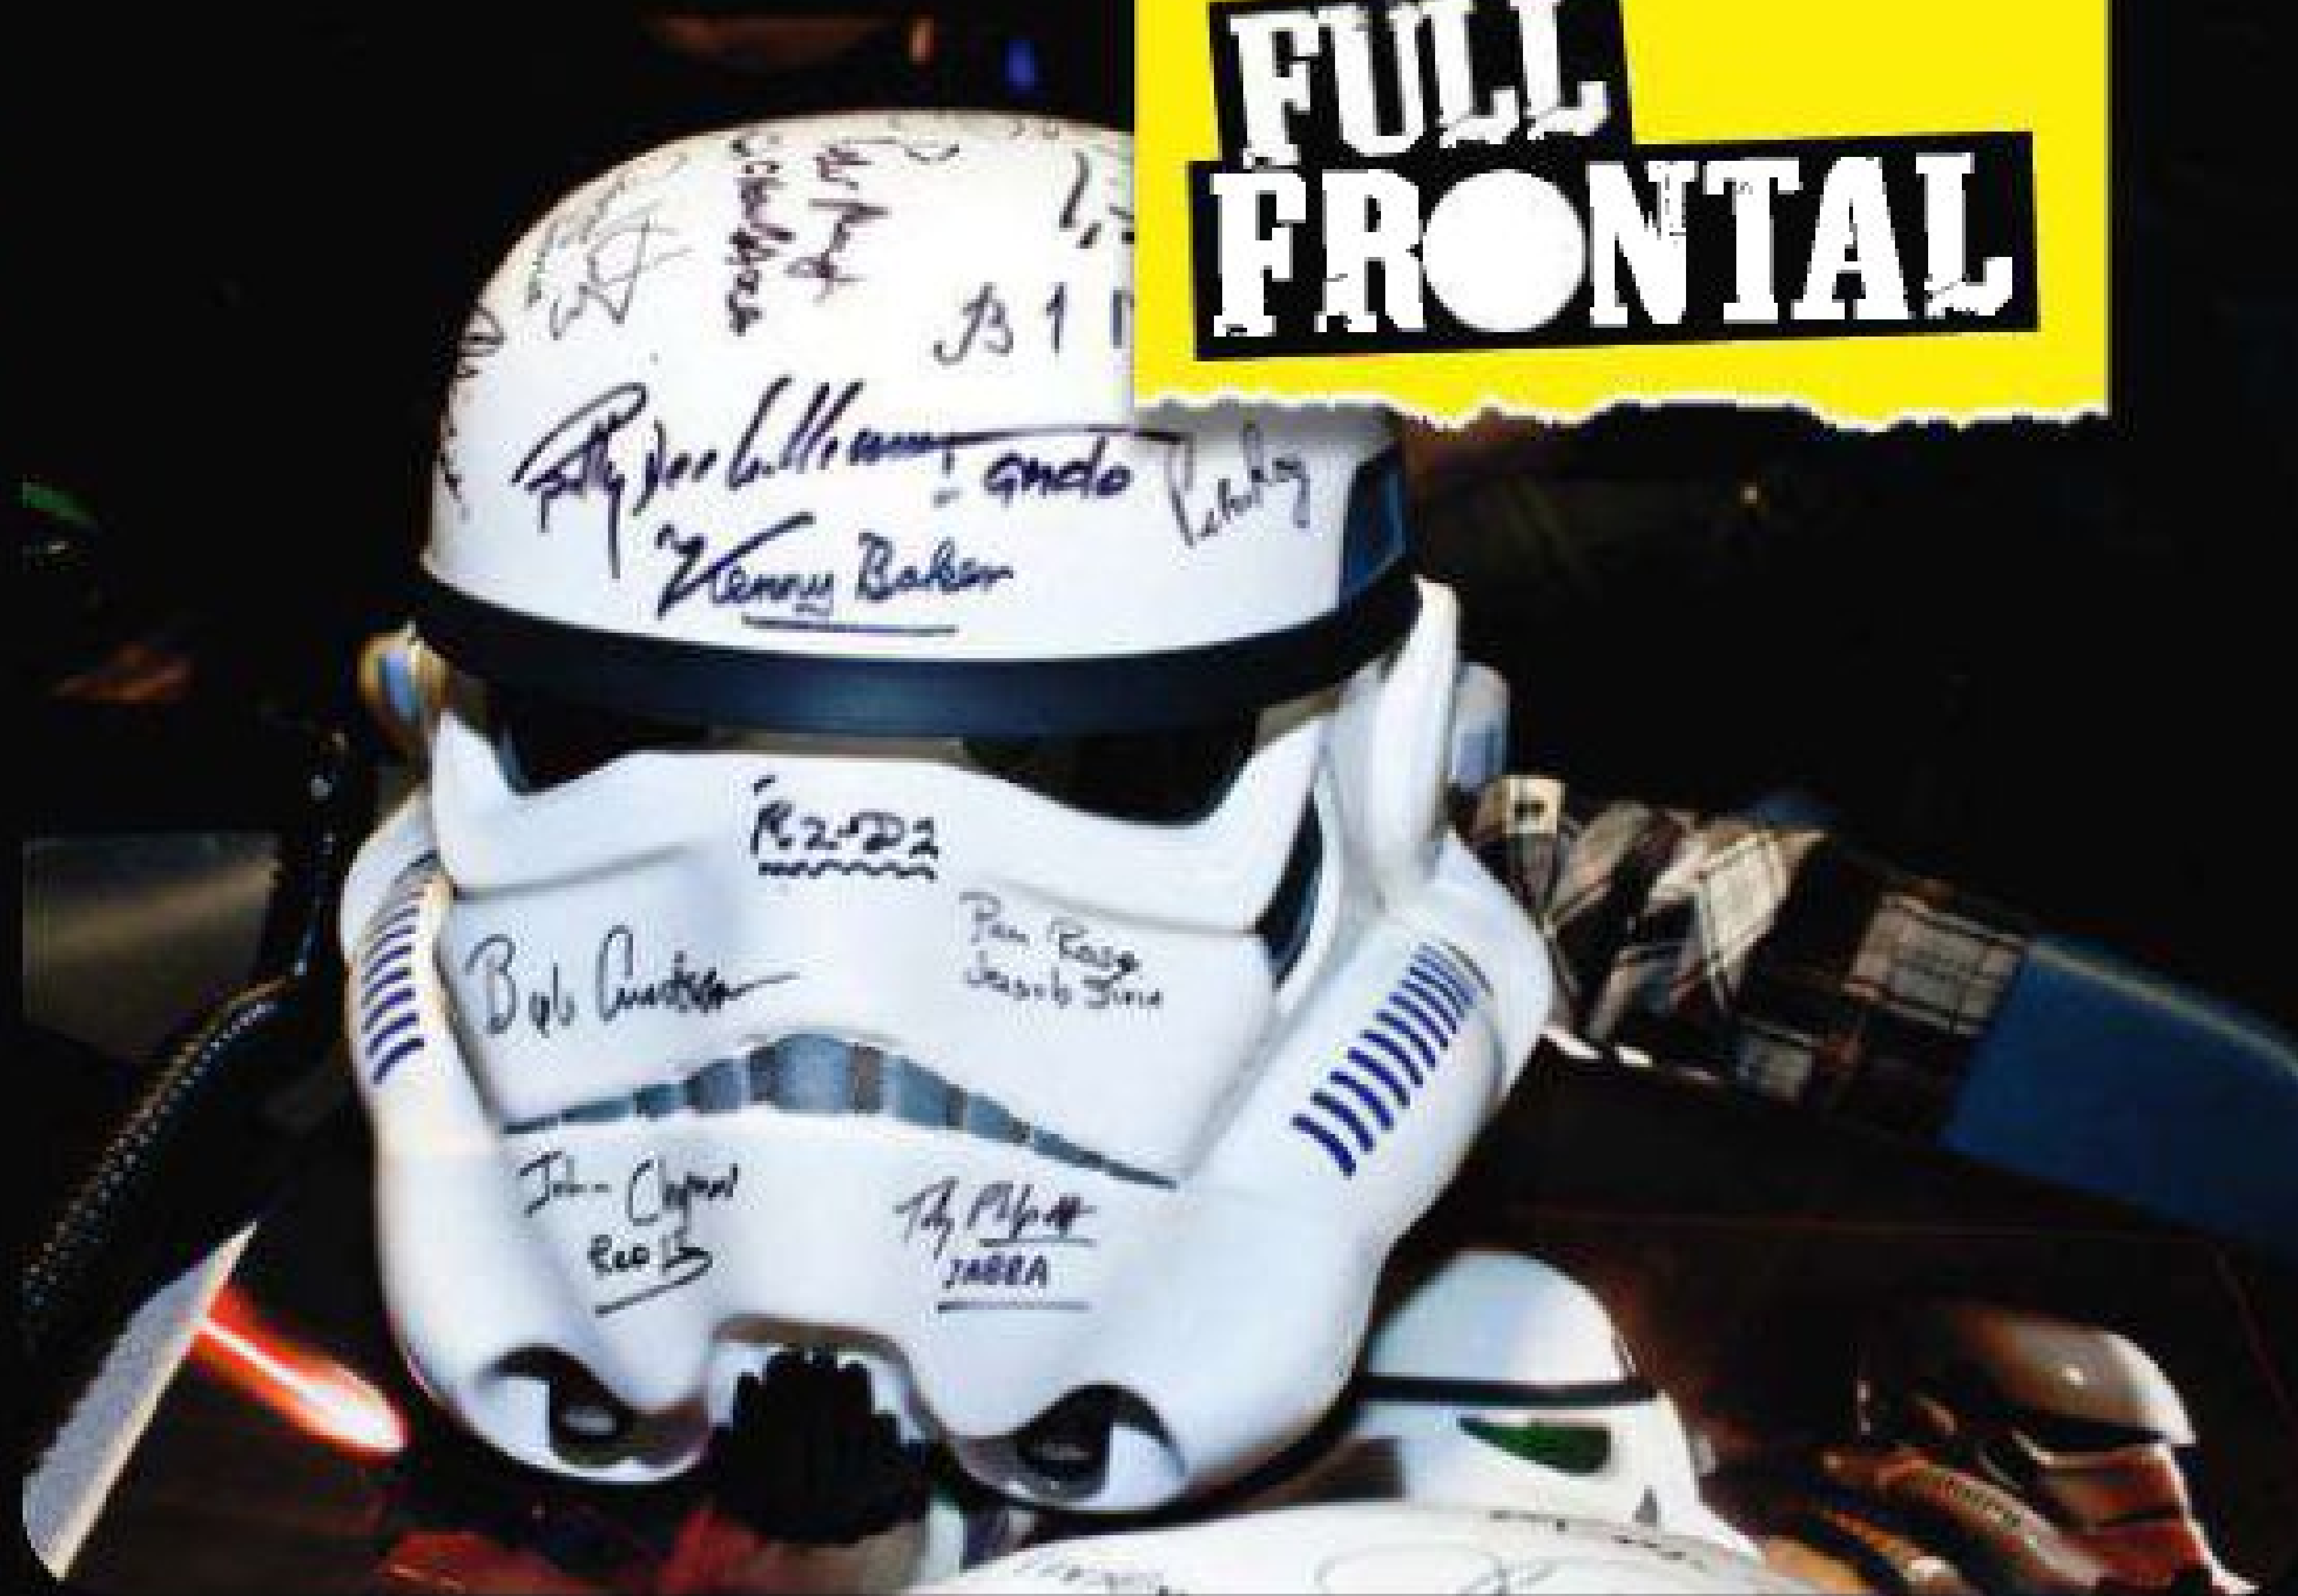

Apparently, the sci-fi crowd are well into getting battered on fruity perry-based drinks. You haven't lived until you've watched Bilbo Baggins vomit all over his winkle-pickers.

A MIDGET DARTH VADER

Behold, the stud before your very eyes was waving his lightsaber willy-nilly all weekend and was a big hit with the ladies. Bless his little balls.

FIRE BREATHING AND CONTORTION

We love getting wasted, falling asleep, and thinking you've woken up in Back To The Future where Biff is running Hill Valley and the town's gone to shit.

THE DEVIL WEARS CIDER

WHAT? Devil Sold His Soul UK tour.

WHERE? The Underworld, Camden.

WHO DERE? London's hardest hardcore lovelies.

BEST BIT: Being showered in glorious cooling cider.

WORST BIT: Getting on a Megabus soaked in stale cider.

THE LOOK: Spray-on denim and Vans slip-ons.

DRINK OF CHOICE: Pulmo Bailly (see rider below).

DRUNKEN LUNACY RATING: 6 outta 10.

OUT & ABOUT

THE PAST TWELVE months have seen hardcore outfit Devil release a debut album, headline a stage at Download, lose a band member and contend with Swine Flu. A mixed bag of shit, if there ever was one, then.

But now the six London lads are back firing on all sweaty cylinders, and we sniffed our way into their dressing room for a nosy as they brought their long-awaited headline tour to Camden's sweet'n'sweaty Underworld venue.

"It's been a tough old road", admits drummer Leks, referring to the band's struggle to fill support slots. "Basically if no one will take you out you just have to do it yourself and that's what we've always done. We've never figured out why that's been the case, so going it

alone is the way for us."

With big loving coming from fans and the rock rags alike, and plans of "carnage and scenes of mild peril" at 2011's big festivals (their words not ours) the band let us go on a backstage bender with them and took us on a pictorial journey, starting with an intro to their rider by bassist Jozef...

THE RIDER

PULMO-BOMB

"A special band-made drink consisting of one part Pulmo Bailly health tonic and several parts Jägermeister. This shit puts hairs on your chest."

DEVIL SARNIES

"Chicken and bacon, we always ask for. A butt-load of mustard, salad-free and dripping in some sort of jizz condiment."

SERVICE STATION FOOD

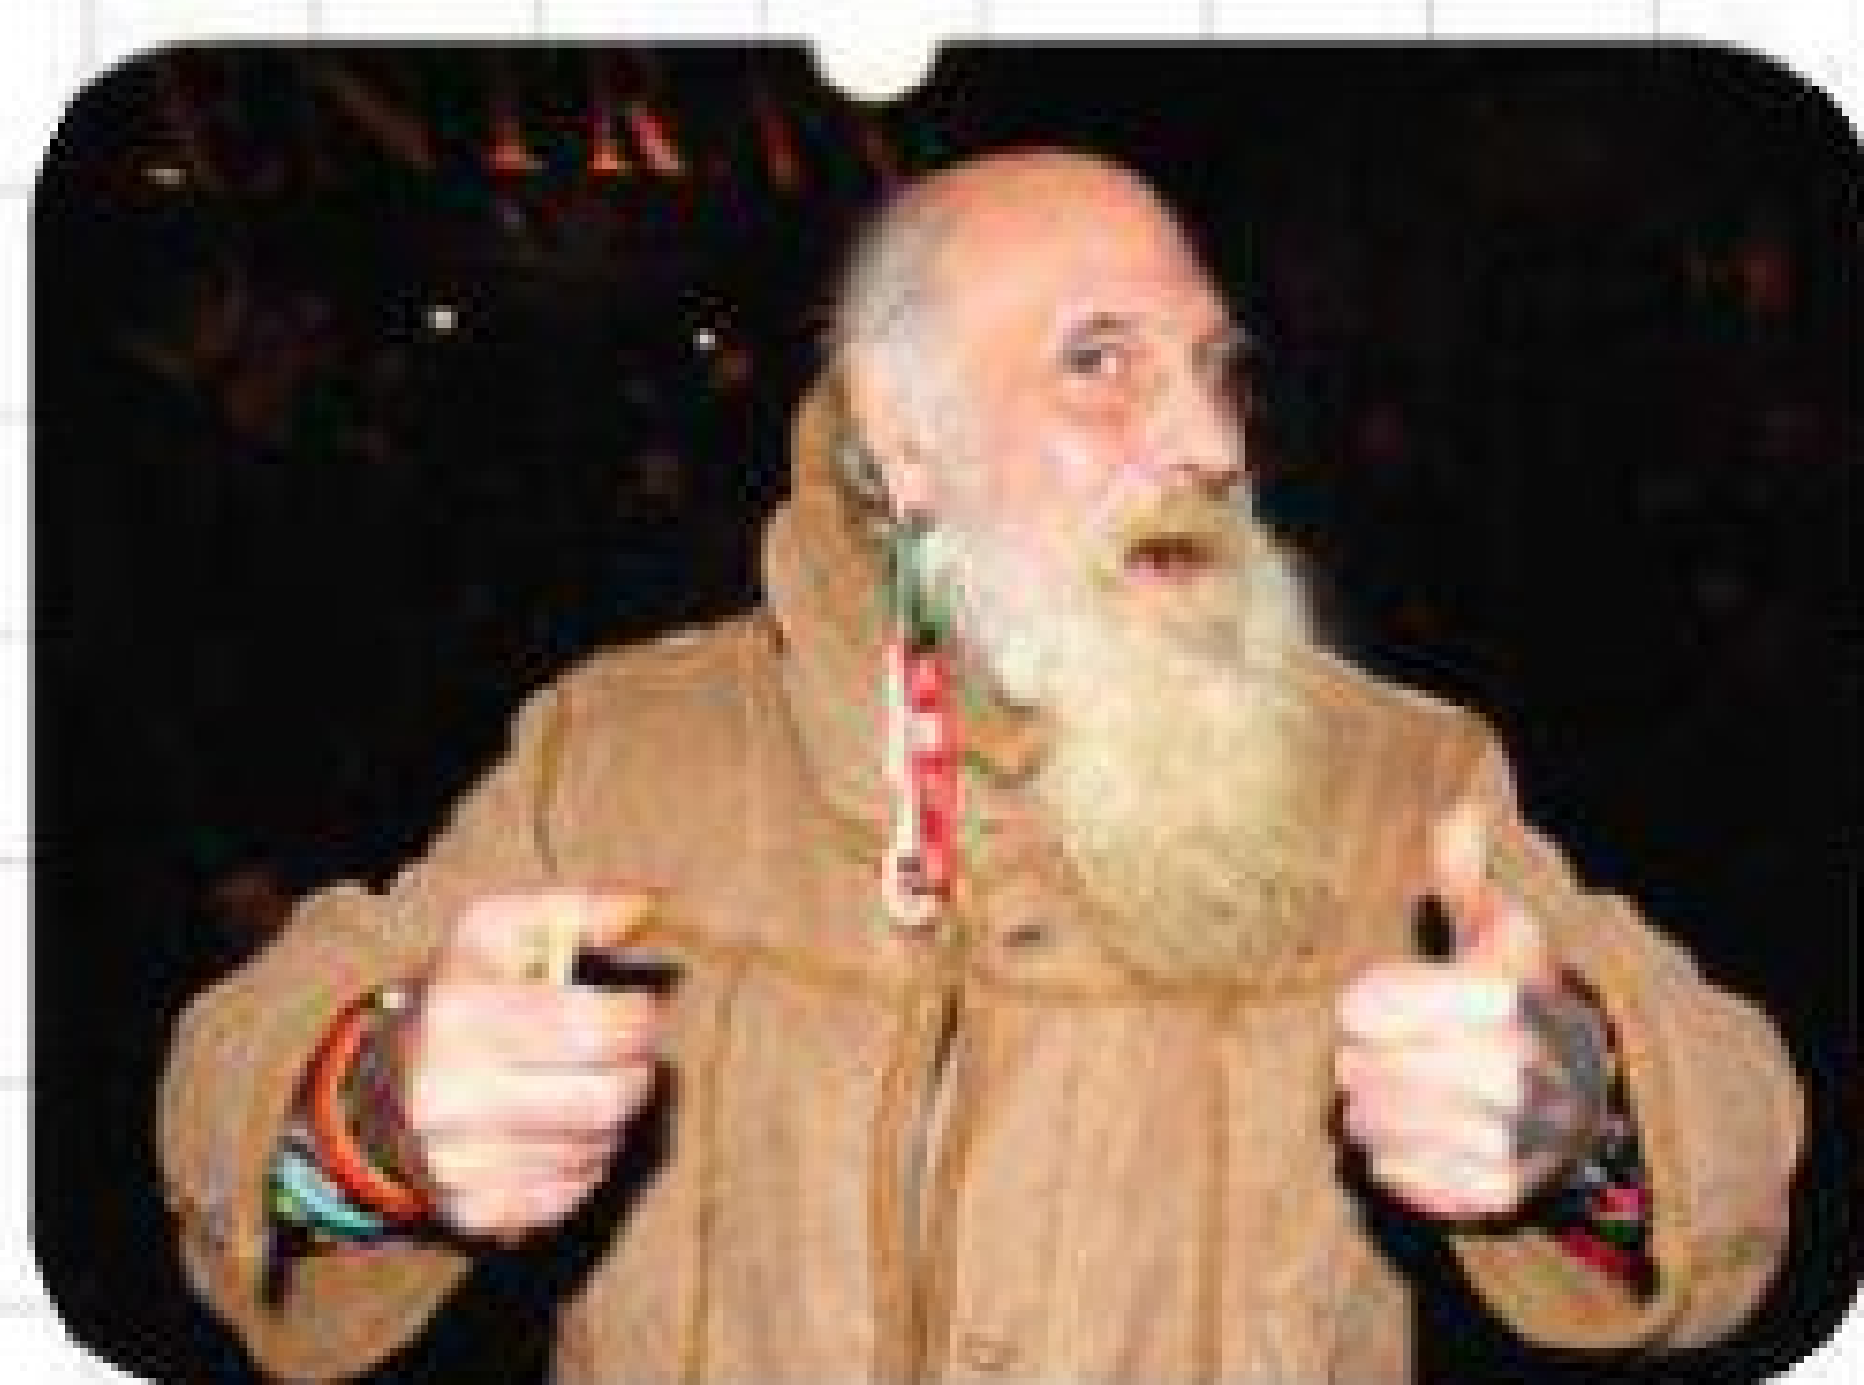

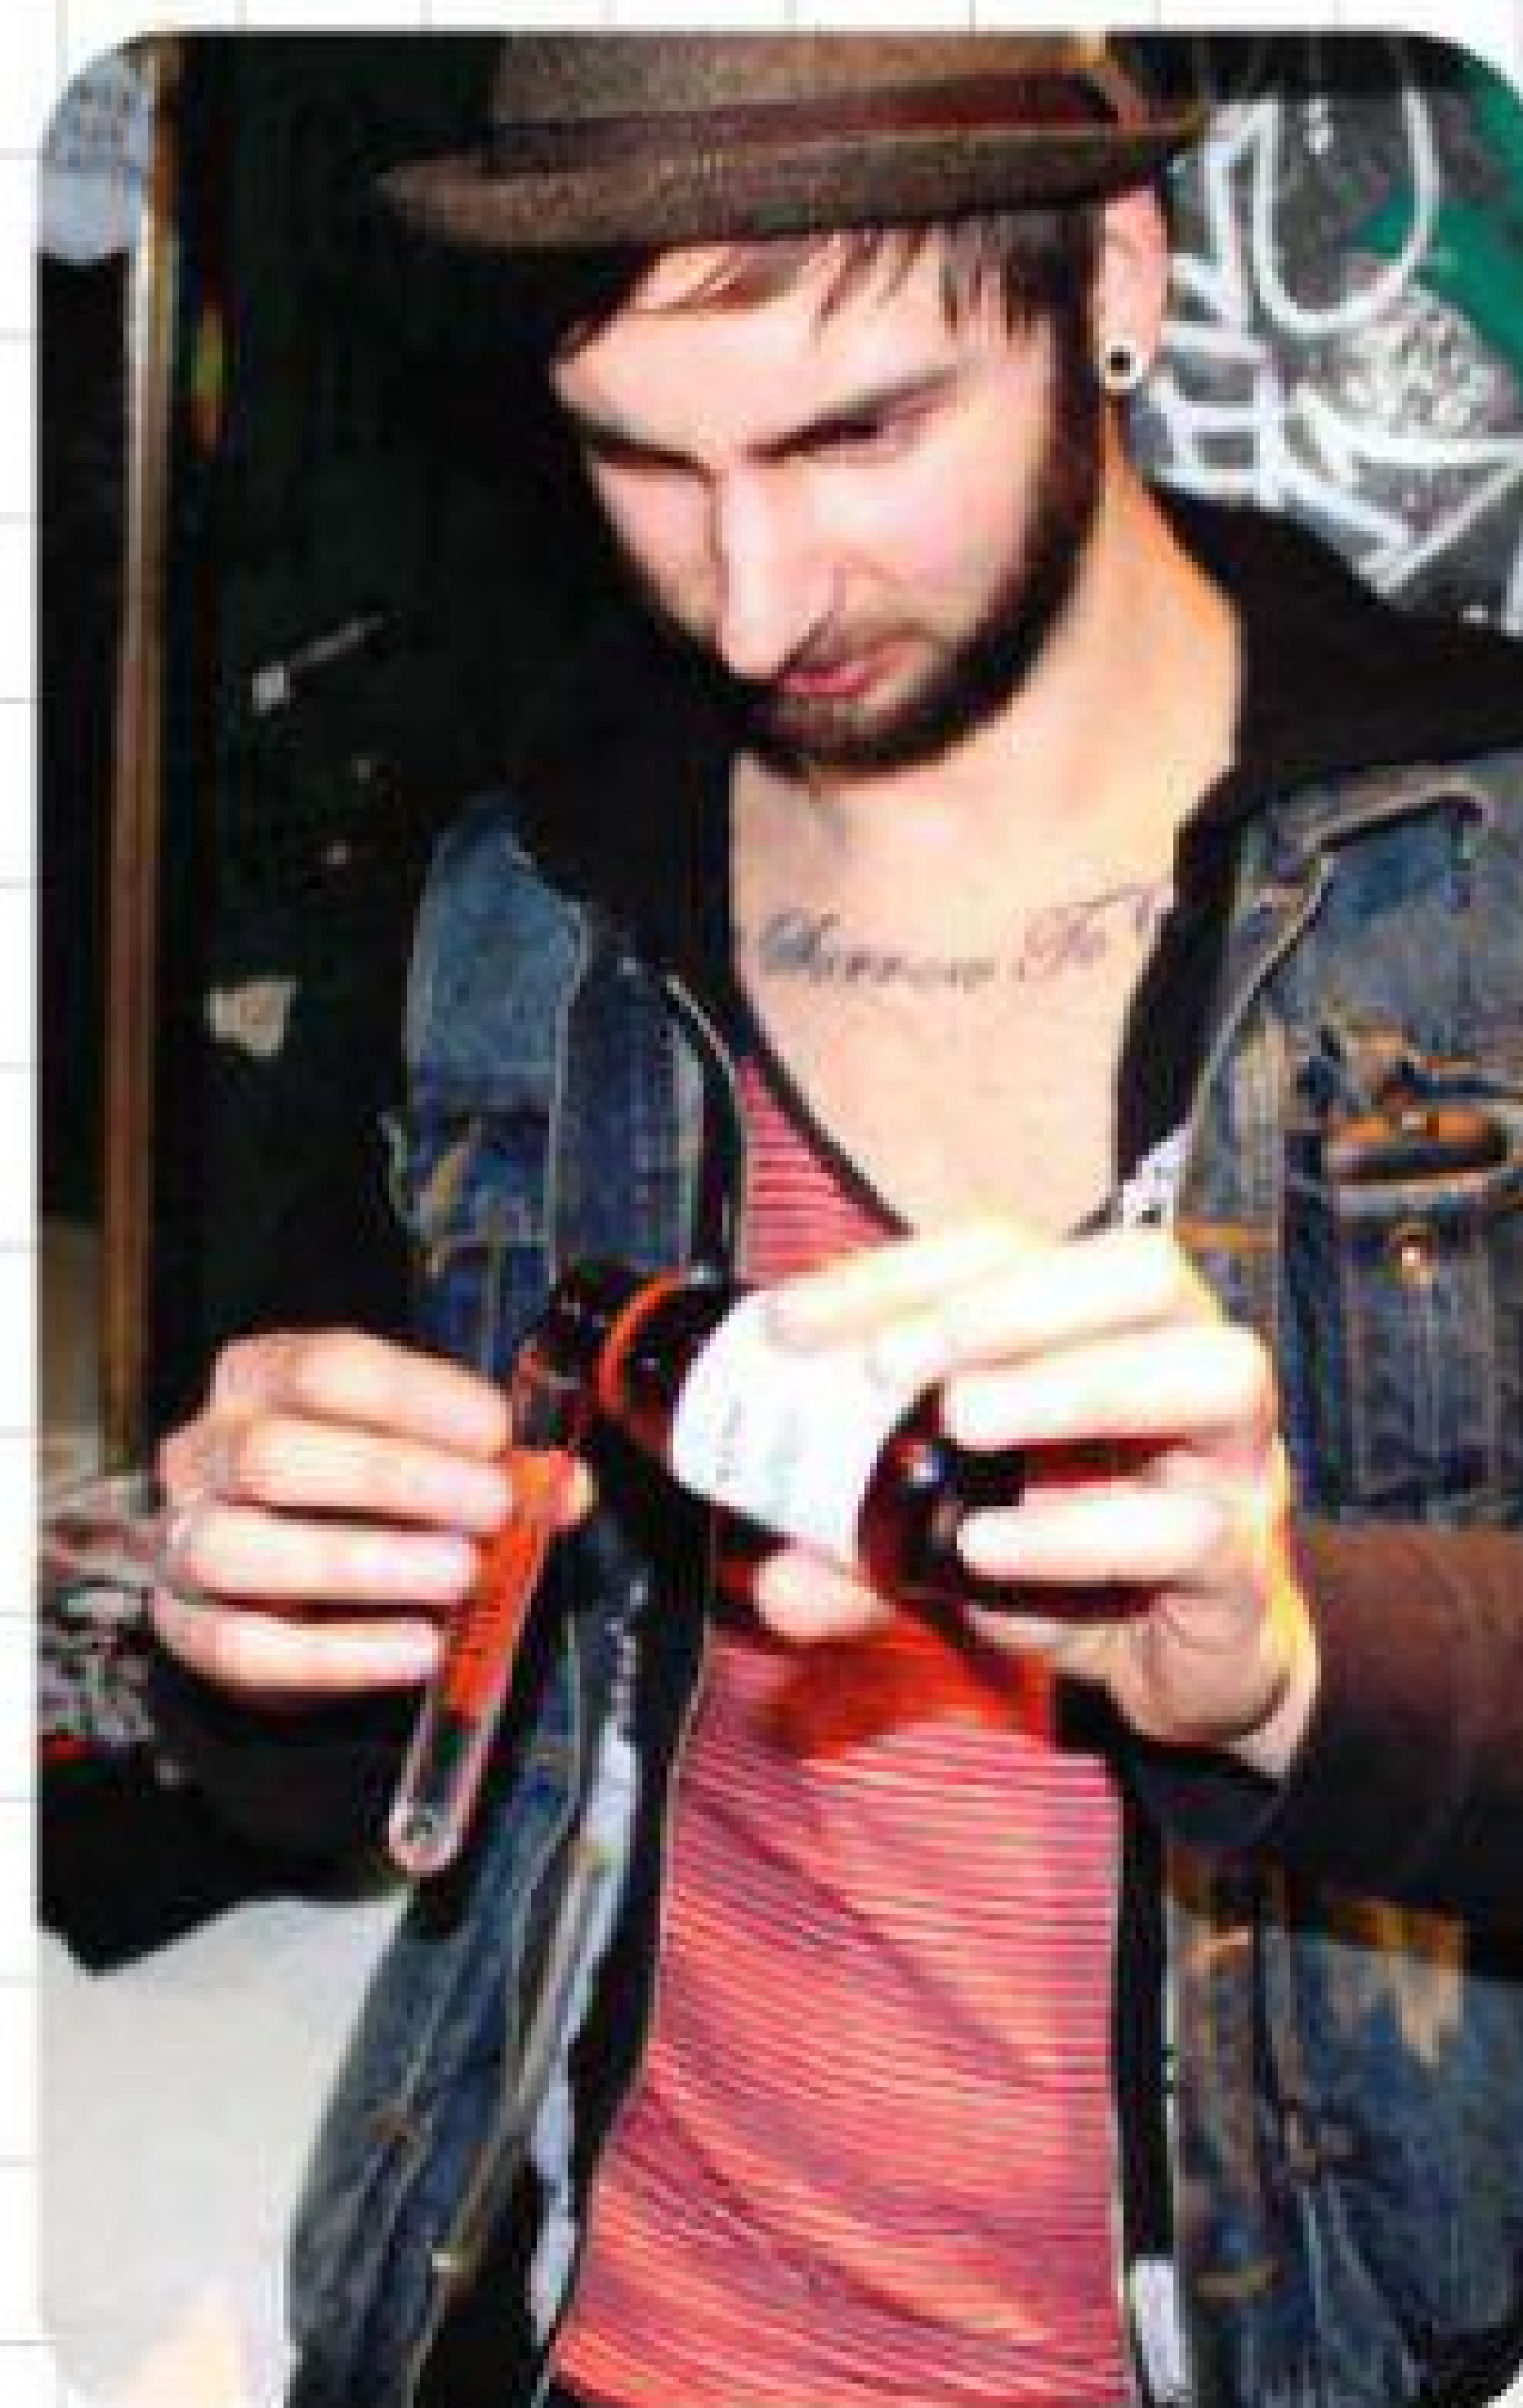

"Walker's Worcester sauce, prawn cocktail and tomato ketchup with Kripsy Kreme Dreamcakes FTW. From a life of touring service stations, we could talk to you about crisps and Krispy Kremes all day."

ENERGY DRINKS

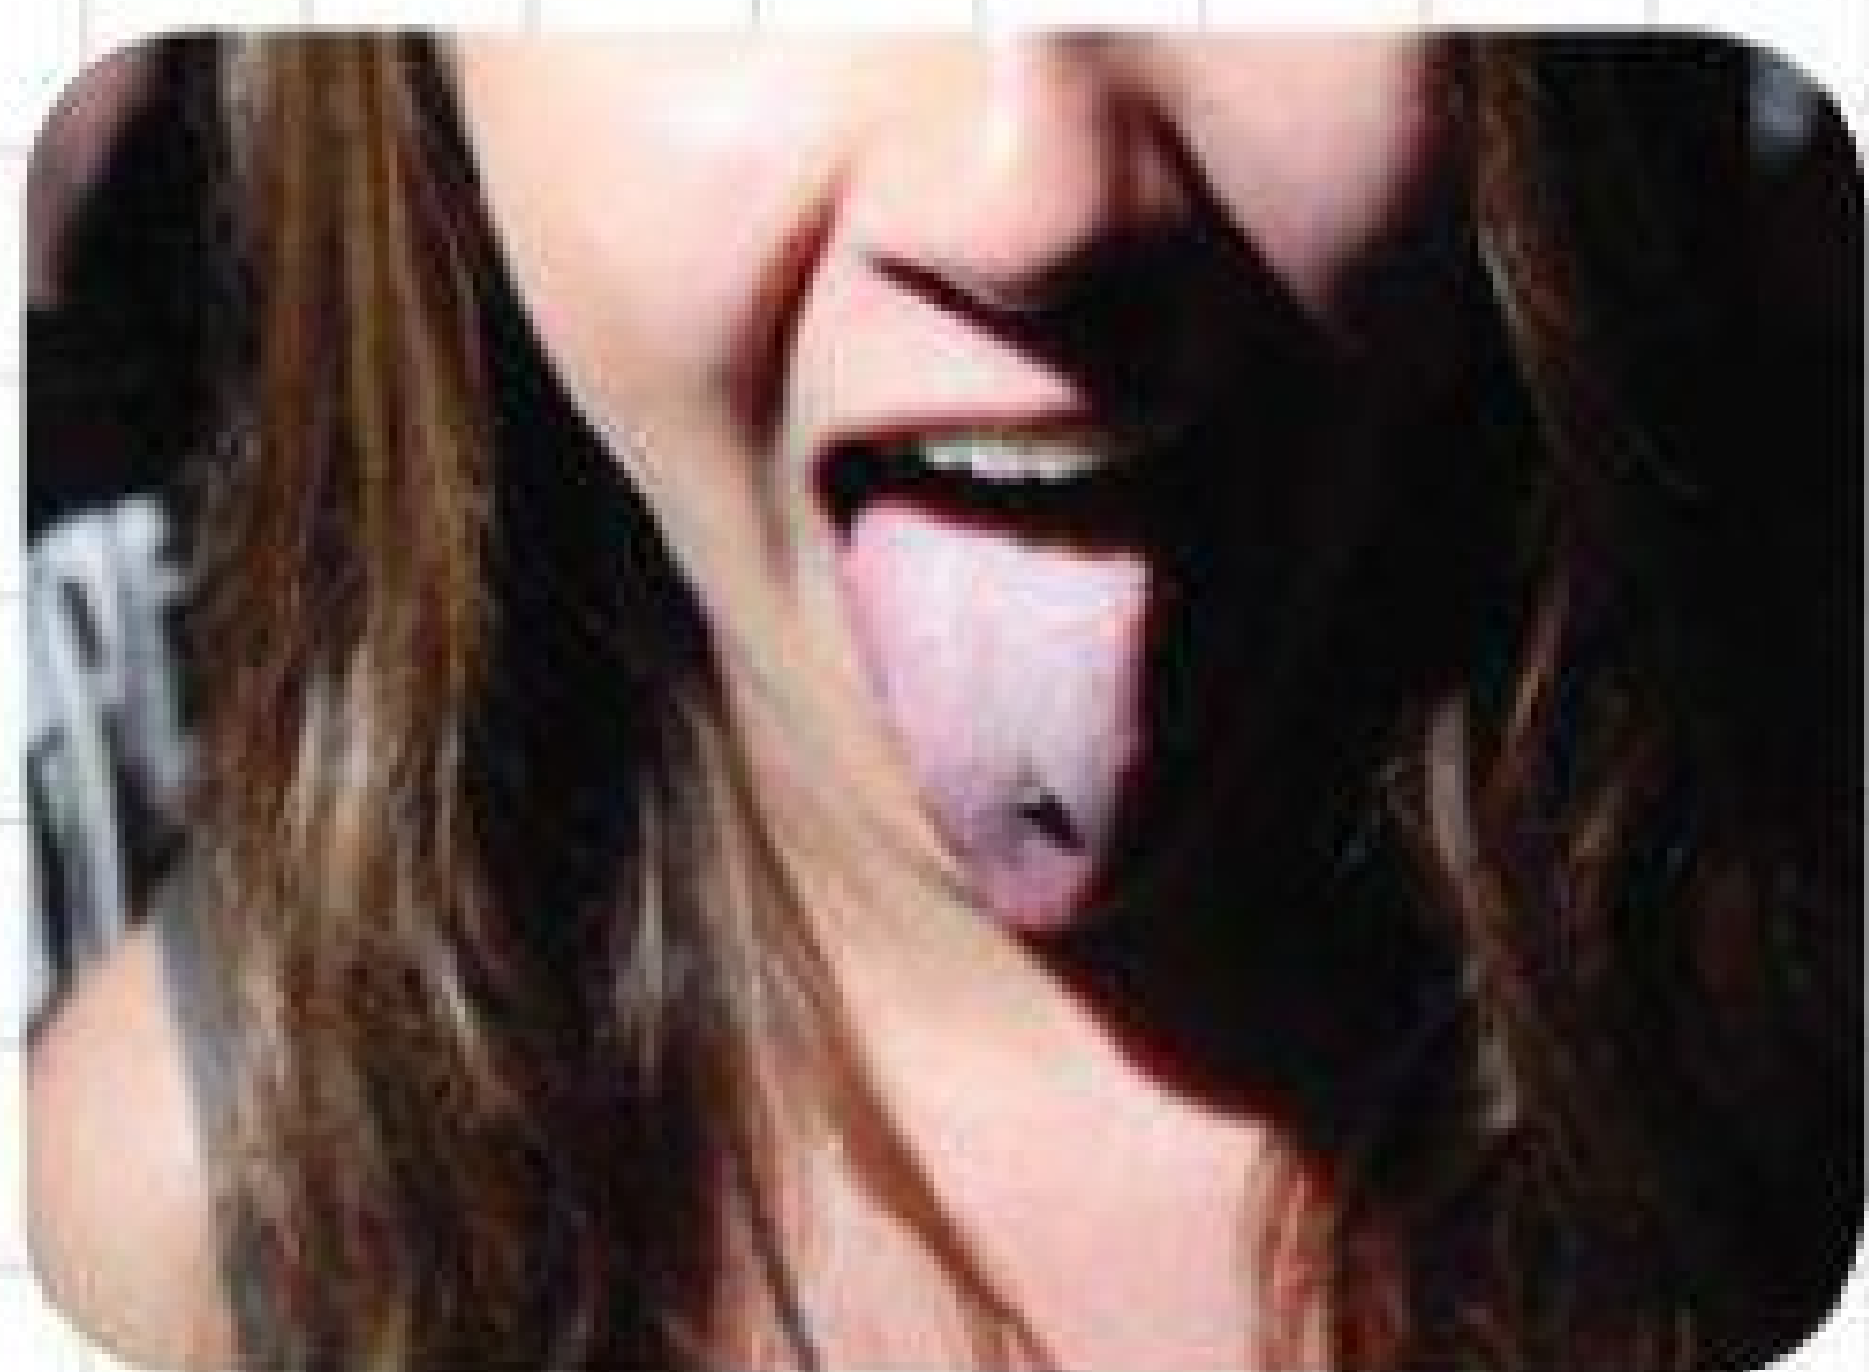

"Vital for movement. Fingers crossed, they'll be more body than bowel (a reference to Paul and a pant-shitting incident). Energy drinks are very important, or you can't move."

YODA

"This is our test to see what we can get away with. We got a Yoda once but it was the wrong one, it wasn't from the Star Wars era. We once got a print out of Yoda's face."

SPLASH YOUR CASH

BECAUSE SAVING IS FOR WANKERS

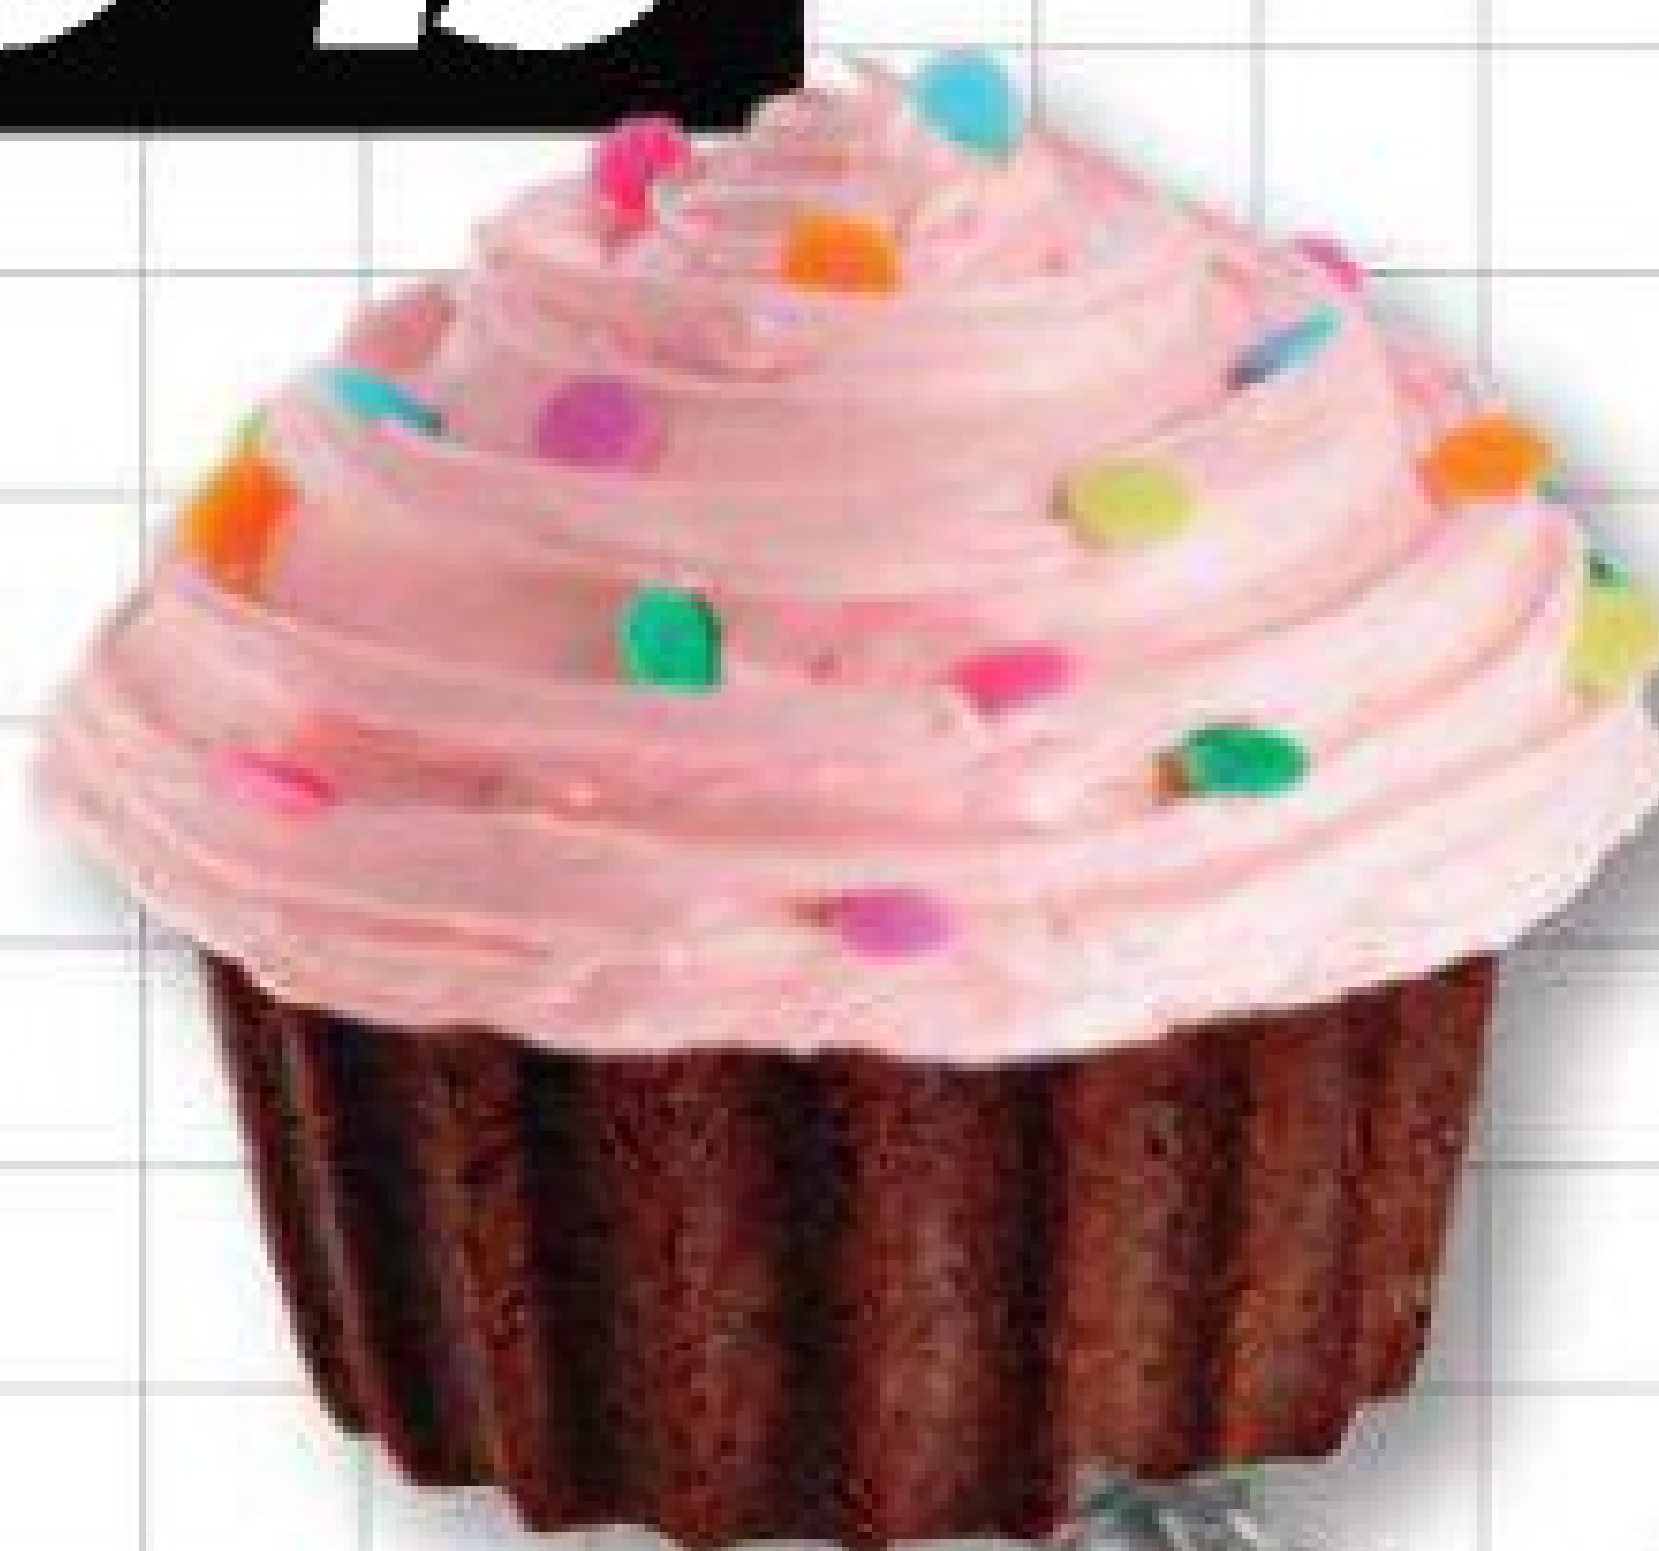

HIPSTER FLASK

Shake Junt Clubbin' It flask, £7.99, nativeskatestore.co.uk

GOOD: If carrying a hip-flask full of sneaky booze is making you feel like an alcoholic widower, US skate label Shake Junt has the answer: a hip-flask that looks like Lil Jon sneezed it up!

BAD: "Get buck" and "Shake junt" are exactly the kinds of slang that sound cool in a Yank accent, but completely, cringingly retarded if you're from Hampshire.

JUMBO YUM-YUM

Giant Cupcake Tin, £14.99, firebox.com

GOOD: Cupcakes are nice, but waaaay too small. And grabbing a whole plate of them and then diving behind the sofa to frantically shove them all down your cackling gullet isn't the done thing (apparently). Solution: bastard massive cupcake!

BAD: We'd have gone even bigger. Like, caravan-sized big.

CARD AS NAILS

CardXCore greeting cards, £20 (pack of ten), cardxcore.com

GOOD: A much-needed antidote to the shitbum Clintons efforts, CardXCore cards

feature rad-ass designs from the planet's toppest tattoo artists.

BAD: Need to tell your parents you got a tattoo of a topless zombie pirate lady across your chest? You know what to do.

666BOARDING

Witchcraft decks £45 each, witchcrafthardware.com

GOOD: UK skate crew Witchcraft are serving up the most beautifully crafted and trouser-browningly unnerving decks out there right now. Give us the heebie-fucking-jeebies, they do.

BAD: Skate on one of these and God might fix it for you to clonk into a paving slab and break all your face-bones.

3D + HD = OMFG

Sony HDRTD10ESDI 3-D Handycam, £1,399, amazon.co.uk

GOOD: HD 3D camcorders are here! Compatible with those 3D TVs that make your eyes go all twizzy in Dixons, now you can see your pals in three dimensions! Yes, you can do that anyway – but

now they'll be inside your telly!

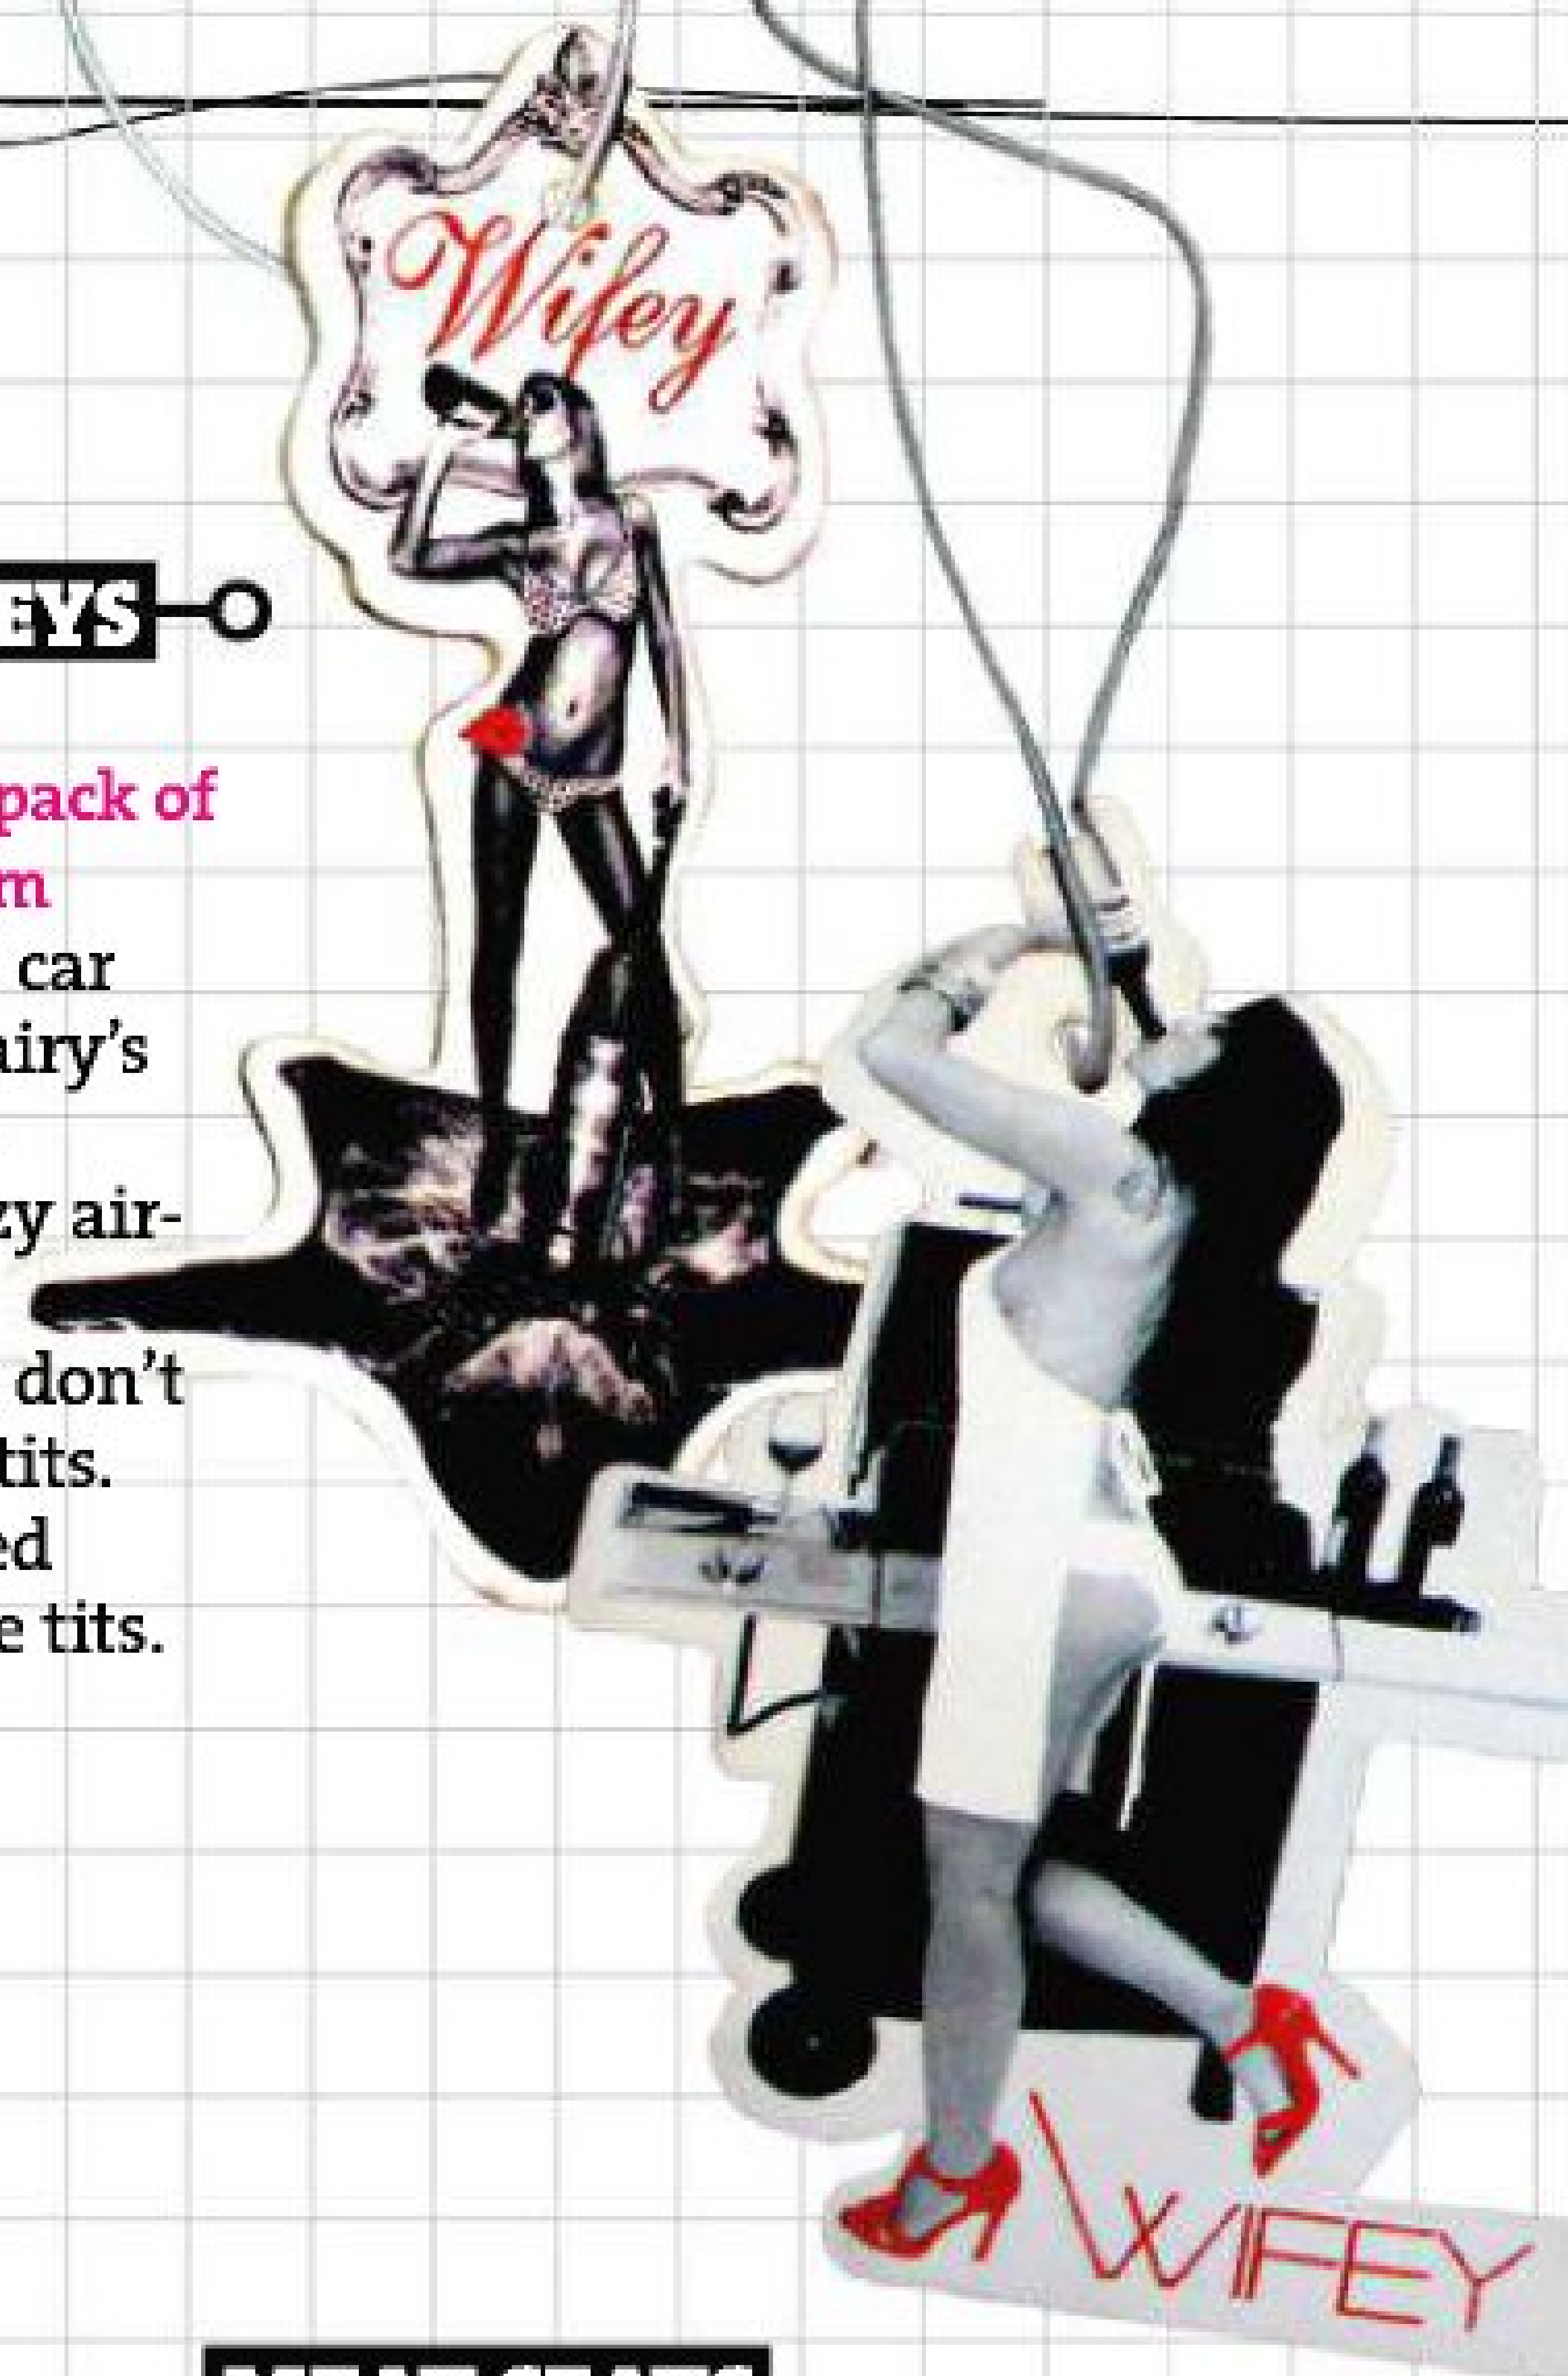

BAD: Not exactly cheap. Give it about six months, though, and Lidl will be flogging 3D camcorders, three for a fiver, next to the giant onions.

WHIFFY WIFEYS

T.I.T.S. Wifey air fresheners, £1.90 (pack of three), shoptits.com

GOOD: Keep your car as fragrant as a fairy's flowery fart with these rude'n'boozy air-fresheners.

BAD: Sadly, these don't actually smell of tits. We kind of wanted them to smell like tits.

MEAT SEATS

Sweet Meats cushions, from £37.50, sweet-meats.com

GOOD: Cushions are well comfy, but not at all delicious. Meat is well delicious, but not at all comfy. You can probably see where this is going...

BAD: It doesn't really work the other way round: we made a burger out of an old pillow and, frankly readers, it tasted like a fat tramp's cheesy ballbag.

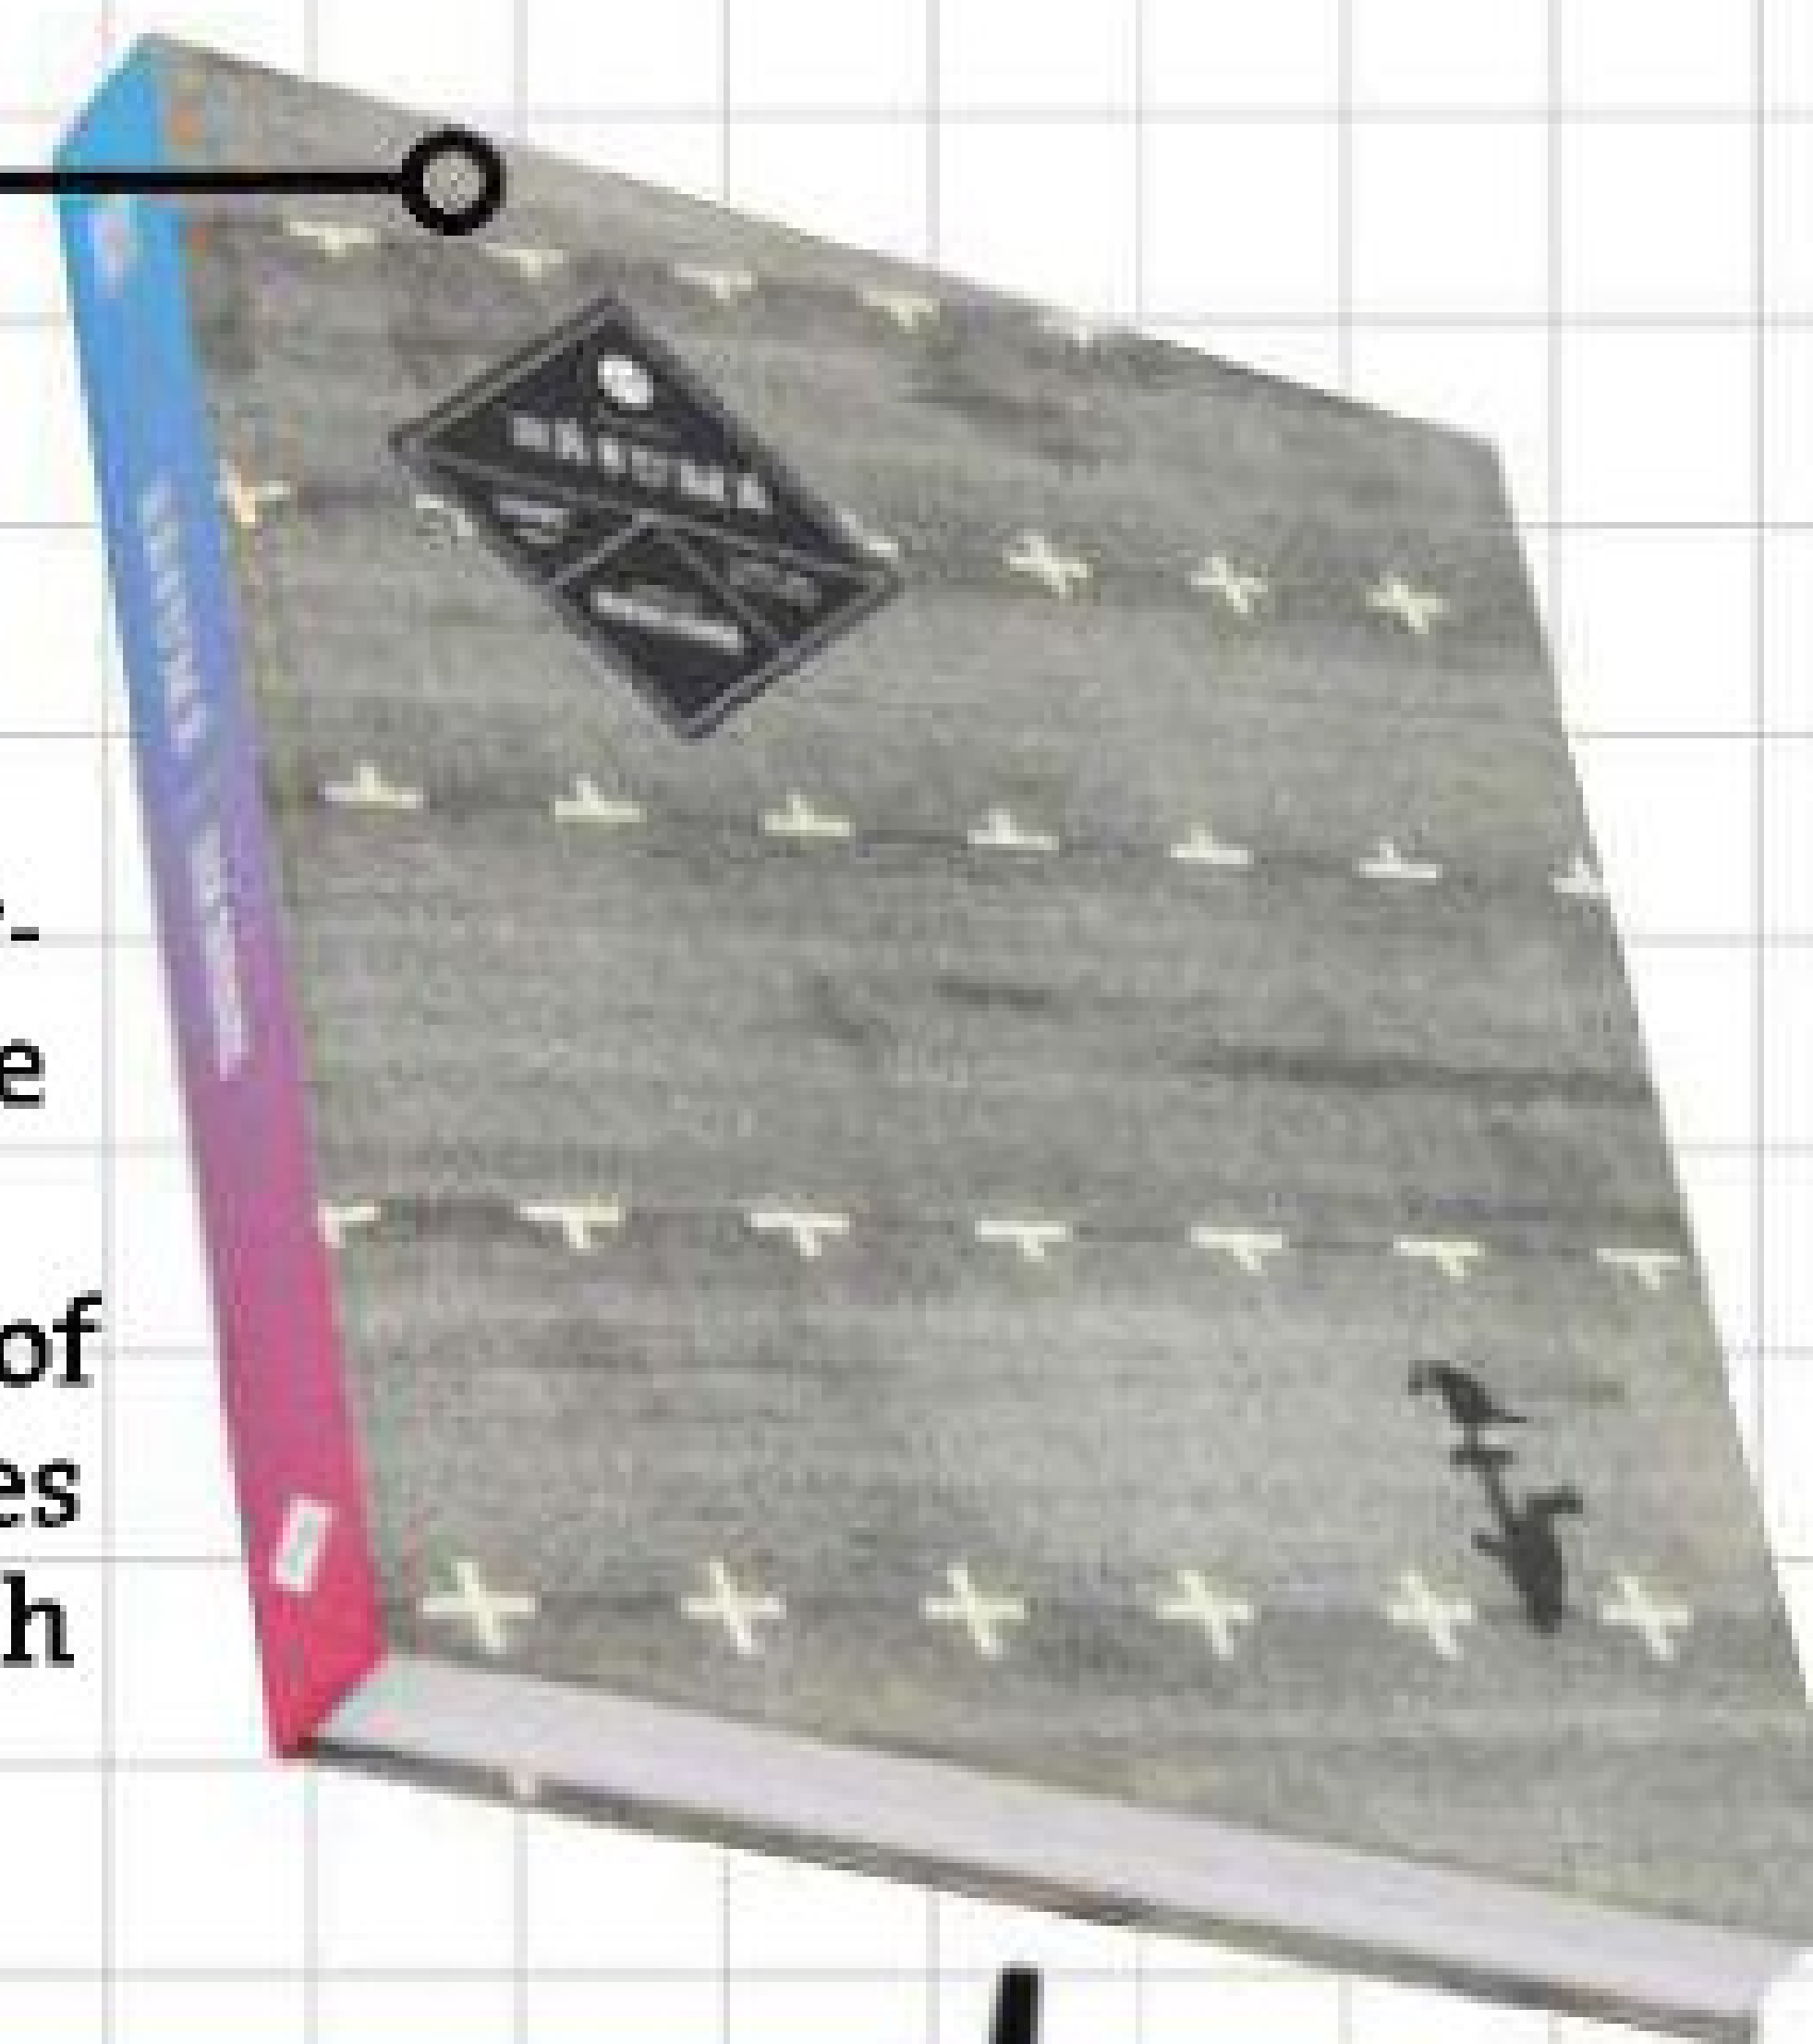

PLANCHE À ROULETTES

Cliché: The Résumé Book, £19.99, routeone.co.uk

GOOD: A collection of jaw-dropping photos from French skate label Cliché, featuring four-wheeled nutters pulling off some highly awesome shit.

BAD: Sadly, there are no images of men in stripy tops with baguettes under their arms skating beneath the Eiffel Tower.

SNOWTUNES

Philips X O'Neill headphones, from £59.95, oneill.com

GOOD: Snow/surf veterans O'Neill have teamed up with the labcoat-wearing spods at Philips to create a range of headphones for OmG eXtreem spoRtzz enthusiasts. Now your ears can look awesome as you carve up the slopes to the latest Bieber jointz'n'jamz.

BAD: These are probably more suited to snowboarding than surfing, to be honest, unless you plan on securing them to your head with a roll of gaffer tape and some staples.

WTF?

RAINING BLOOD

Samurai Umbrella, £19.99, firebox.com

GOOD: Want to stay dry? Want to look like a cool samurai? Want to get yourself shot outside Boots by a police armed-response unit? All these things can be yours, for less than £20!

BAD: What if a real-life samurai asks you outside for a fight, and you go and pull a titting broly out instead of a sword? You'll get your blummin' head chopped off, and you'll deserve it.

DRINKING GAME

The Extreme Version

Prince Philip blurts out a hideous racist slur in front of an audience of billions: down a can of Skol in one go and crush it on your head.

A corgi does a shit and Elton John slips in it, dislodging his wig: do a bulging-cheeks mouthful of gin.

Mohammed Al-Fayed pops up halfway through the ceremony to perform an impromptu freestyle rap about blowjobs: mix orange barley water with meths.

The whole thing turns out to be an elaborate joke perpetrated by Ashton Kutcher: twenty-three Jagerbombs.

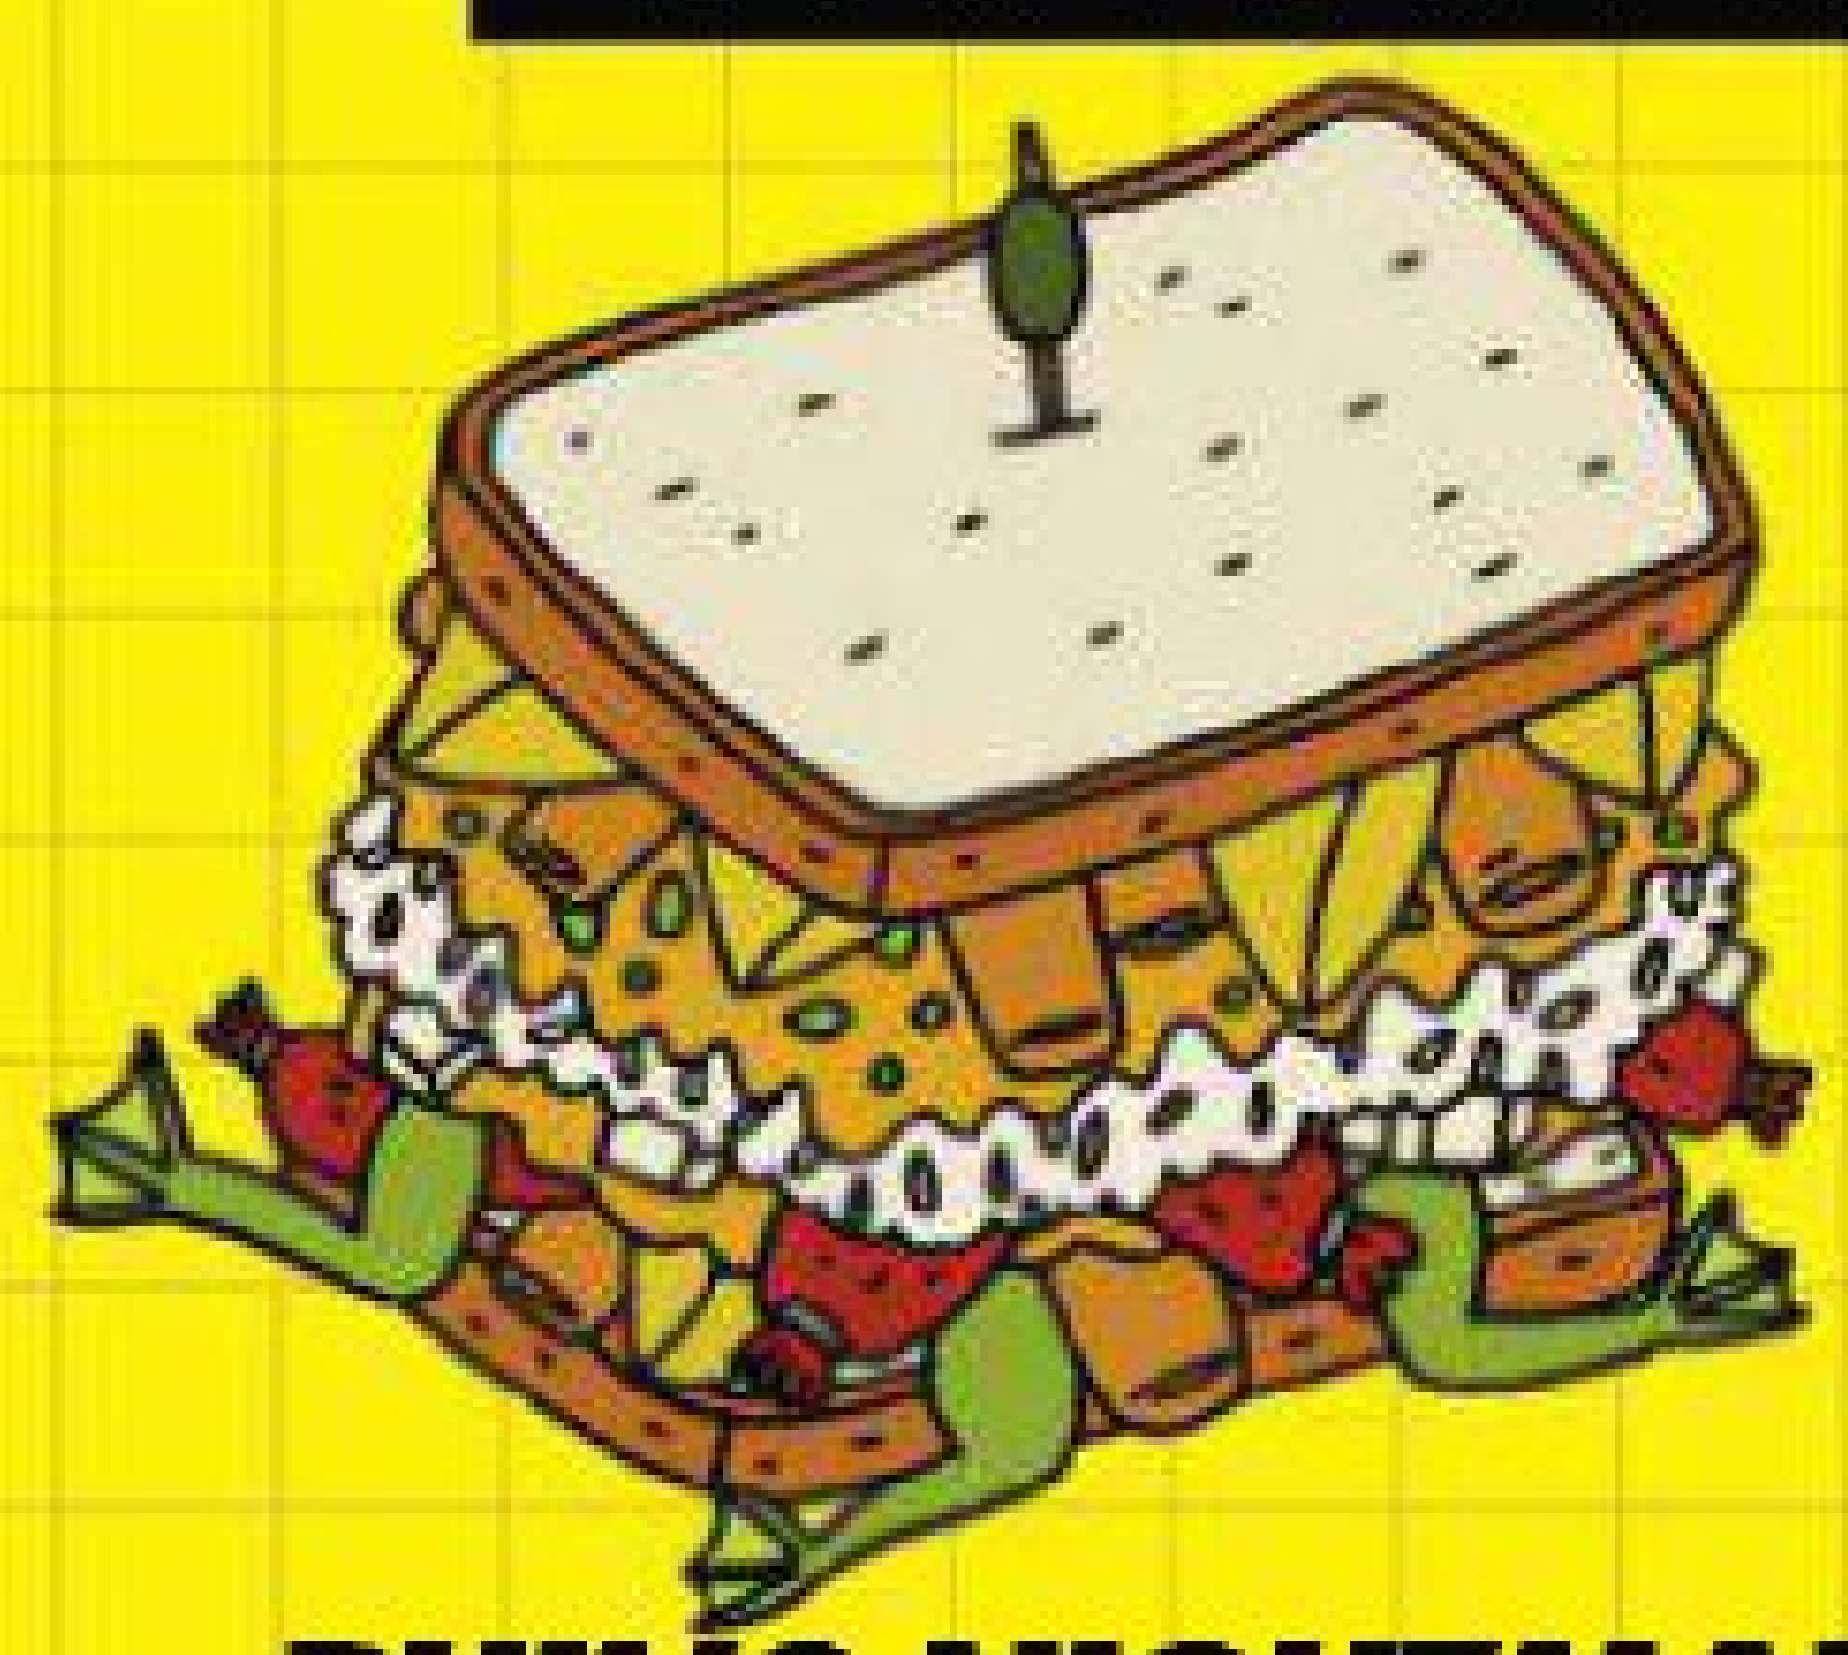

Kate Middleton pours a bucket of water on her chest, causing her dress to go all see-through as it clings to her body: nine blue WKDs.

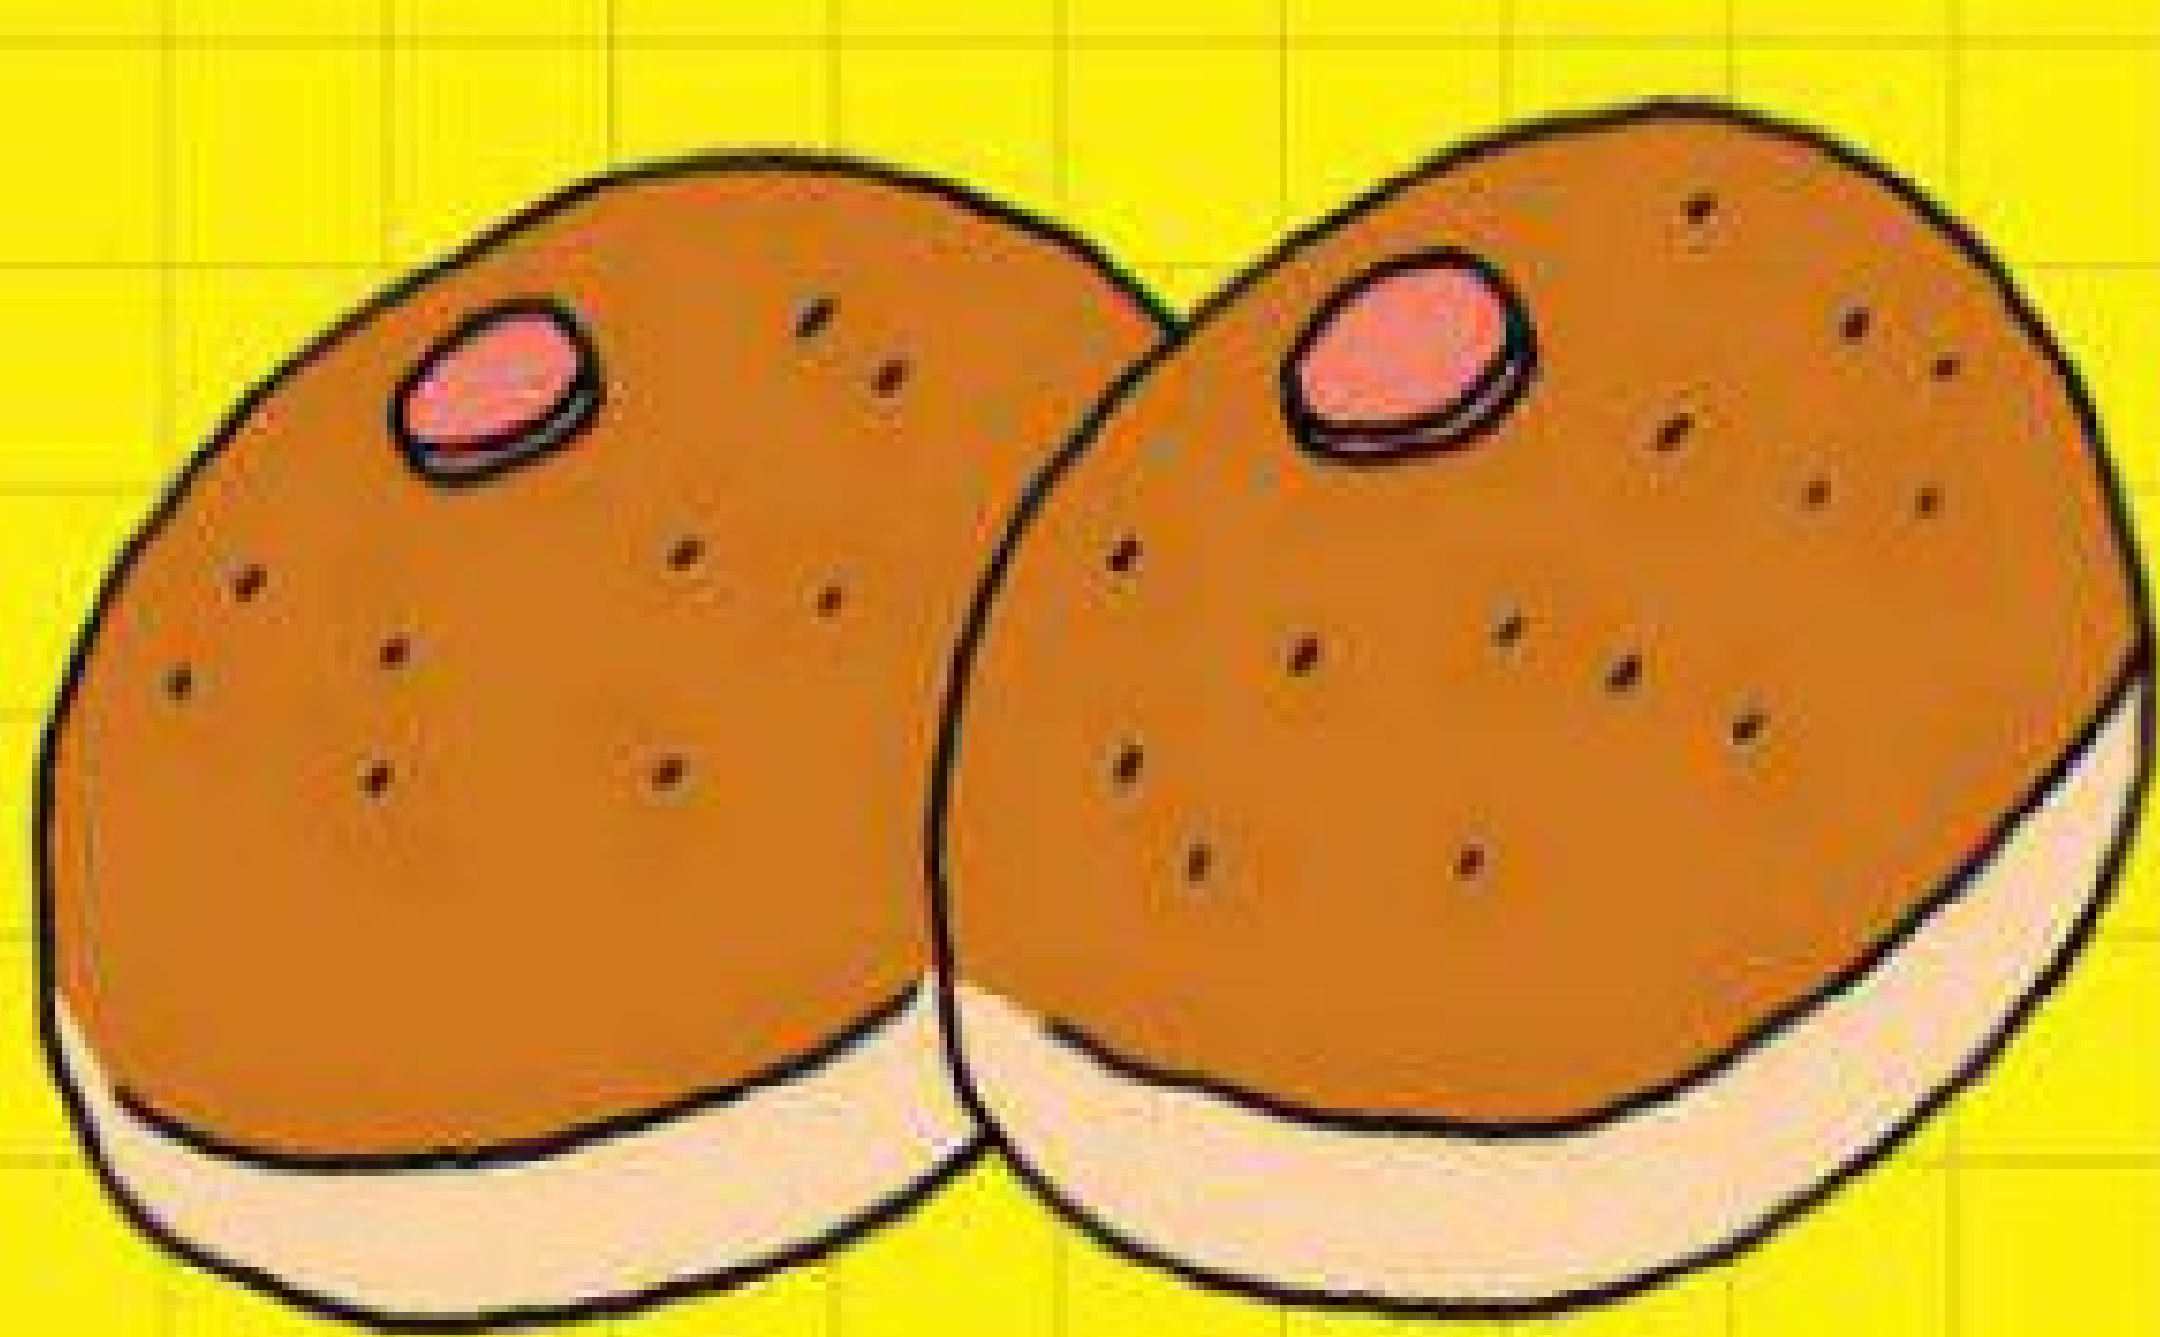

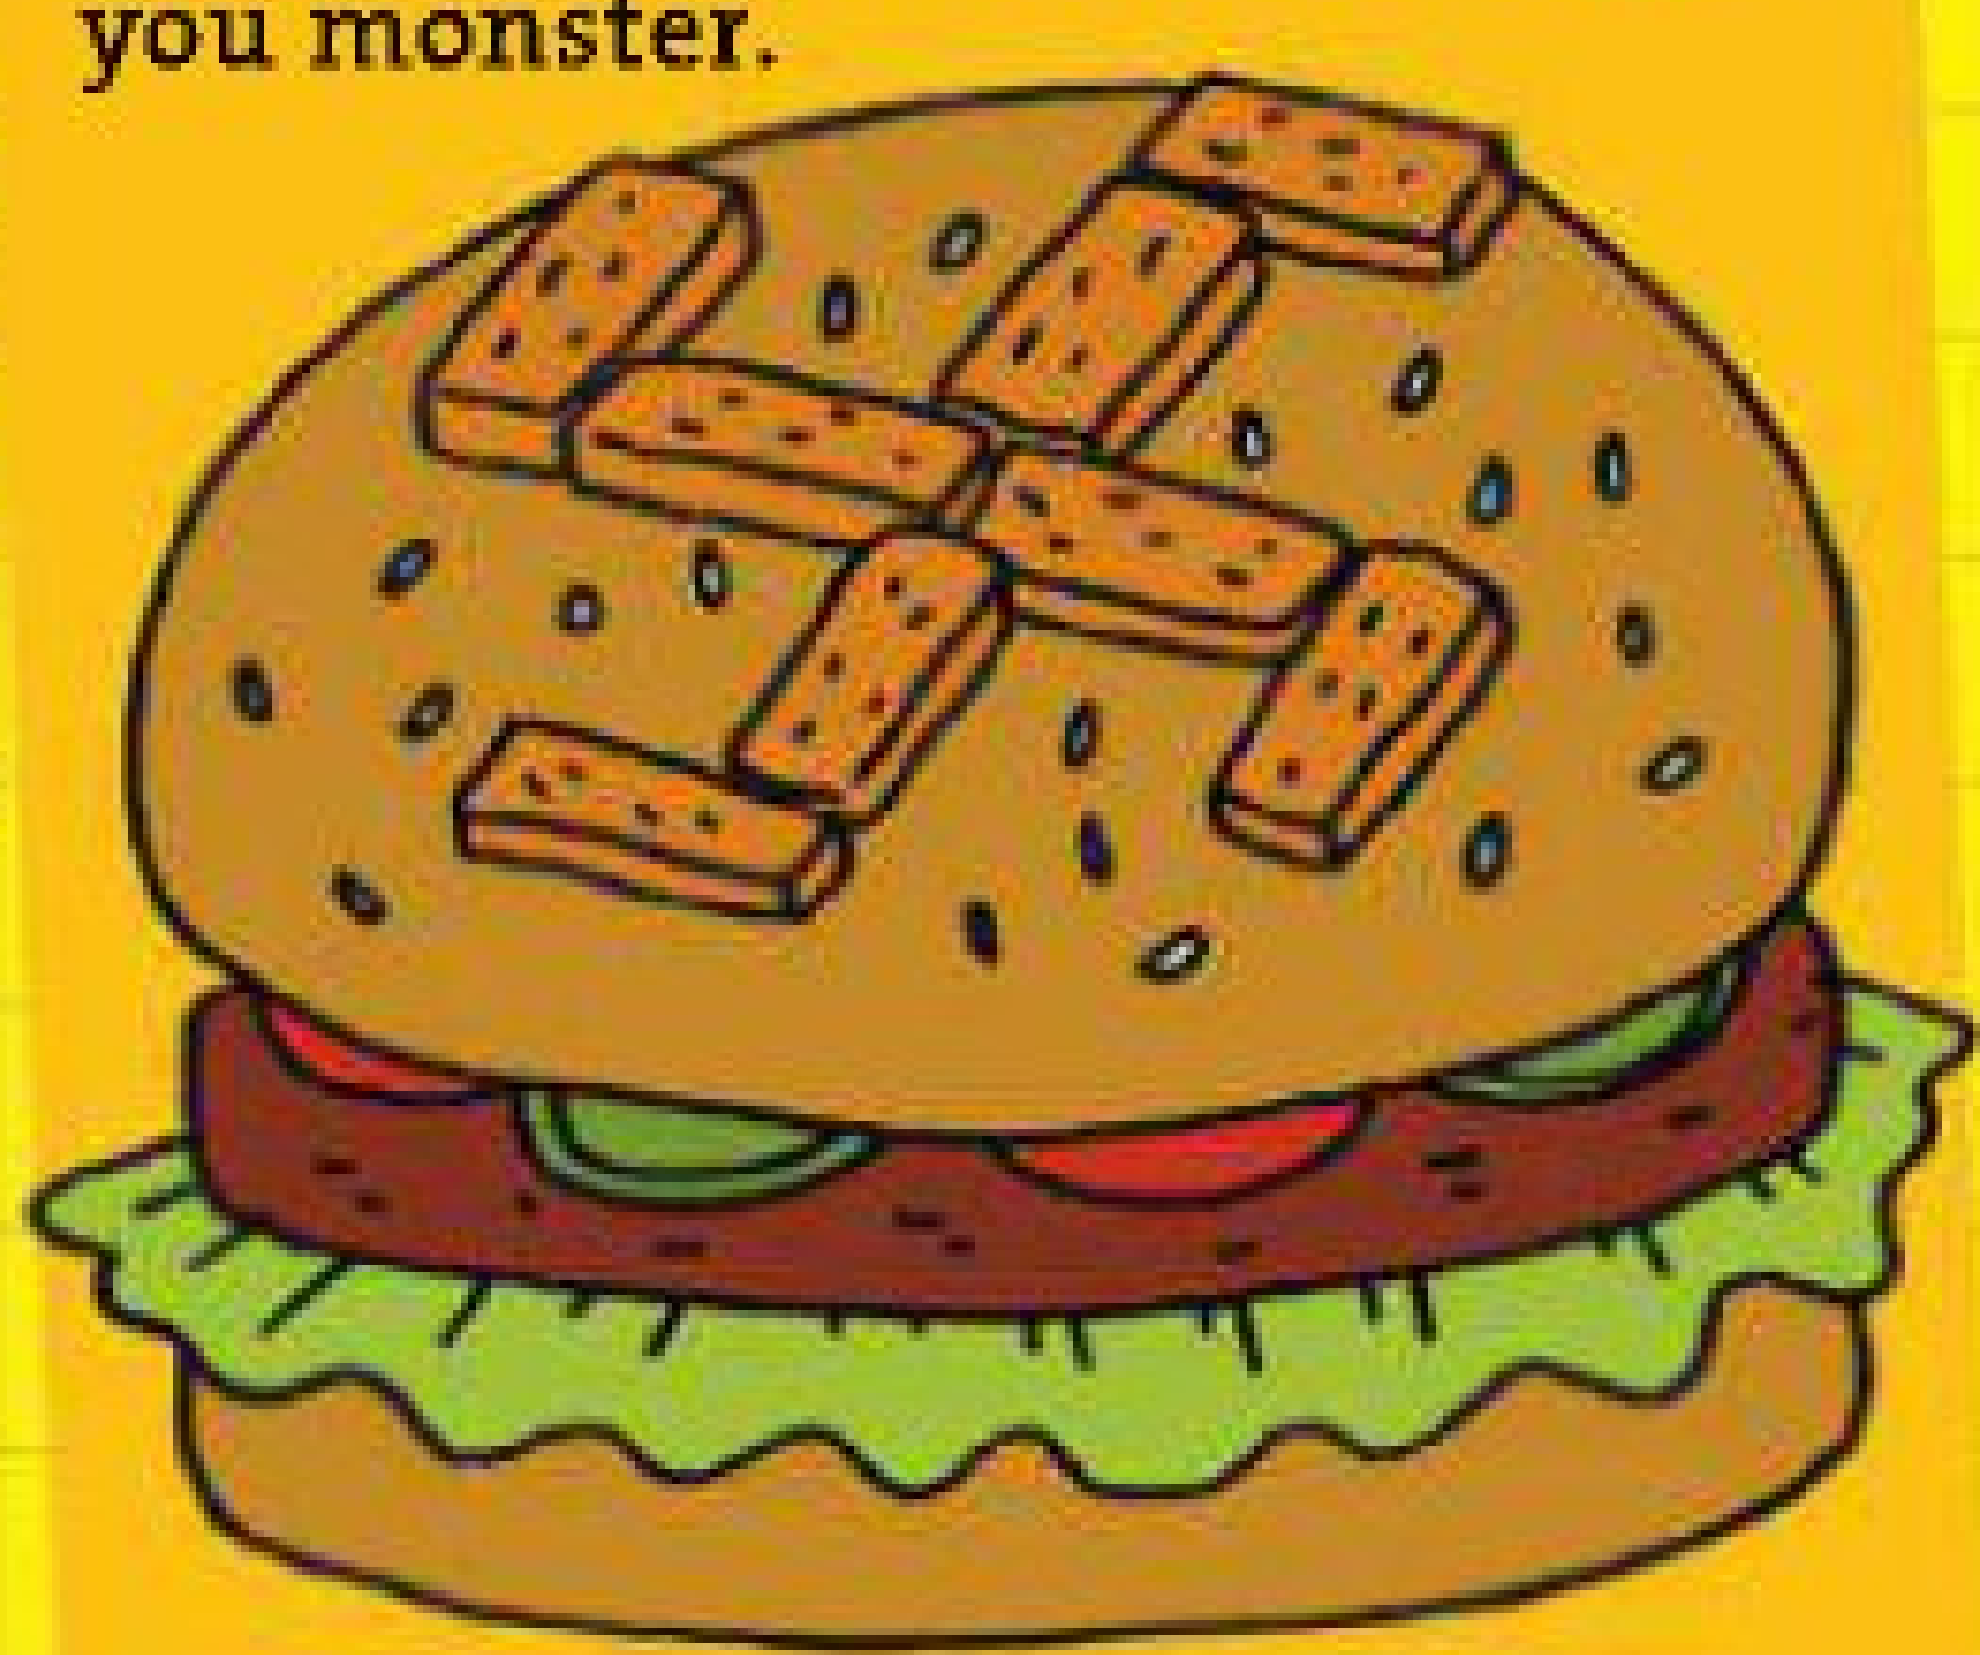

Prince Harry turns up late, really pissed, dressed as a Nazi: an entire bottle of very cheap wine.

PATRIOTIC PISSED-UP SANDWICHES

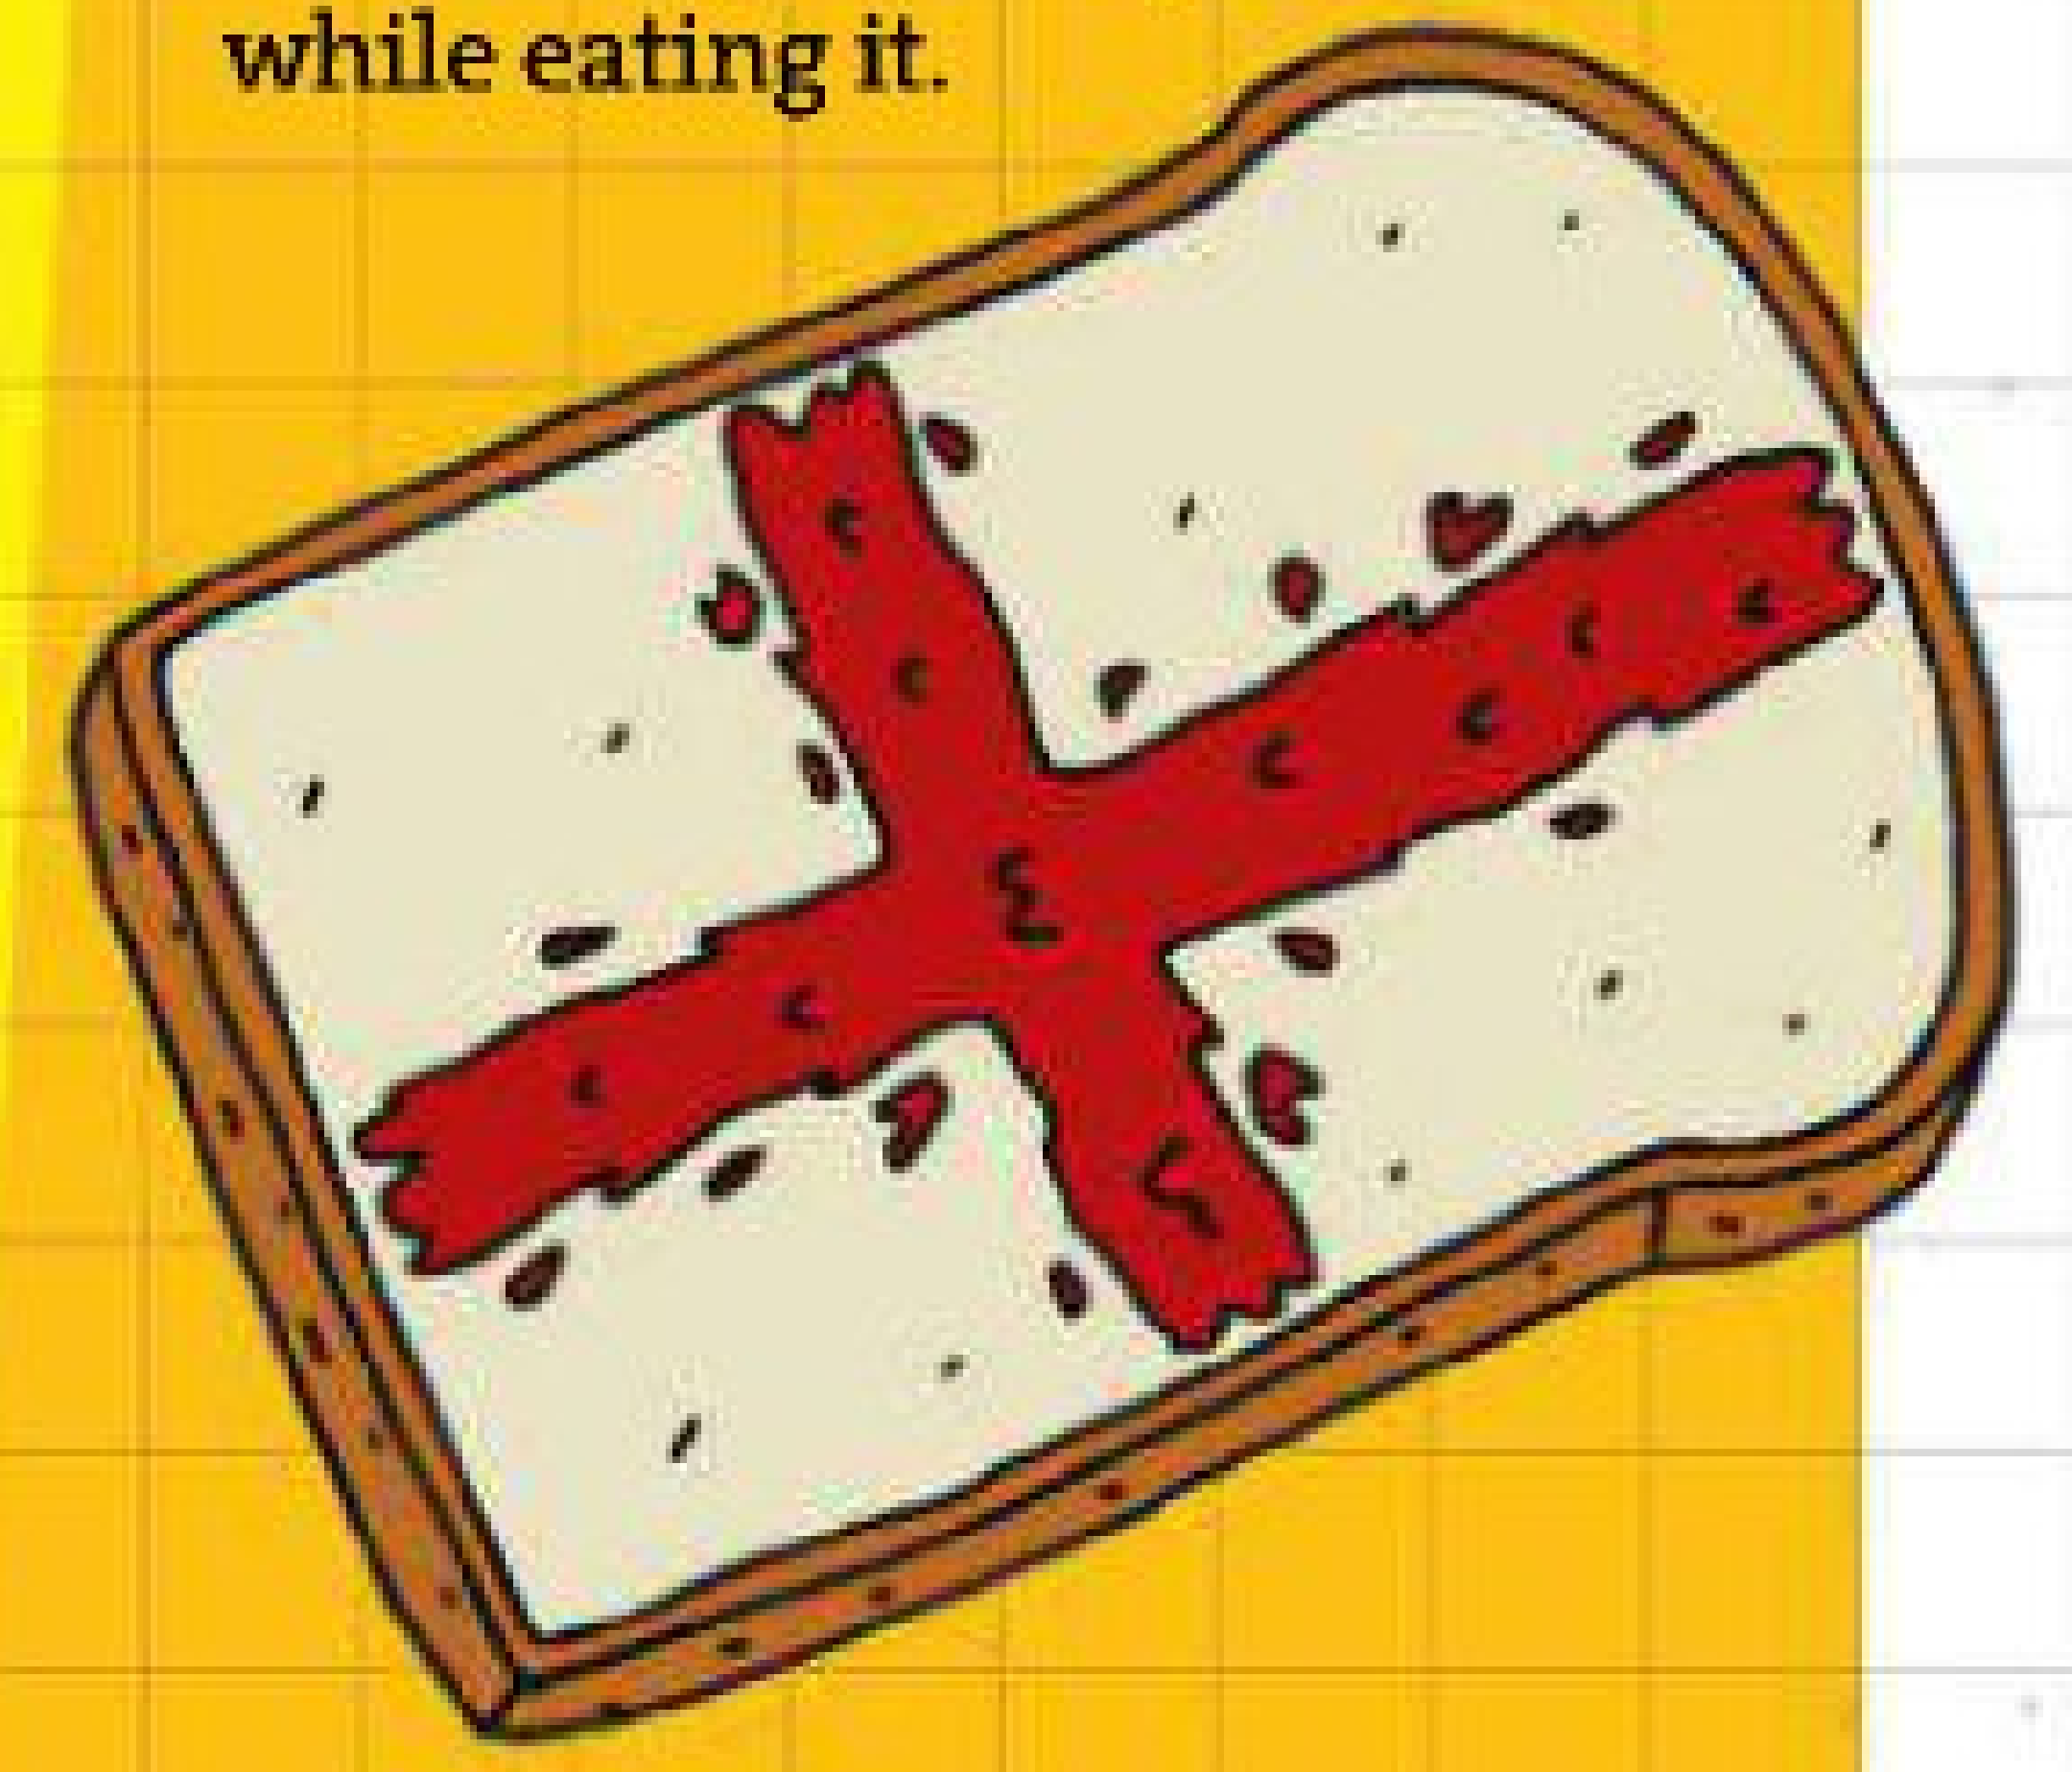

PHIL'S NIGHTMARE
INGREDIENTS: Curry sauce, wasabi, spaghetti, feta, couscous.
 Celebrate multiculturalism – Prince Philip's least-favourite thing – by shoving countless foreign ingredients into one sandwich.

PRINCE HARRY'S FAVOURITE
INGREDIENTS: Fish fingers, a beefburger.
 Arrange the fish fingers into a swastika on top of the burger, then eat it really quickly before anyone sees what you've done, you monster.

KATE MIDDLETON'S TIT BUNS
INGREDIENTS: Bread rolls, ham.
 Celebrate the fact we might one day have an actual fit Queen by making nipples out of little circles of ham and putting them on top of baps.

THE ST GEORGE'S SARNIE
INGREDIENTS: White bread, ketchup.
 Paint an inch-thick cross in the centre of a piece of white bread using ketchup. Salute while eating it.

THE ROYAL THRONE

Make the cistern into a delicately patriotic display using light pink toilet paper. It'll look wonderful, just wonderful.

Write the words to Rule Britannia on the toilet roll for DIY karaoke fun.

Sellotape a picture of lovely Kate Middleton to the flush handle. you can kiss her while you poo!

SEND US YOUR ROYAL THRONE PICS

Keep your passport, and those of your loved ones, around for some patriotic reading.

Turn your toilet brush upside down and fit it with a small jacket. Hey presto, you have a model of a Horse Guard.

TASTE TEST: AUSTRALIAN BOOZES

FRONT VISITS A FUCKING EXPENSIVE AUSTRALIAN SHOP FOR BOOZE PURPOSES – WHICH IS BEST, COBBERS?

	CLASSINESS	AUSTRALIAN PERSON TO SEND A DRUNKEN SEX-TEXT TO	FUN FACT	TASTE RATING
LITTLE CREATURES PALE ALE 5.2% ABV, 330ML 1.7 UNITS £2.95 £1.74 / UNIT	Has a little picture of Cupid on the front, but Cupid holding a beer. An admirable appeal to the romantic beer bellies out there, if such a thing exists.		The name 'Little Creatures' was inspired by the Talking Heads' album of the same name, which is pretty rock star.	WINNER 4/5 "This is delicious. It tastes like varnished balsa wood, and smells like fruity tea. It's brilliant." RATING: Delicious, interesting, an all-round winner.
VICTORIA BITTER 4.6% ABV, 375ML 1.7 UNITS £2.20 £1.29 / UNIT	It's lean, it's green, it shares its name with a Queen.		This is Australia's most popular beer and sells the equivalent of one slab every second. A slab is a 'crate' in normal talk, innit.	3/5 "This tastes robust, like the piss of a really strong Australian, like Russell Crowe or someone." RATING: Classic can't-go-wrong down under booze
JAMES BOAG'S 5.0% ABV, 375ML 1.9 UNITS £2.60 £1.37 / UNIT	The logo has a well pretty picture of some water as well as five stars – this smacks of greatness.		The founder of the Boag's Brewery was actually from Scotland. James Boag (crazy name, crazy guy) moved down under in 1853.	2/5 "This is bland as fuck. It tastes invisible. Is it not invisible?" RATING: Intriguing but ultimately disappointing, like seeing a man with long hair from behind and thinking he's a lady.
TOOHEYS EXTRA DRY 5.0% ABV, 345ML £2.00 £0.67/unit	There's an air of cheapness to the label, sort of like it was designed in Microsoft Paint.		Commonly known as TED, the company are known for their weird-ass adverts on the tellybox. Those crazy Aussies!	2/5 "This makes me think of a roomful of people pretending to enjoy themselves. It's like someone else's mouth sick." RATING: If this drink was a boomerang, you wouldn't want it back.

FRONT GRUB NO. 28: THE SCOTCH EASTER EGG

WORKIE CHALLENGE

**WE FORCE YOUNG HOPEFULS TO
COMPLETE EVIL TASKS. THIS MONTH...
GO ON THE GRAN-PAGE**

Before: fit

After:
not quite as
fit, really...

Jess undertakes her terrifying transformation

THE WORKIE: Jess Acreman, 26 (who claimed to be) from London (but was clearly mega Welsh).
TEA-MAKING SKILLS: Abysmal. She tried the whole "ooh, I don't drink tea during the day so I forget to make it" excuse, which didn't rub on us. Poor.
IPOD CHALLENGE: With a strong mix of new music and old school classics, Jess came through with this one. Still, we didn't really care because we had no tea.
WEAKEST MOMENT: Not bringing in enough Haribo. With the greedy bastards in this office, they only lasted seven minutes.
THE CHALLENGE: It'd been a while since any of us had taken our grandparents out to the pub. You know the like: your gran invariably ends up on a sherry-induced rampage involving fire and hookers. So, with that in mind, the guys looking after Jackass 3 made Jess out to look just like Nana FRONT and took

her on a day out round London. She abused pigeons, stole booze, and made us all a killer Victoria sponge laced with rum. Actually, that sponge never materialised, which made us sad. But at least the Great British public had a good chortle at Jess' expense. Win all round, we say.

Jackass 3 is out on DVD and Blu-ray now, check out www.hmv.co.uk to order your copy or go in-store.

CRUCI-FUCKIN' HELL

**WHAT A LOT OF MIRACLE-
LOVING FILIPINO MENTALISTS.
BUT CAN YOU SPOT THE NON-
MIRACULOUS MAGICIANS?**

MAGIC DOESN'T happen much in real life, does it? Even when you think something otherworldly's happened, it always ends up being a shit explanation like "actually the card was in his pocket" or "it's a fake thumb" or "he's just lying, like a dirty liar." It's a shame, it really fucking is. Not if you're a Catholic though, because the existence of miracles is one of the fundamental aspects of Catholicism – there are tales of

people's cut-off legs growing back, Jesus appearing in human form, nuns pooing out doves etc. And this cross, the Black Nazarene, is said to be able to perform miracles. It's kept in the Phillipines, and brought out on Good Friday for devotees to try and touch it to get a go on its magic. Unfortunately, it has a tendency to get out of hand, and people usually end up trampled on, which is sort of like the complete opposite.

In amongst the optimistic miracle-seekers are two semi-magic bastards, still-stander David Blaine and big-jumper-wearer David Copperfield. Spot them and you win an all-expenses paid trip to Heaven, where you'll hang out with Jesus and get Princess Di's autograph. To redeem, just circle the mystical shitheads and stop eating for forty days and nights. Happy hunting!

FRIENDS ARE FUCKING AWESOME

WITH
ANDREW W.K.

THE IDEA OF GIVING "ADVICE" or telling people how to live, party, have fun, is still a weird one to me. I don't really have any idea what I'm talking about, aside from sharing ideas from my life. But if you can extract any value at all from this column – even just a laugh – then I bow down to you with appreciation.

FRIENDS HAVE SUPER POWERS

There's not much better way I can sum up the idea of friendship than to say it is fucking awesome. I can't even imagine what my life would be like now if I hadn't met so many great people along the way. I'm sure you can easily see all the different directions your own life experiences go in, depending on who you've met. Sometimes strangers become friends – something different than family, but just as powerful, if not even more. It's amazing to consider how really powerful the ability these people have to influence our lives is. I can safely say that my life would've sucked had I not made friends with all sorts of people. Even if it's just that one person in your life who can always make you laugh – what's more valuable than that? At the end of the day, it's those moments of laughter – so hard that you're crying – that make the bad things in life bearable.

BEST FRIENDS

Now that we've declared how powerful and awesome friends can be, it's important to remember the most important friend you'll ever

have – yourself. This is the friend that will always be there, no matter what – so you better get tight with them. Aside from this, I think it's only possible to have room for a few best friends. They change over time, but the major ones stay in your life, or even just in your mind, on and on. You don't have to be best friends with everyone you meet – is that even possible? Follow the friendships that feel the best and let the rest go as they go.

BEING FRIENDS IS EASY

Anyone who makes your life harder isn't a friend. The better the friendship, the easier it is. All the people I've had the best times with never asked for anything from me. It's special when two people can have effortless fun times and everything becomes the best feeling ever. It's a relief after spending time with people you have no choice but to hang out with. Do for your best friends what you would want them to do for you. And don't be afraid to tell them you love them. No matter how fucking awkward it is. Really.

**"DON'T BE
AFRAID, TELL
THEM YOU
LOVE THEM"**

THREE OF THE BEST BLACK METAL BANDS

1

MAYHEM

RECOMMENDED ALBUM:

De Mysteriis Dom Sathanas

An incredible band with some of the heaviest and most intense vibes I've ever encountered – not just in music. Full stop.

2

DARKTHRONE

RECOMMENDED ALBUM:

Transilvanian Hunger

Other albums do represent a truer version of Darkthrone, but this is the album that completely destroyed and then rebuilt my life. I thank the gods it exists.

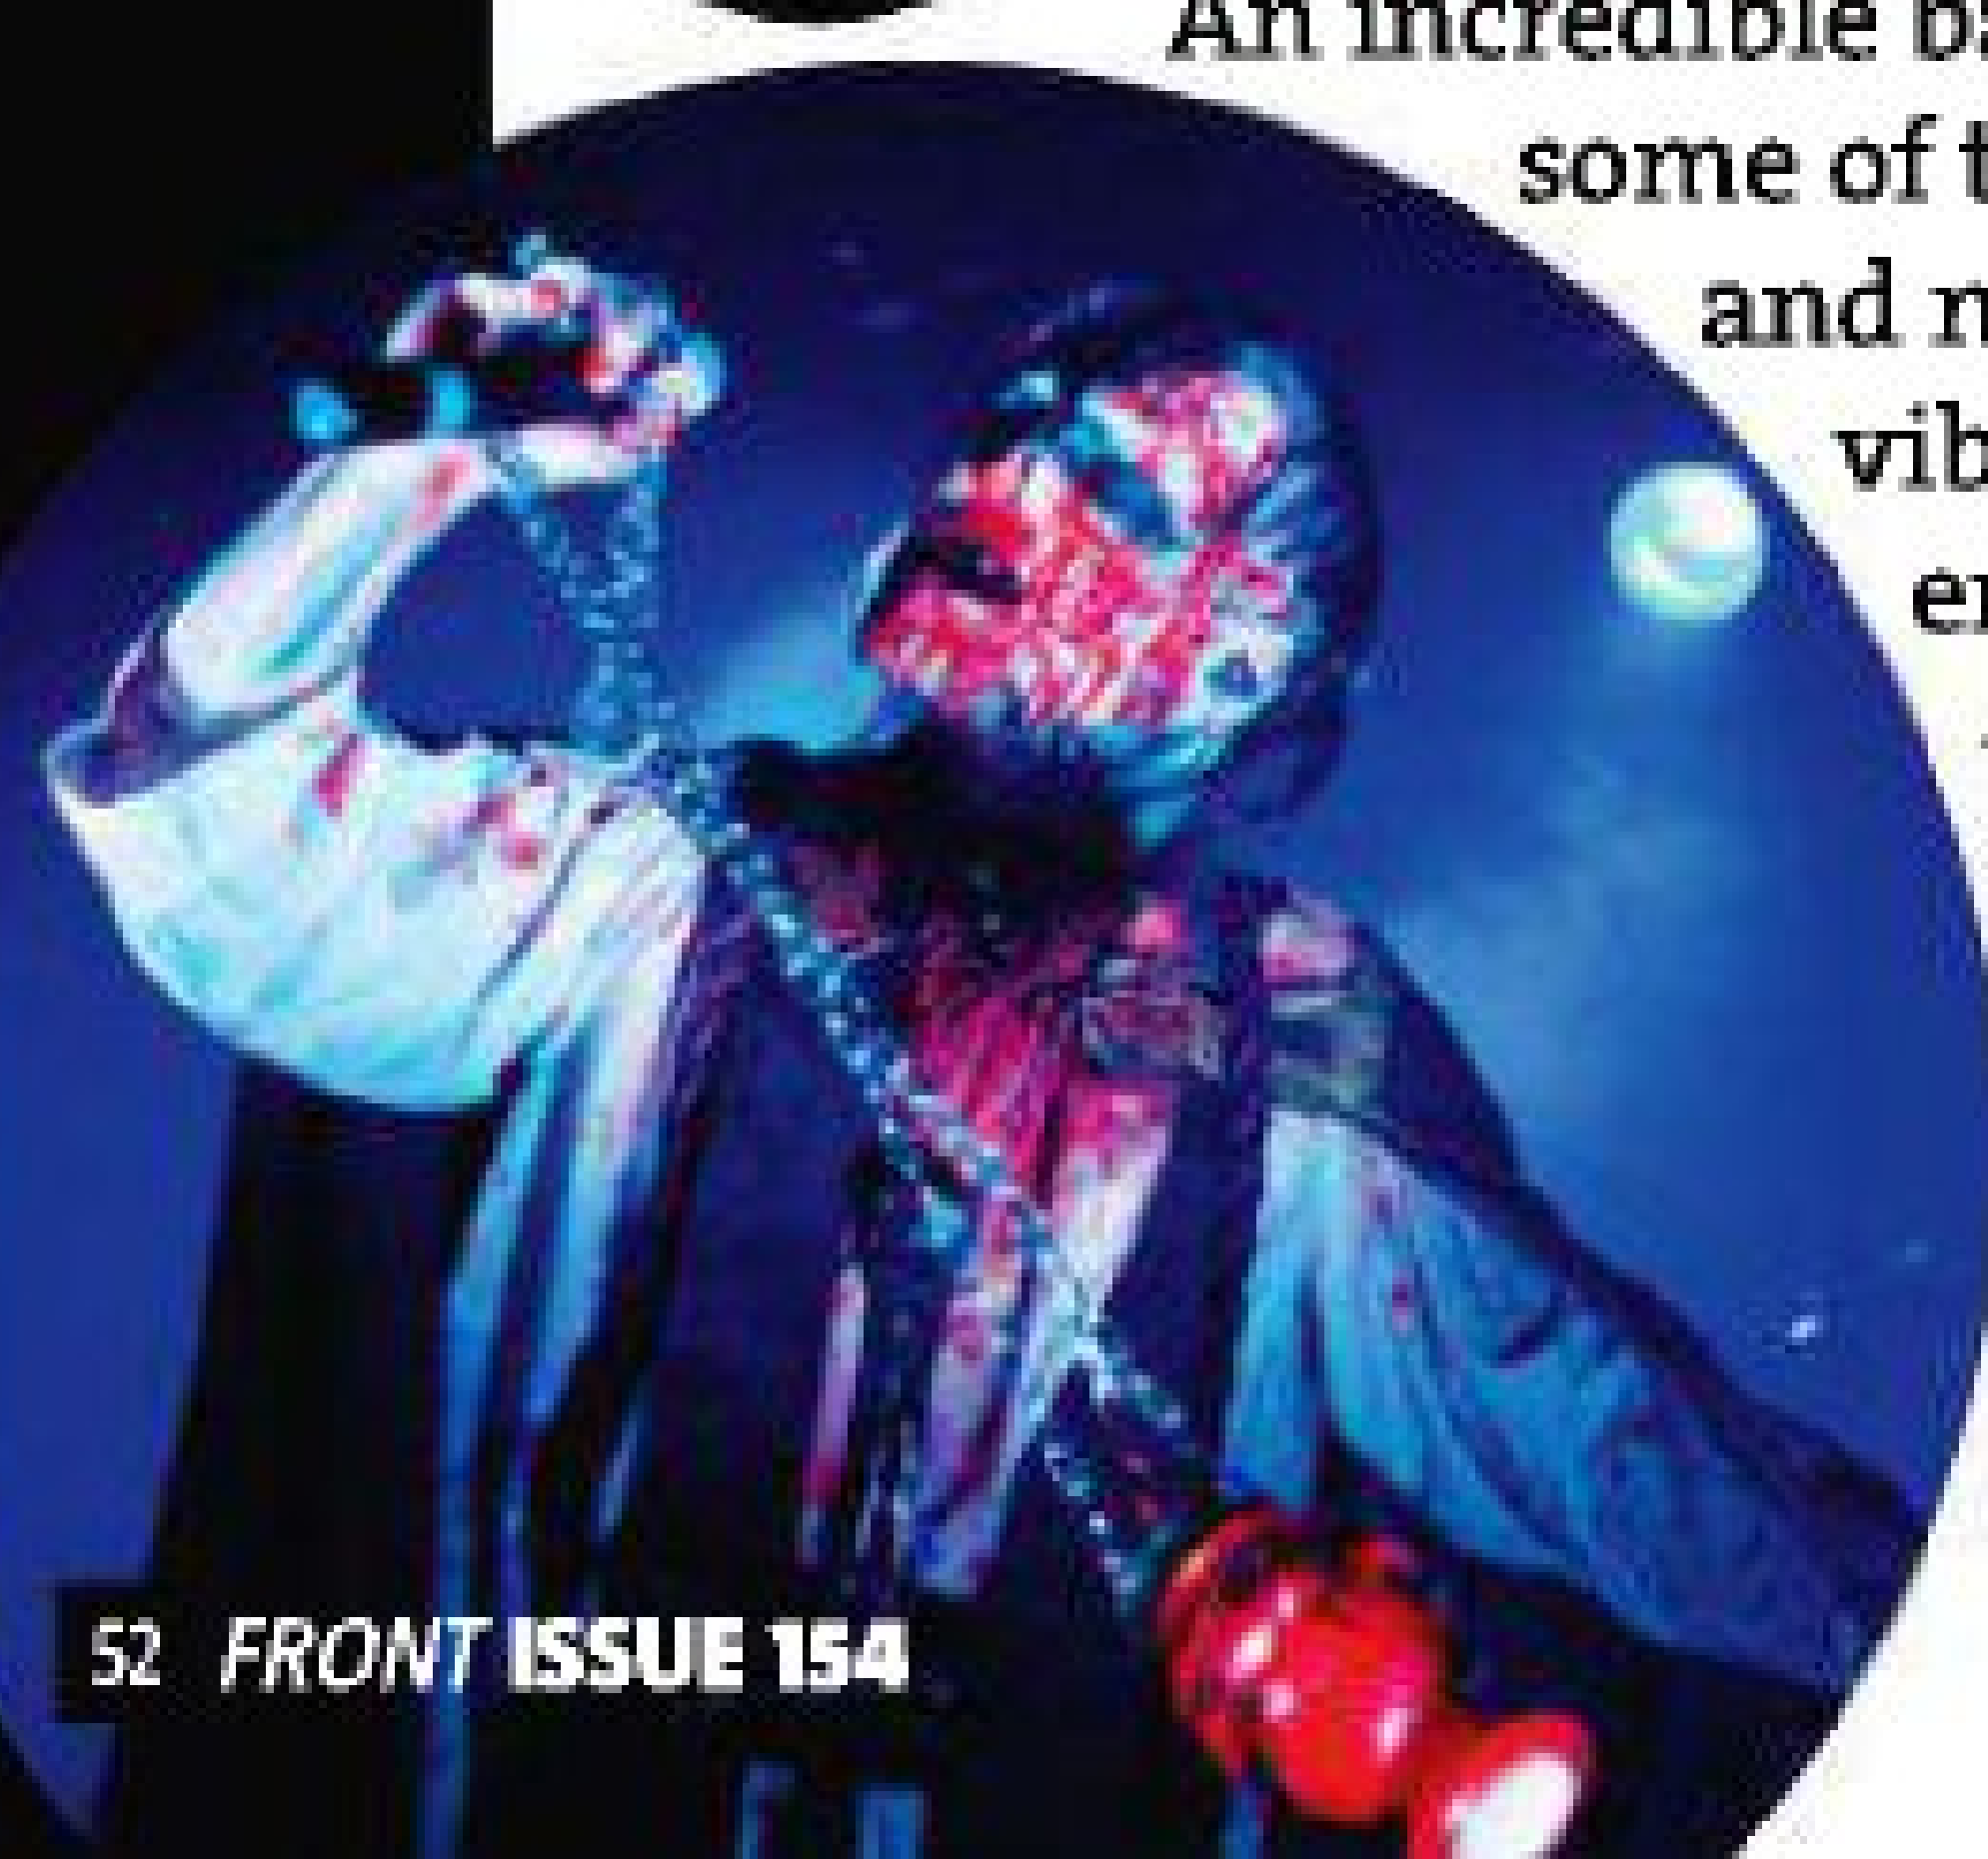

3

EMPEROR

RECOMMENDED ALBUM:

In the Nightside Eclipse

The atmosphere in certain recordings is so strong, it's literally like a flavour in your mouth. And you can TASTE the sound of this one. One of the most wonderful albums of all time.

QUESTIONS ZAKK WYLDE FROM BLACK LABEL SOCIETY

HOW WILL THE MAN WITH THE BIGGEST ARMS IN ROCK HANDLE THE QUESTIONS WE ASK EVERYONE?

1 AS A YOUNGSTER, WHAT WAS YOUR FAVOURITE FILM?
After I saw *Jaws* I was afraid to take a crap in case a great white came out of the toilet to bite my ass. And I must've seen *Grease* 400 times.

2 WHAT'S THE WORST THING YOU'VE EVER EATEN?
When you're drinking beers and you run out, so you're drinking the half empties, and you get cigarette butts. That ain't tasty.

3 IF YOU COULD THROW ANY PERSON OFF TV INTO A PEN OF LIONS, WHO'D IT BE?
I mainly watch funny stuff that I like, so I don't have that much of a seething hatred for anyone.

4 WHAT MAKES AN ACE NIGHT OUT PROPERLY ACE?
Back when I was drinking, going out drinking with the guys. Now I'm just sniffing glue.

5 WHAT'S THE PUNCHLINE TO YOUR FAVORITE JOKE?
Nothing has ever made me laugh as much as watching TV with Ozzy Osbourne. He fucking kills me, man.

6 WHAT WOULD YOUR FUNERAL BE LIKE?
It'd have to be Viking-style – they'll take me out on a boat and light me on fire, then everybody will talk about what a jackass I was.

7 WHO'S THE BIGGEST ARSEHOLE FAMOUS PERSON YOU'VE EVER MET?
Thankfully all my heroes, whether it be Ozzy, Eddie Van Halen, William Shatner or Lynyrd Skynyrd, have been super cool.

8 HAVE YOU EVER SEEN ANYTHING YOU WISH YOU COULD UN-SEE?
I believe girls don't go number two...

9 WHAT WOULD YOU BE IF YOU WEREN'T A ROCK STAR?
Before my liver blew out, beer taster! What better job could you ask for? Cruising around the world getting hammered and getting paid for it!

10 DO YOU DO THE WHOLE SOCIAL NETWORKING THING?
We do Facebook and Twitter. It's a great way to keep in touch – Black Label isn't just a band, it's a gigantic family.

11 WHAT'S THE WORST IDEA YOU EVER HAD?
Getting into the music business.

12 HAVE YOU GOT ANY PHOBIAS?
Waking up and not having an 18-inch cock.

13 WHAT'S THE FIRST ALBUM YOU EVER BOUGHT?
It was Elton John, after I saw him on the Sonny & Cher Show. It made me want to make music.

14 WHEN'S THE MOST YOU'VE EVER NEEDED THE TOILET?
I was keeled over holding my ass en route to a gig. I had to get off the bus in traffic and run into the woods. I bathed a tree in dumpage.

15 PRE-LIVER PROBLEMS, WHAT WAS YOUR BOOZE OF CHOICE?
Obviously beer. Then if I was drinking heavily, the harder stuff – Crown Royal whisky and ginger ale. Life was good.

16 WHAT'S THE STUPIDEST THING YOU'VE SAID TRYING TO IMPRESS A GIRL?
"How are you doing? Can I suck on your tits? Can I finger you?"

17 WHAT'S THE MOST ILLEGAL THING YOU'VE EVER DONE?
I got caught stealing a shirt one time, and it made my mum cry. Just get a job and pay for stuff, you know?

18 AMAZING THING WE WOULDN'T KNOW ABOUT YOU...
People often say "Wow Zakk, I didn't know you weren't gay!"

19 IF YOU COULD HAVE A SUPERPOWER, WHAT WOULD IT BE?
I could add another ten inches to my cock, and put a cape round it...

20 WHY SHOULD EVERYONE LIKE BLACK LABEL SOCIETY?

Girls, it'll make your tits bigger and your vagina tighter. Guys, it'll make your cock bigger. Half way through a CD you'll notice the difference.

**OUR FIVE
FAVOURITE
LADY BLOSSOMS
THIS MONTH**

1

OH LAND

Flaxen-haired sex-bomb Nanna Øland Fabricius – AKA Oh Land – makes super-weird pop music and is the best thing to come out of Denmark since sliced bacon. It's like somebody took Bjork's loopy brain and transported it into the body of a six-foot supermodel. She also used to be a ballet dancer, so she's well bendy 'n' that. Love her yet? If not, you're going to die alone in a puddle of tears.

2 WOLFETTE

If you enjoyed the '80s-tinged pop-rock stylings of Ladyhawke but couldn't help

thinking, "I'd enjoy these stylings even more if Ladyhawke wasn't such a funny-lookin' Kiwi scruffbag," then your prayers have been answered. Hotly-tipped new London popstress Wolfette is basically The

3 SARAH HYLAND

Fans of chuckles, guffaws, hahas and titters will recognise Miss Hyland from hit US sitcom *Modern Family*, in which she plays doe-eyed, durr-brained Haley Dunphy – a girl so unstoppably fit, even her uncle has a crush on her, which isn't half as creepy as it sounds, honest.

4 MARIA MENOUNOS

The actress/presenter has appeared on everything from *Tropic Thunder* and *Scrubs* to *WWE Raw* and the Eurovision Song Contest. She also regularly pops up in a recurring dream we have about a married lady who tricks us into bumming her while we're supposed to be mowing her lawn. She's good in that.

5 MARIANGELA DEMURTAS

When saucy vocalist Vibeke Stene announced she was quitting Norwegian goth-metallars *Tristania*, the band's black-clad fans were even more bummed-out than usual. But those gothy frowns turned upside-down when the even-saucier Mariangela replaced her. Phewf! Global self-harming epidemic averted!

CATERPILLAR OR BUTTERFLY

IT'S SOMETIMES HARD TO TELL IF A LADY IS A WINGED BEAUTY OR A MANY-LEGGED MONSTER. THANKFULLY, THE LADY GARDEN TEAM ARE HERE TO SETTLE SUCH MATTERS...

THIS MONTH ADELE

SHE'S A BUTTERFLY

Glum-voiced pop sensation Adele is pretty much the new Amy Winehouse, only, unlike Amy, she doesn't look like a beaten-up transsexual pirate who ferrets through bins looking for sarnie crusts and cigarette butts. Plus: Adele's got pouty lips, a rude bum-chin and red-hot carrot-top ginger-ninja hair. Ginger girls FTW, all day long.

SHE'S A CATERPILLAR

How can we put this? Umm... She enjoys visiting Greggs, if you get what we're saying. She's got nothing against Magnums, if you catch our drift. She doesn't feel the cold much, if you see where we're coming from. She'll not be a part of the women's 400-metre relay team in the 2012 London Olympics, if you follow what we mean. Look: she's a teeeeny bit overweight, alright?

DUDE OF SPORT

STUFF I TAKE WITH ME EVERYWHERE WITH MATT CROWHURST

NOT CONTENT WITH HIS LOT, THE KING OF UK WAKEBOARDING IS KEEN TO VOICE A GERMAN PORNO...

HOT WHEELS

A V-dub is definitely the best set of wheels a guy can own. I've got a bed in the back, so I can bunk down if I'm on a road trip. There's plenty of space to chuck all this stuff in, plus it's a real smooth drive and looks awesome. I wouldn't want any other form of transport, ever.

ROCK STEADY

This Indo Board is an excellent way to balance-train on dry land. You stand and balance on the barrel and it's not as harsh on your joints. It's also a wicked source of laughs when on the sauce, but make sure you stay away from any expensive heirlooms.

WATER SKATES

Imagine a wakeboard with no bindings, and you've got a wakeskate. You can do exactly as you would on a skateboard in the water. I use this as much as I use my board. This brand, Liquid Force, have the sickest range of skates; the attachable 'truck' style bumps even allow you to lock into rails for Nose/Tail Blunts, 5-os and Feebles.

HAPPY SNAPPER

You're no action sports enthusiast unless you have a multitude of multimedia wizardry with you at all times. Crack them out for bloody great party shots as well as getting silly good HD sporting action footage and stills. I record life on the road, on the water and at those times when I'm not likely to recall what happened the day after.

SNEAKY BOOZE

I guess it's a bit stereotypically British but what are you gonna do? I'd rather be spending my money on water time and travelling but I do still, of course, like warming the cockles on the way to the party. This Belt Buckle Hip Flask is a blinding way to sneak booze into those mega expensive parties.

DIRTY WINCH

It's not always possible to get behind a boat to wakeboard, so with this little beauty I can ride in random spots of water like canals, lochs and on the beach. Basically, if it's wet and this thing is on board, I can ride. I get a few weird looks when I ride in urban areas like Camden Lock, though.

BOARD-ER CONTROL

This is my signature O'Brien board. It can do bloody anything I want it to, from charging the wake to killing it on cable. It's designed for

non-stop use in the rail park, so I can also tear concrete ledges here and there when I'm winching in city spots. I'd be lost without it.

EVE E FIRST APPEARED IN FRONT'S SEXY COOL LIST. BUT NOW, AFTER ABOUT A BILLION REQUESTS, SHE'S BACK IN HER VERY OWN SHOOT...

WHAT ARE YOU DOING RIGHT NOW? Not much, really. I'm sitting in my knickers watching a film called Jennifer's Body. It's quite good actually.

DAY JOB: I'm an art student by day, and I work at a wicked-ace little bar by night.

DREAM JOB: Does winning the lottery count? That would be alright.

GOT ANY TATTOOS/PIERCINGS? I've got plenty of piercings, and a tiny heart tattooed on my ankle.

HIGH HEELS OR TRAINERS? I do like high heels, but I live in my Vans.

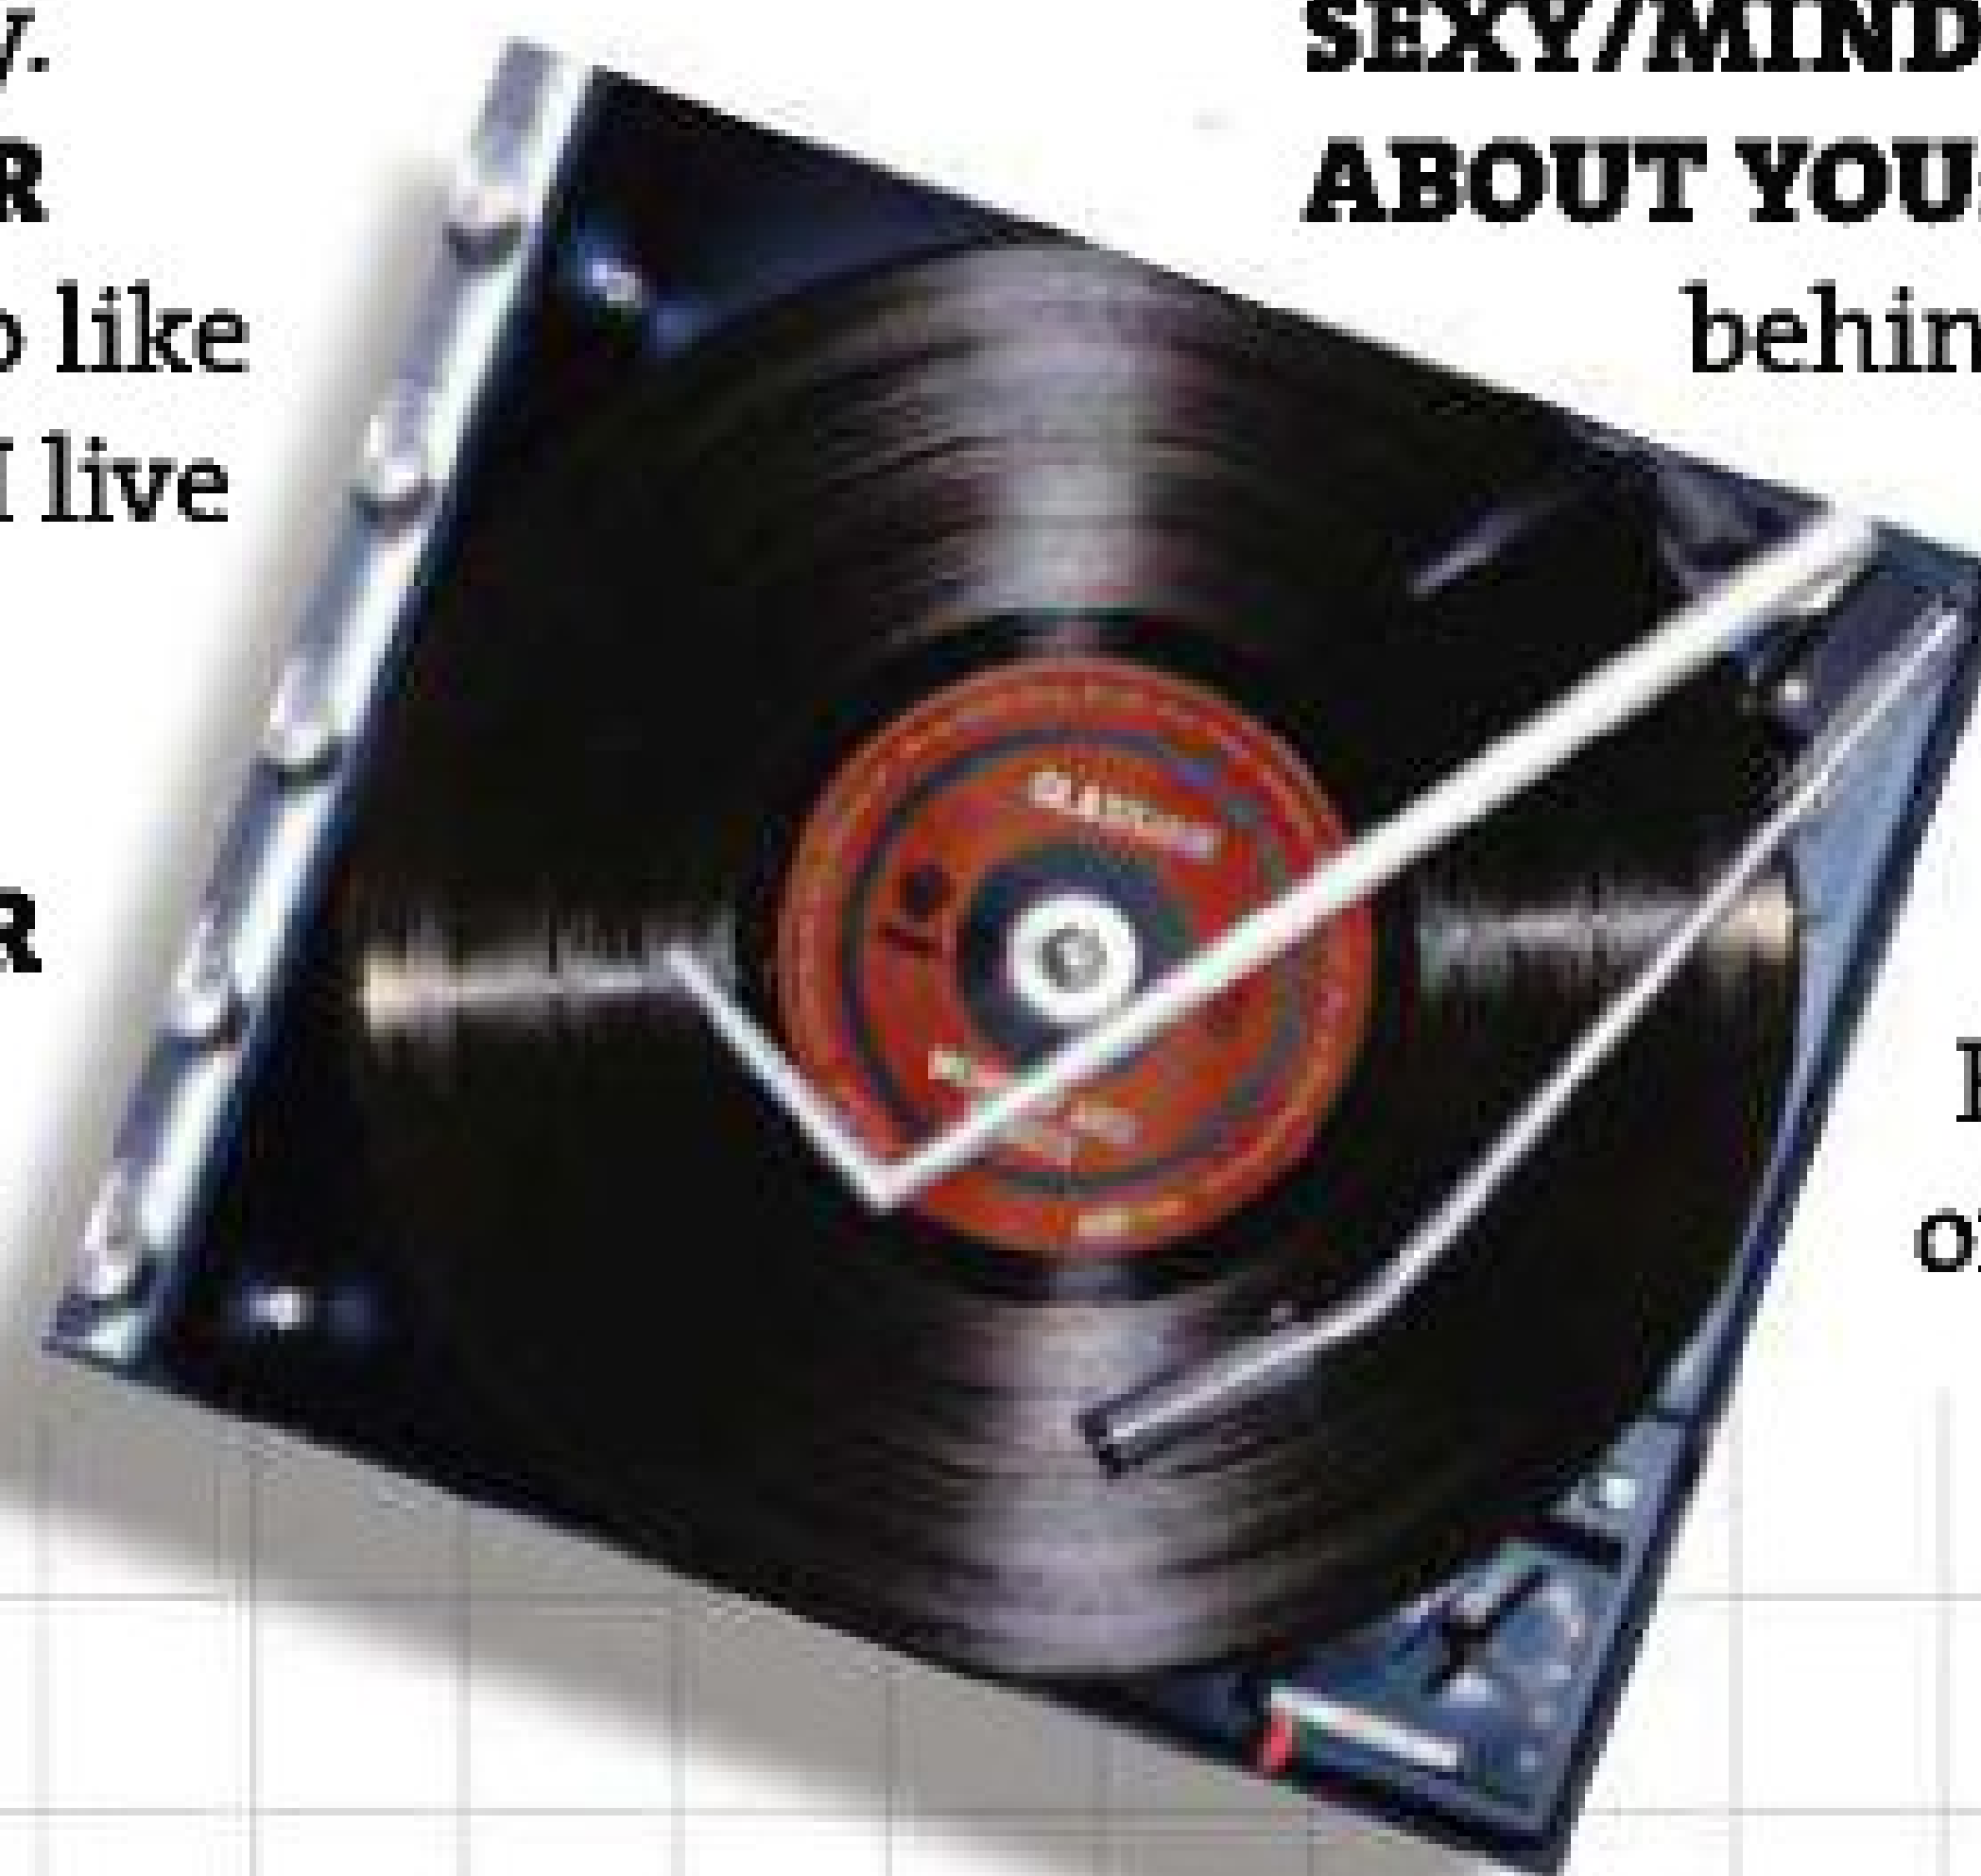

WHO GETS WHAT IN YOUR WILL? Don't make me think

about that! I'm way too young to care about that stuff, yet. And I'm too young to own anything worth passing on.

CLAIM TO FAME? I was in two Harry Potter films, and I'm about to be put onto a Sin Star T-Shirt. Exciting stuff.

SEXY/MIND-BLOWING FACT ABOUT YOU: I can get my ankles behind my head. I'm a human pretzel.

INSTANT EXPERT

NO. 48 BUILD AN EMERGENCY SHELTER

FIG. 1 GET LOST

So, you're pissed, stumbling round a forest, looking for somewhere to sleep. If you sleep exposed though, you might die. First, determine the wind direction – do this by weeing and seeing where it lands.

FIG. 2 STRUT YOUR STUFF

You want to find two big-ass sticks to sink into the ground leaving a metre or so exposed. Place these about 90cm apart facing into the wind. Find or cut another stick to lay across the top.

FIG. 3 ROOF ROOF ROOF

Find as much crap as you can, and lean it at a 45-degree angle onto your struts. You can weave a proper roof if you wish, or just wedge as much shit as you can find in there, it's up to you really.

FIG. 4 LIVE THE DREAM

You've successfully made somewhere to sleep, and anywhere you can sleep, you can bang. Fairies, forest-nymphs and weird topless leaf people will now treat you like the manly, shelter-building wizard you are.

SECRET LANGUAGE

THE ROYALIST

HE'LL SOON BE CAMPED OUTSIDE THE CHURCH WAVING WILLS AND KATE ON, BUT WHAT'S HE REALLY ALL ABOUT?

WHAT HE SAYS

I RESEARCHED MY FAMILY TREE RECENTLY AND IT TURNS OUT I'M ACTUALLY DISTANTLY RELATED TO THE ROYALS. WHICH IS PROBABLY WHY I FEEL SO NATURALLY CLOSE TO THEM.

WHAT HE MEANS

All it'd take for me to become the King of England would be for 77 different people to die in a series of bizarre but completely unrelated incidents. Some might be poisoned, others die in car crashes, while some might just completely disappear from view. Couldn't happen though could it. Could it?

WHAT HE SAYS

I'M LOOKING FORWARD TO THE WEDDING OF WILLIAM AND KATE. EVEN IF SHE ISN'T OF TRUE REGAL DESCENT, I'M SURE SHE'LL MAKE A TERRIFIC QUEEN ONE DAY.

WHAT HE MEANS

That child shouldn't even be allowed to lick the gravel at Buckingham Palace, let alone marry into the greatest family in the history of the world. It's bad enough that the young prince is descended from that ghastly Diana witch, but to weaken the regal gene-pool further is a global disgrace and should not be tolerated.

WHAT HE SAYS

IT'S MY LIFETIME AMBITION TO BE INVITED TO ONE OF HER MAJESTY'S AWFULLY REFINED GARDEN PARTIES. IT'S NOT HAPPENED AS YET, BUT ONE LIVES IN ÉTERNAL HOPE.

WHAT HE MEANS

I just don't know what else I can do to get an invite. I've tried writing polite letters, I've sent recordings of my songs about Her Majesty, I've tried posting photos of myself in my Union Jack underwear. I've even sent a series of portraits of the Queen that I've done on large, cracked mirrors, painted with my own blood. Still nothing. Those secret service fellas have been round for a few quiet chats with me, but no invitation yet.

WHAT HE SAYS

IT WAS A TERRIBLE TRAGEDY WHEN PRINCESS DIANA DIED BACK IN 1997. SHE WAS SO YOUNG, WITH SO MUCH STILL TO GIVE.

WHAT HE MEANS

I was delighted when she perished. She betrayed her husband, the Queen and as a result, every citizen of this great nation. Some say there was a conspiracy to kill her – I say I'd expect nothing less!

WHAT HE SAYS

OUR QUEEN AND THE REST OF HER FAMILY ARE THE FABRIC OF THIS GREAT NATION. THEY SHOULD BE CELEBRATED AND CHERISHED.

WHAT HE MEANS

I've got a lifelike inflatable dummy of the Queen that I had custom-made. Facially, she looks like she did on her silver jubilee in 1977. Anatomically, she's like Lara Croft, a young actress I noticed in a late-night movie a few years ago. My wife is dead.

HISTORY IS AWESOME

JESUS CHRIST IS CRUCIFIED

WHEN: EASTER BANK HOLIDAY, 32 AD
WHERE: GOLGOTHA, JERUSALEM

FYI

- Jesus invented carpentry – so the next time you put a book onto a shelf, say, “Thank fuck for Jesus!”
- Jesus turned down the chance to play himself in *Passion Of The Christ*, citing money issues.
- If you say “Jesus Christ” three times and then look in the mirror, an angel flies out of your penis and gives you a wicked present.

JESUS CHRIST IS ONE OF THE COOLEST STREET-MAGICIANS EVER – AND HE LIKES TO SERVES UP A LITTLE WIZDOM WITH HIS WIZARDRY!

BUT TROUBLE IS BREWING: EVIL MAYOR POMPOUS PILOT IS FIERCELY JEALOUS OF ALL THE ADULATION THAT JESUS RECEIVES.

JESUS IS SENT TO BE CRUCIFIED, BUT HE MUST FIRST ENDURE TERRIBLE TORTURES: EYEBROW-SHAVING, CHINESE BURNS AND COUNTLESS WAFTED EGGY-BOFFS.

JESUS DIES OF CRUCIFIXION – BUT TRIUMPHANTLY RISES AGAIN ON THE THIRD DAY, REANIMATING AS SUPER GUNDAM JESUS Z-L66 FIGHT-TYPE!

WISE WORDS

THE EXCITING LIFE OF A MODEL

This month's AMAZING ADVENTURES

Look what the cat dragged in

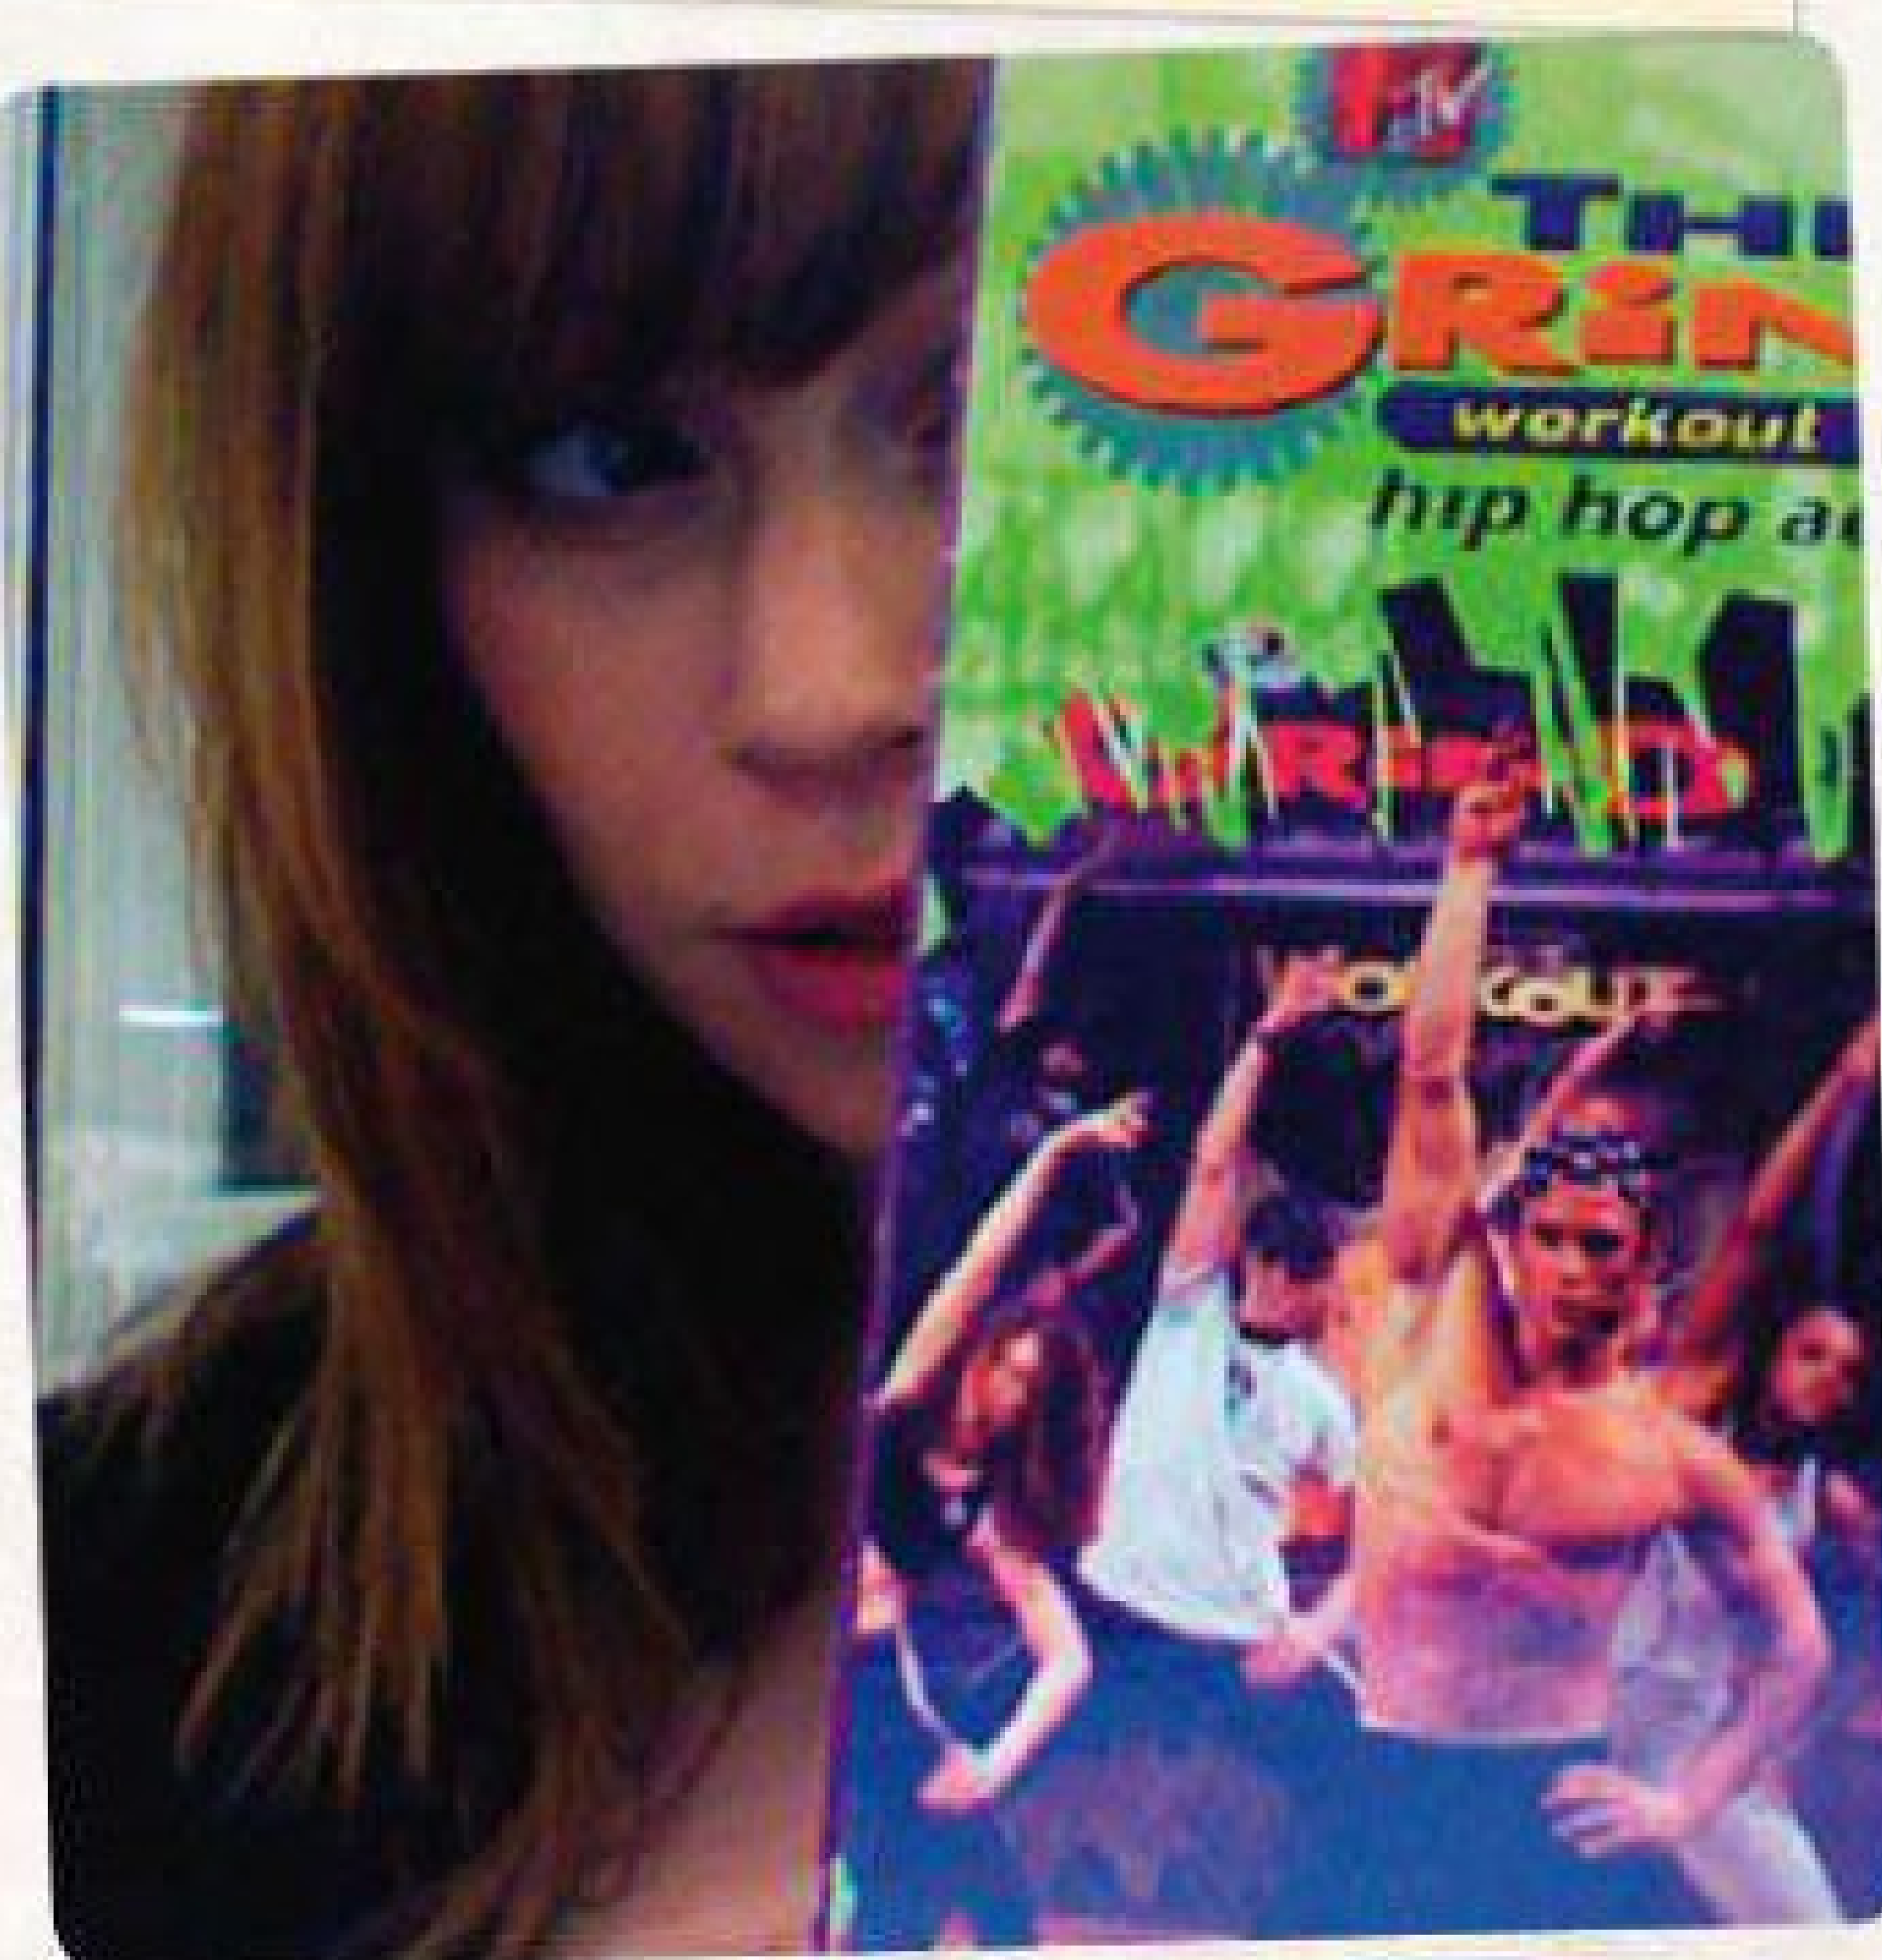

I like it when people send me in their homemade stuff, as long as it's not jizz or poo. Especially when they are this good and creative.

Sim-Wise's guide to drunken animals

Going around the zoo in Barcelona inspired me so much that now when I get drunk I imitate as many animals as possible. Here is my guide to the best ones:

This will get me fit, I know it

Mainly because it's on a VHS and VHS is best. Just rewinding it will make your muscles bigger than a guido on a steroid binge, I reckon.

Titty face

I bought this thinking it would make a very good disguise for stealthing around shopping centres totally unrecognised by security guards. I was very wrong.

THE TIGER
You have a few naughty bevvies and start crawling around thinking you're powerful like a tiger. Great, until you stick your hand in a pool of vomit.

THE PEACOCK
The peacock is proud, it says 'yeah so I'm stood on a sink with my pants down in a public toilet, SO WHAT?' Don't mess with the peacock.

THE FROG
The frog just doesn't give a shit really. This is the final stage of drunken animal before you chunder.

The Incredible Saga of ME AND DA 'ERB

SOMETIMES I DON'T THINK I could make up my life if I tried. This month I was shot off on a plane into the sky and sent to Barcelona to cover a hemp festival. Hemp as in the plant that cannabis comes from for all you guys and gals that aren't space heads. There was me thinking it would be all hippies selling disgusting organic food and clothes that looked like they'd been smeared in dogshit, but no. It was pretty much people showing off their giant weed plants, a bunch of hydroponics companies, and loads of Spanish teenagers stoned out of their minds looking for free vaporiser

hits. As I wandered around being passed giant weed buds to pose with, I got to taste such delicacies as Cannabeer (cannabis beer) and hemp ice-cream, while being handed gigantic lumps of 'cheese' for free. At points it felt like I had weed coming out of every orifice and I totally lost all sense of direction, until I realised that something was amiss. Now, I'm not a drug taker. I get high enough off E-numbers not to try stronger stuff, but there was so much weed being smoked in this tiny convention centre that it kind of turned into a giant hotbox of doom and I ended up completely baked and rolling around on the floor by the end of the day, without even inhaling a smidgin. Not bad for a weekend's work.

I'M MOVING HOUSE, ISN'T IT.

I am in the process of moving house. I've decided to live on my own as I sort of hate people, so watch this space – in ten months time I will probably be a crazy batshit lady with no teeth and a hundred cats that I throw at people and stuff into recycling bins. I can so see it. In the meantime I am planning to decorate my room like a

14-year-old's dream bedroom, so it is like a gaming mecca to end all other bedrooms in the world. I don't quite know how I'm going to do this but I think it will involve Spongebob Squarepants wallpaper, lots of pictures of Pamela Anderson, and every console ever made. As long as my flat has enough glass cabinets to house all my figures in, I really don't care. You guys should totes come over, yeah?

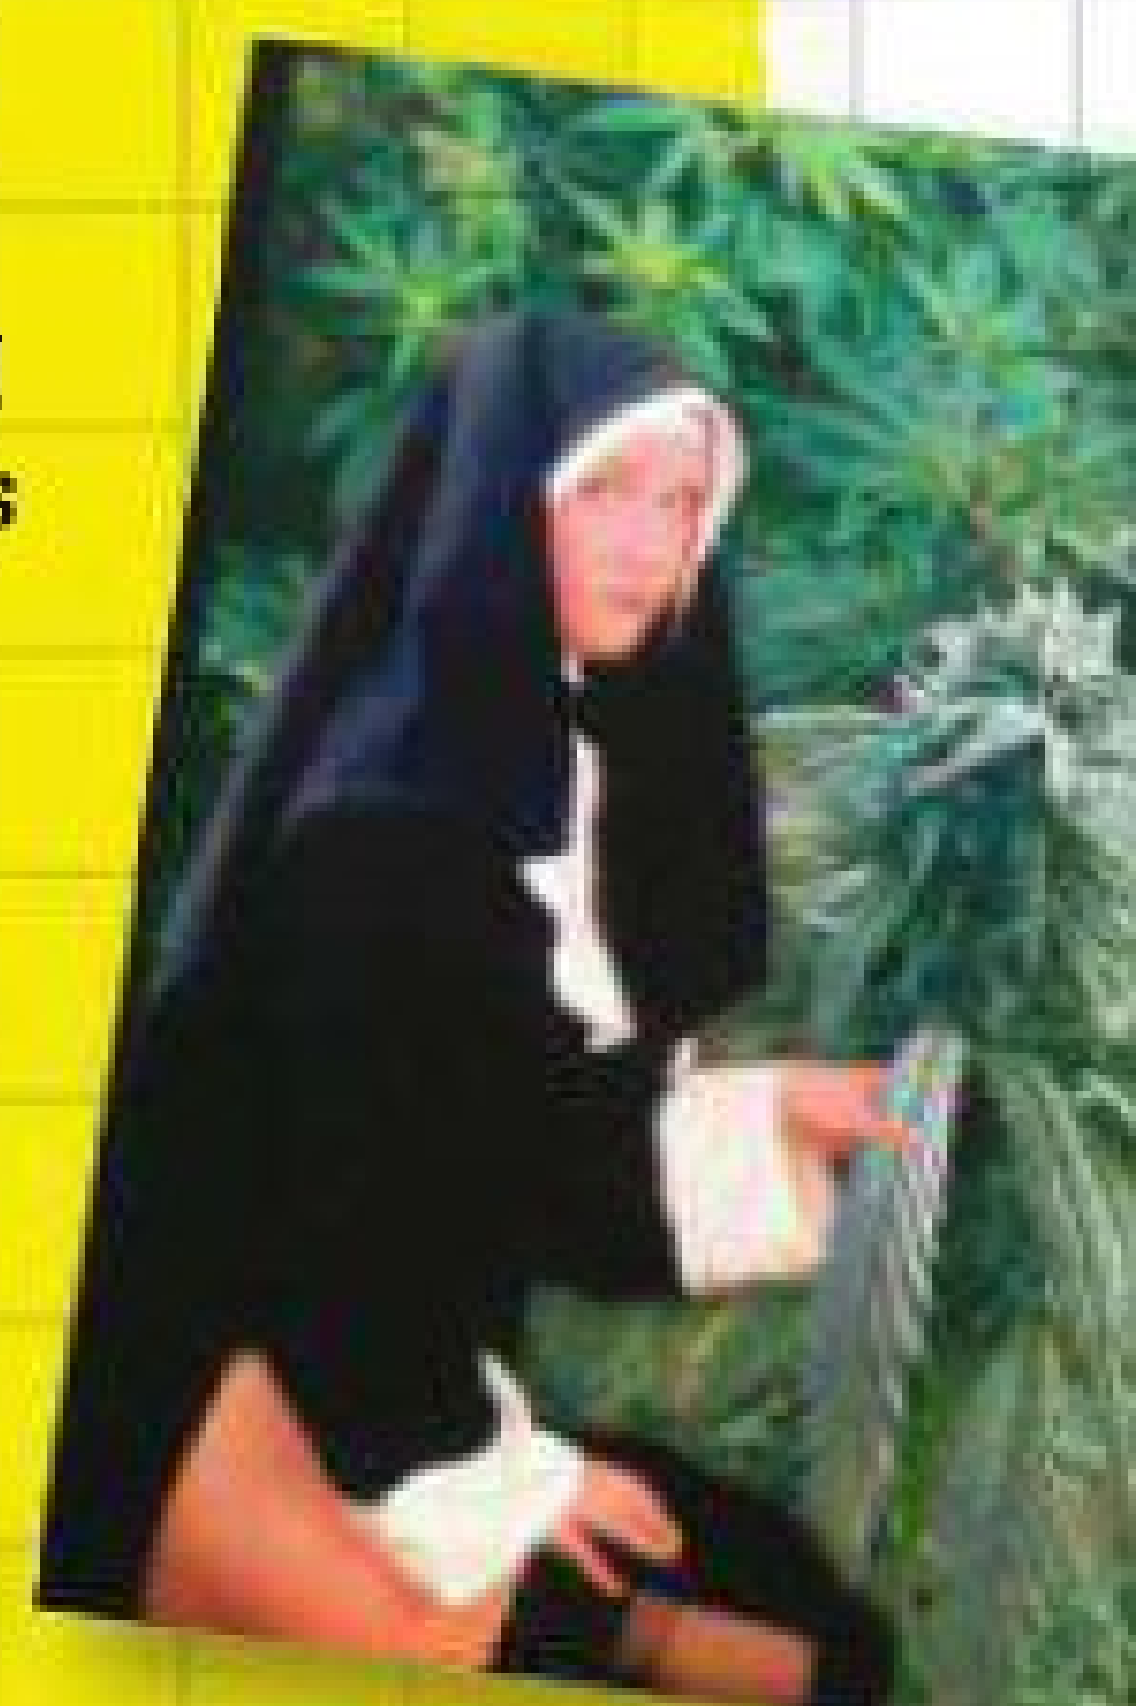

WHAT I LIKE this month

MY NEW PHOENIX BISHOUJO FIGURE
So sick, I might get it tattooed on me.

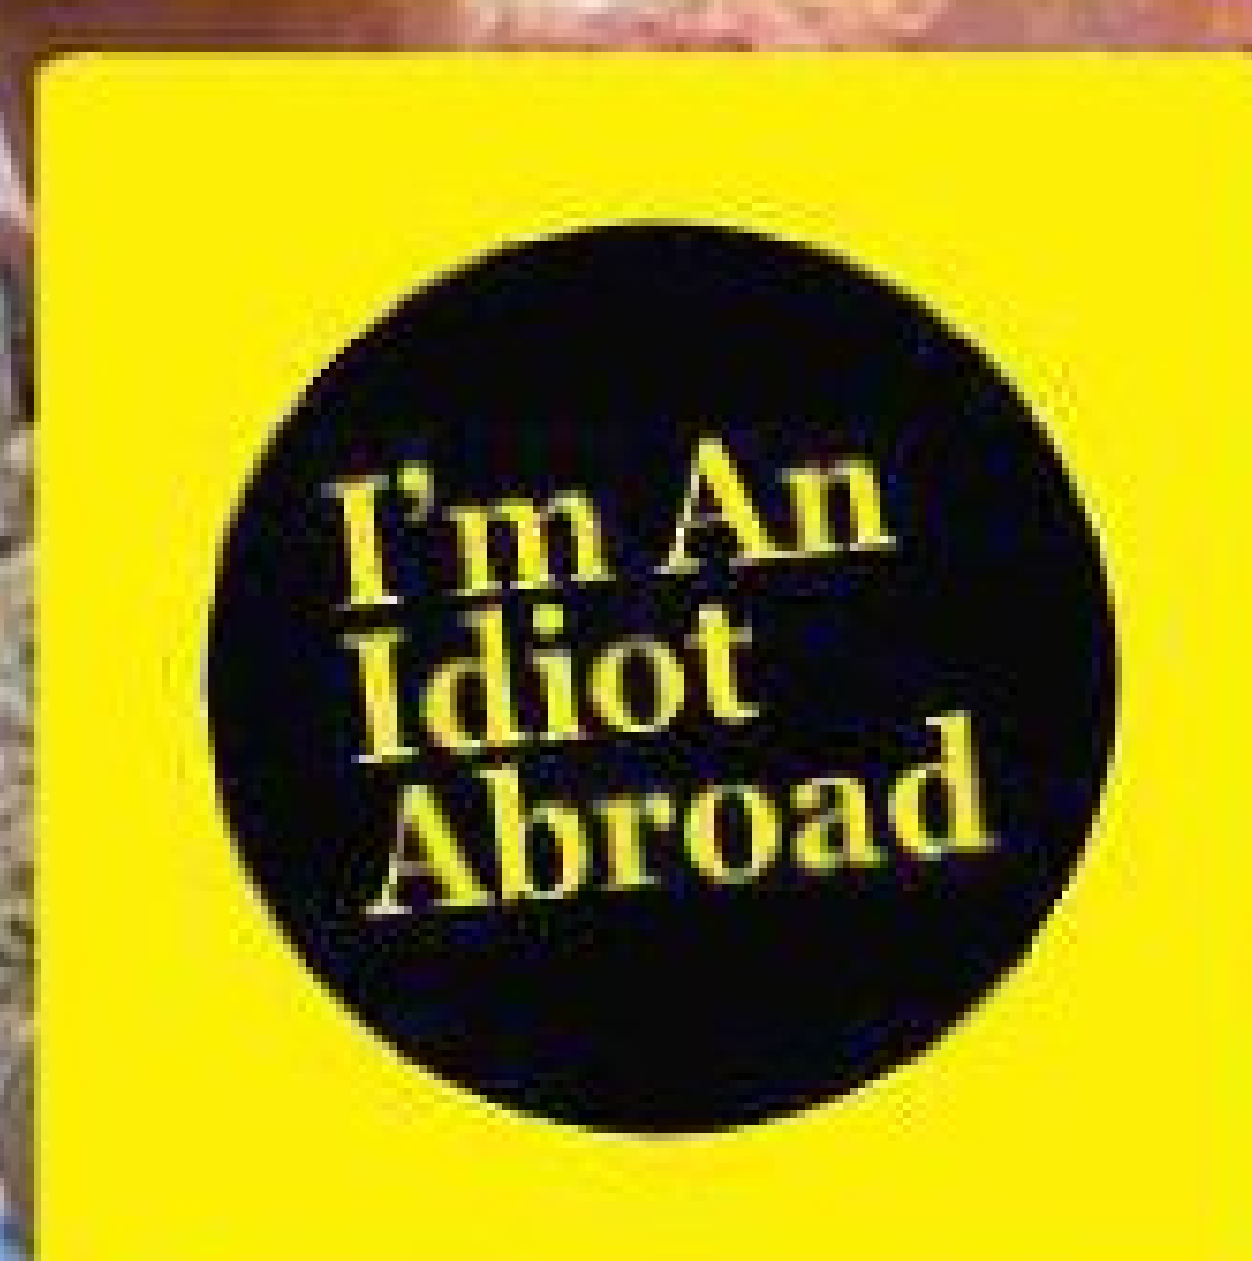

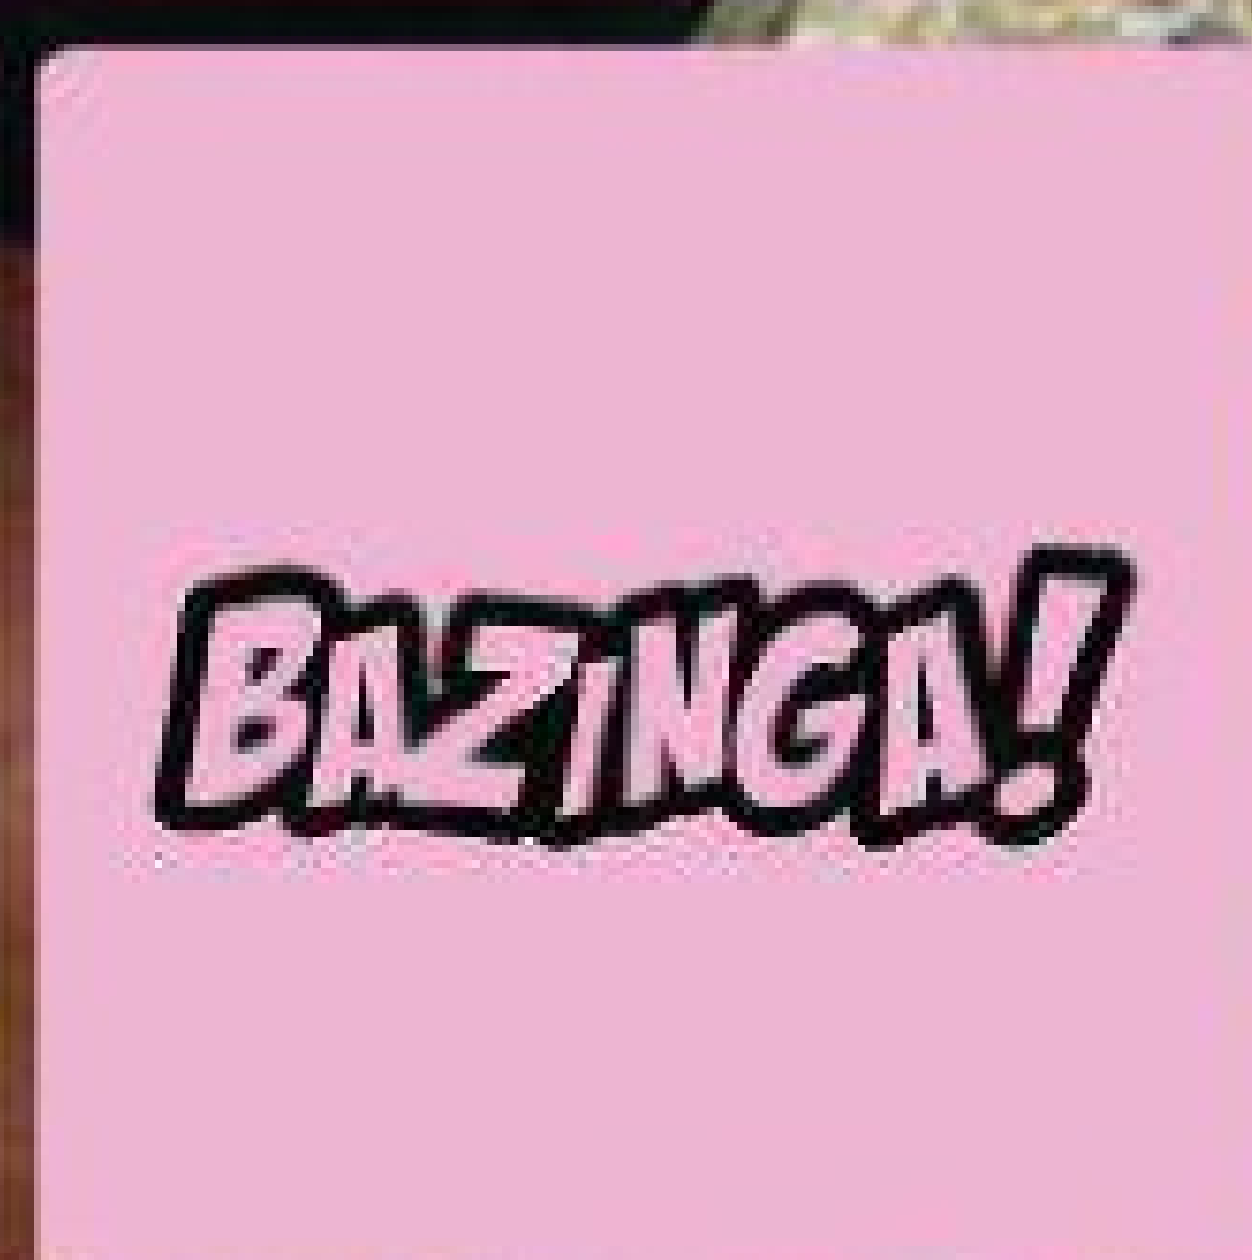

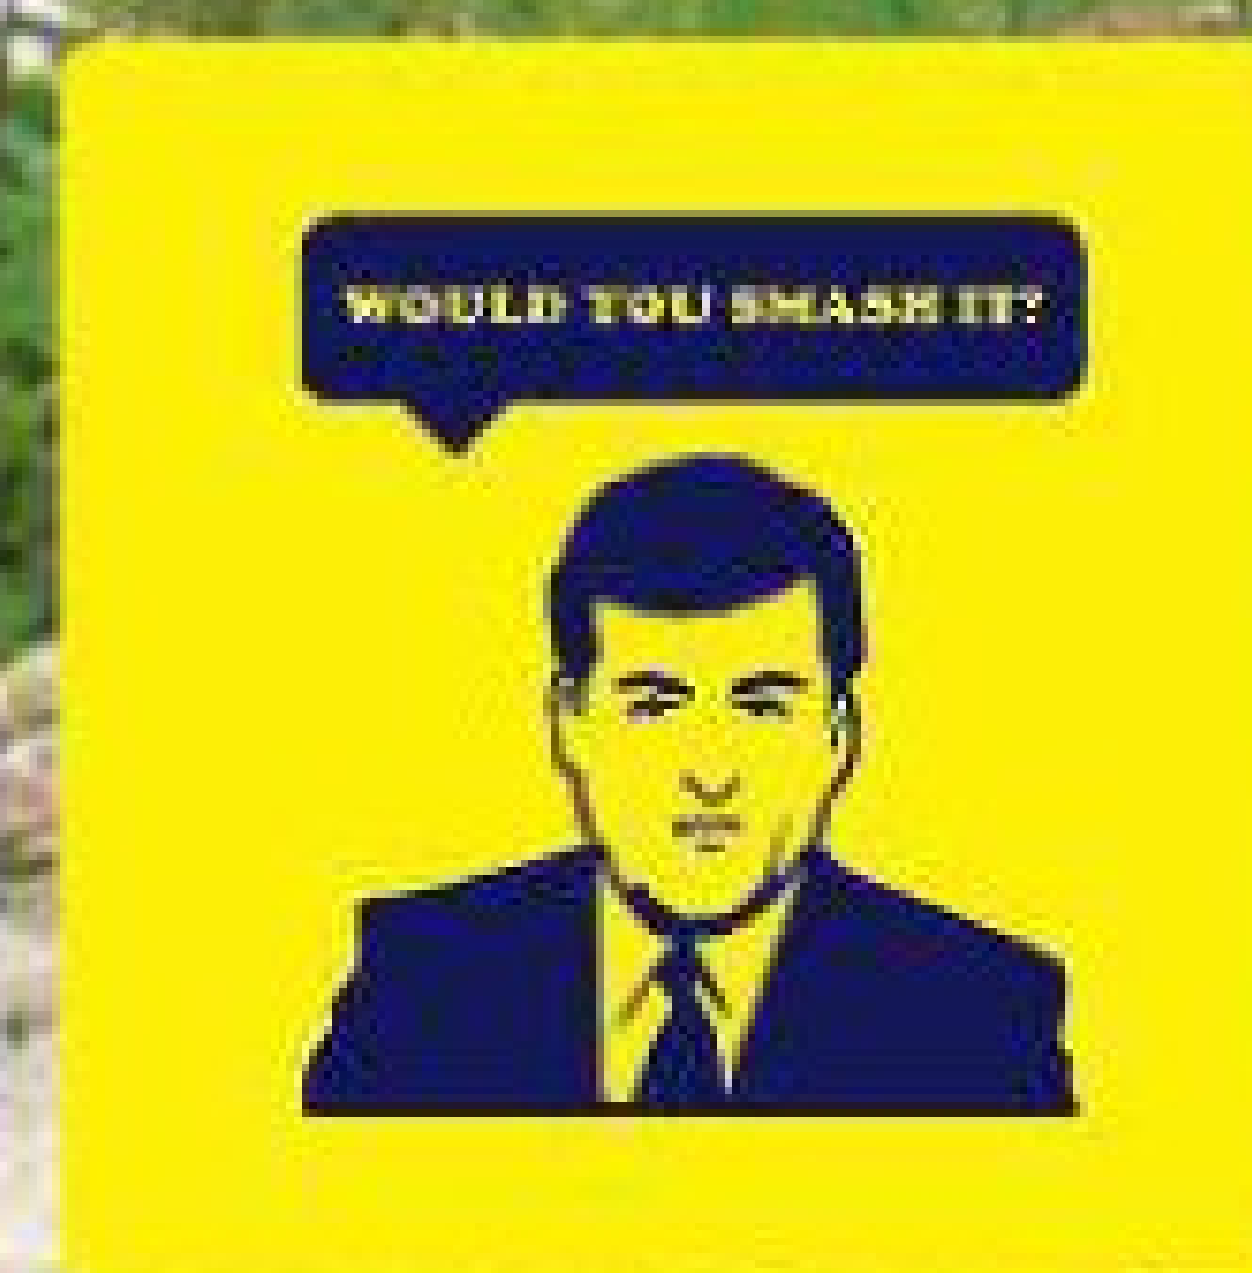

CAPYBARAS
I saw a bunch of them at Barcelona zoo, they were pretty awesome.

NEW FABLE III DLC TRAITOR'S KEEP
I burn Fable III, I burn it hard.

SEXY NUNS WHO LOVE WEED
They exist – I have pictures to prove it.

The pikiest t-shirts on the net.

GOOD SHIT

THIS MONTH'S HIGHS

COMMUNITY SEASON 2

It's buried over here on Viva, but Community is the most loveably rad American sitcom since Arrested Development. If in any doubt, watch the second-season episode Epidemiology – it's 21 minutes of gold.

CHINA

China has just become the world's second largest economy, and is predicted to overtake America by 2025. Let us welcome our Chinese overlords.

GIRLS IN LUMBERJACK SHIRTS

Maybe it's because lumberjacks are masculine, and it's the interesting juxtaposition, or maybe it's that you can unbutton shirts – either way, this works.

PEOPLE WHO LOOK LIKE DISTORTED VERSIONS OF OTHER PEOPLE

Is it actually possible to have a badnight when you've realised you're in the same pub as a bald Nick Frost and James Van Der Beek After An Accident?

ODD-COLOURED WEE

We had some off-brand multi-vitamins recently that made our piss come out like the product of a broken highlighter. It was kind of awesome.

BANKRUPTING YOURSELF ON BARGAINS

When something you can't afford is reduced to just being something you can't really afford, it's too easy to end up financially doggy-styled.

BAD SHIT

SECOND-HAND ANECDOTES

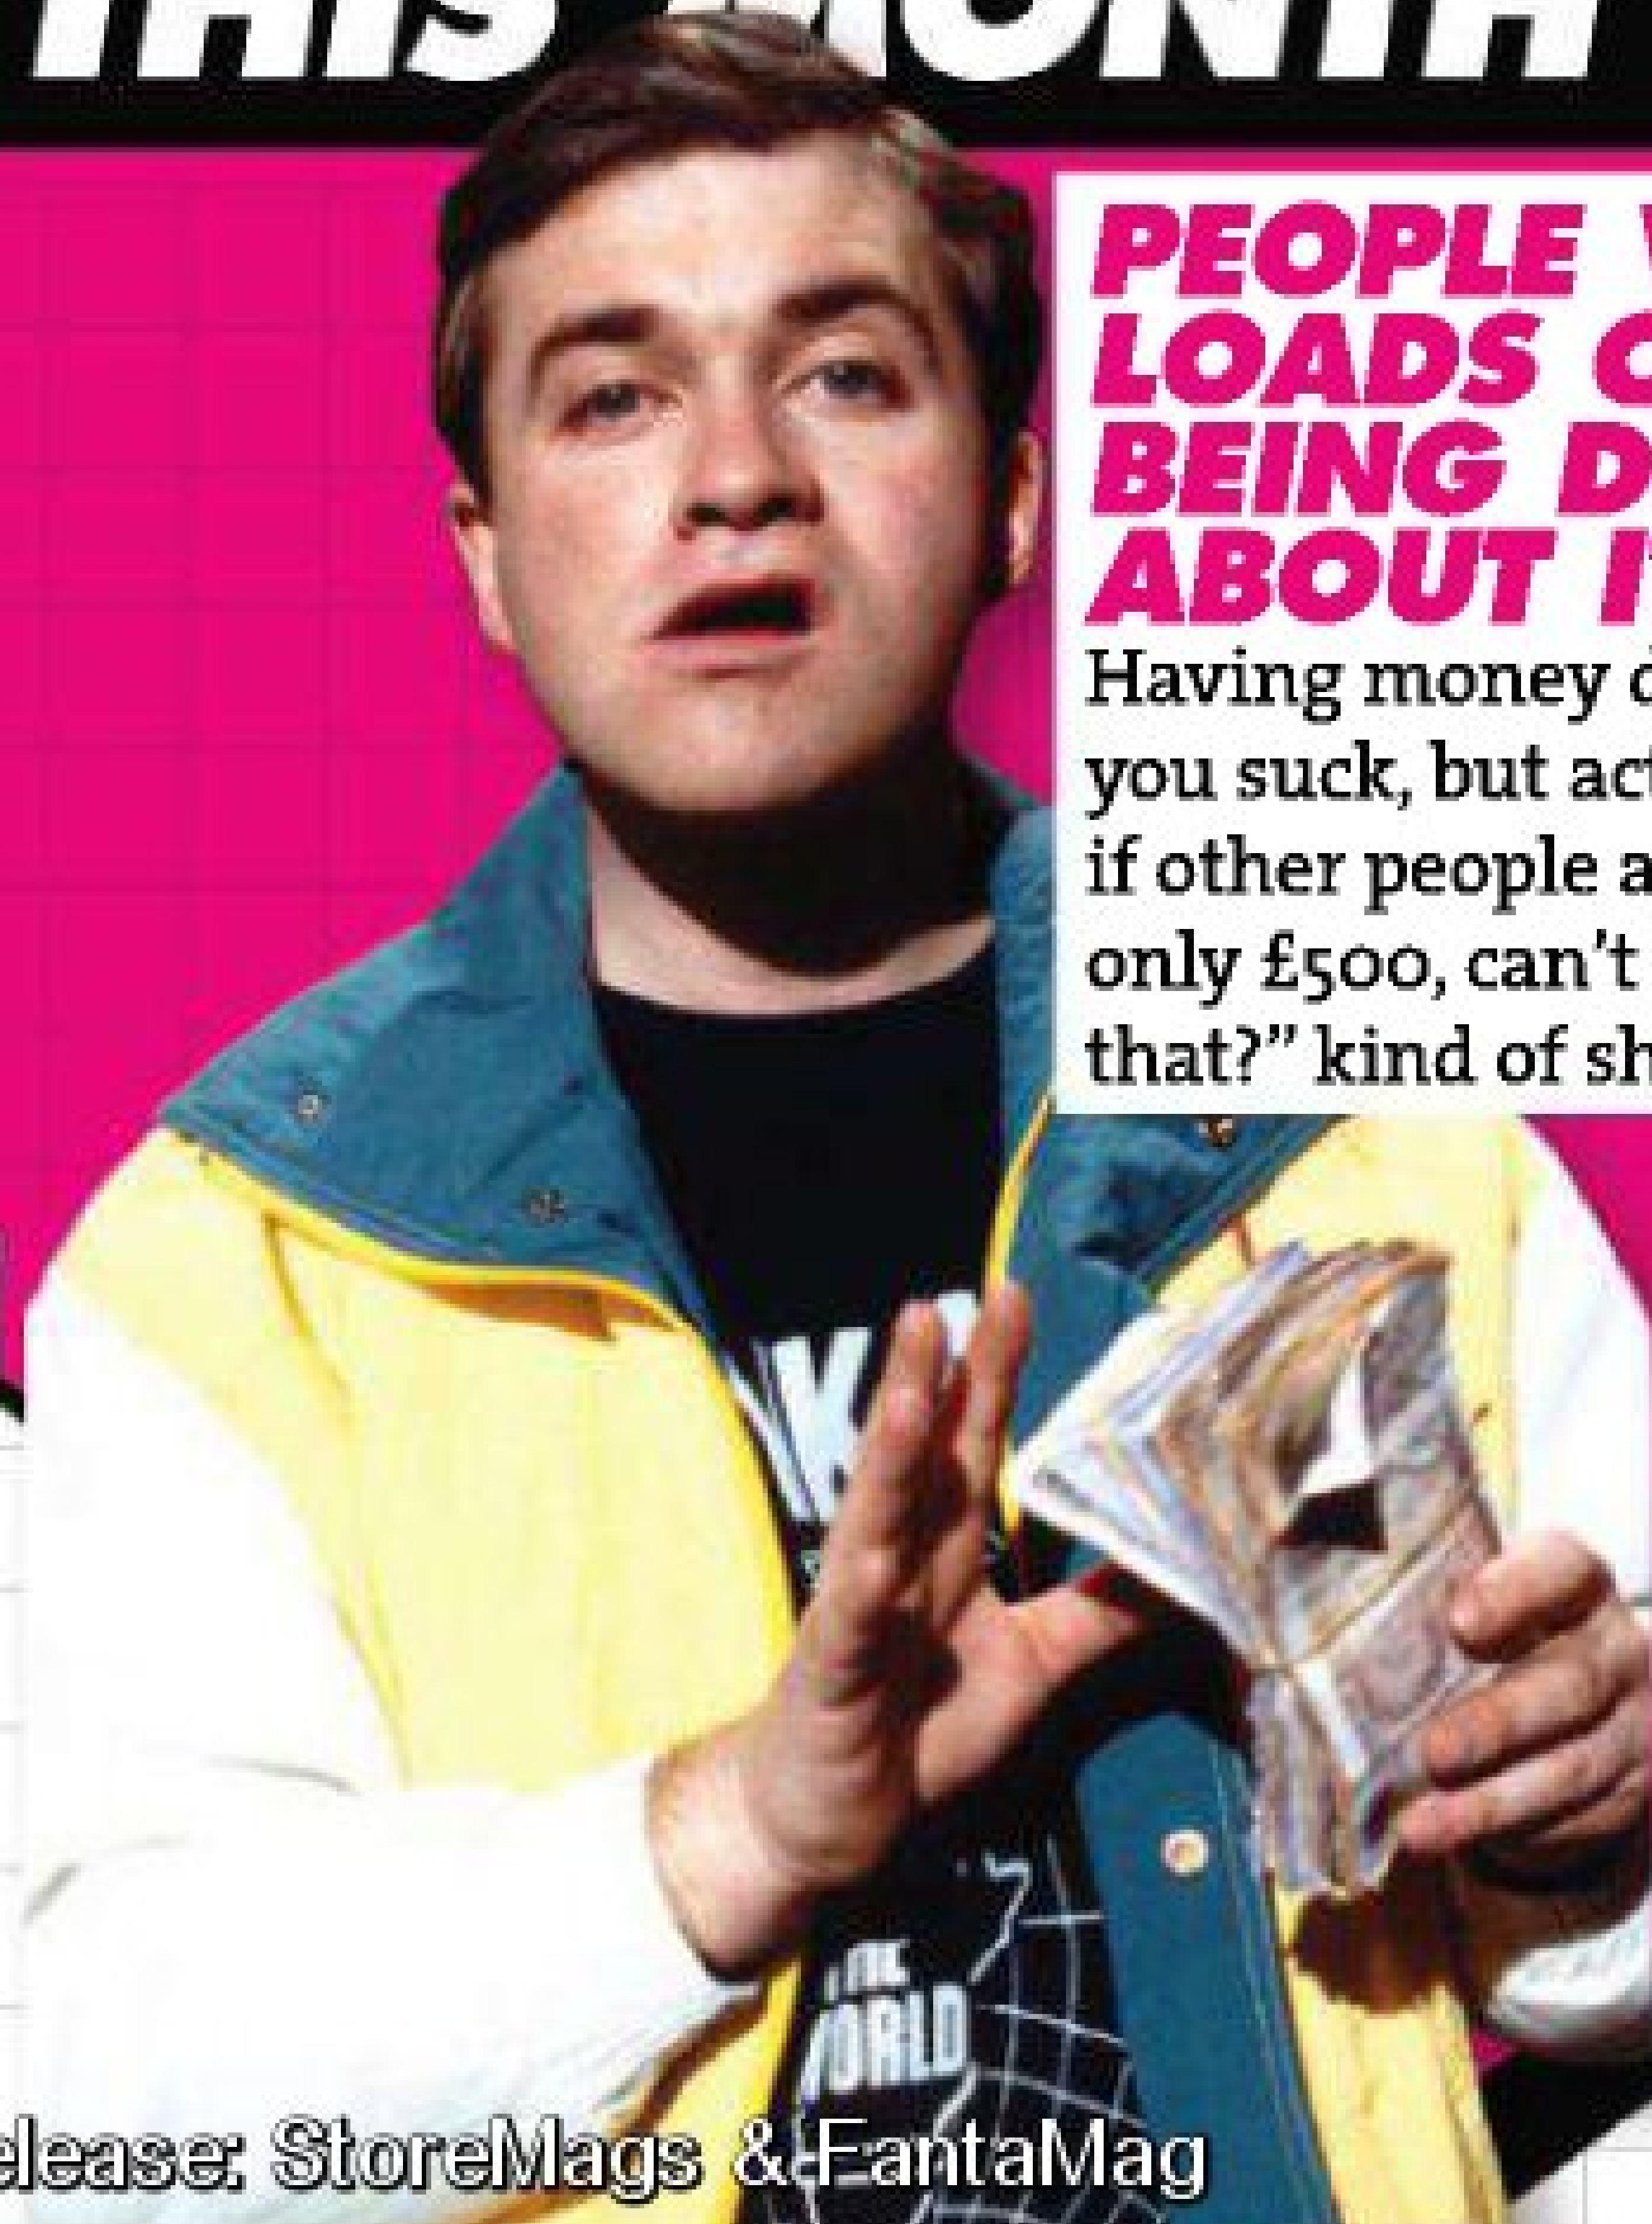

We've all done it. You start telling people a story from your past, and before long you realise you've been relating the plot to American Pie 2, and feel like a shameful idiot.

THIS MONTH'S LOWS

SERVICE STATIONS

The closest to happy anyone's ever been in a service station is when they did a shit they really needed or got noshed-off by a trucker through a splinterless gloryhole.

PEOPLE WITH LOADS OF CASH BEING DICKS ABOUT IT

Having money doesn't make you suck, but acting surprised if other people are skint – "It's only £500, can't you manage that?" kind of shit – does.

We're sorry, currently this video can only be viewed by users who don't suck.

GEOGRAPHICAL RESTRICTIONS ONLINE

Is there anything more infuriating than trying to play the embedded clip and being told you can't because you're not in the US? Bastards! Fuck Hulu!

HOW MUCH HAVE YOU SPENT ON YOUR INK?

"Honestly, I have no idea. I've never had any tattoo 'hook ups' so I've paid for them all. It's a lot, but if it wasn't tattoos, I'd have just spent all that money on shoes."

ANY WEIRD EXPERIENCES BECAUSE OF YOUR TATTOOS?

"I get a lot of people asking me if they're real. It seems like a lot of effort to wake up and draw them on every day, though."

WHICH PIECE HAS TAKEN TO LONGEST?

"I've had to invest nine hours into my back piece, and still have about four more to go. It's my favourite, I like how the lines follow my body's curves."

WHAT TATTOO ARE YOU GETTING NEXT?

"I'm finally going to get my left sleeve done this year. It's been something I've been excited about for ages. I won't give too much away, but there will be a lot of tragedy in the art."

HOW LONG HAVE YOU SPENT IN THE CHAIR?

"I reckon about 50 hours. I love getting tattooed though. I find it really therapeutic."

HOW MUCH DO YOU THINK YOU'VE SPENT ON TATTOOS?

"I must have spent a few thousand dollars. I consider them a great investment, though. If I hadn't spent that money on ink, I would have wasted it in shopping malls and bars."

ARE YOU ADDICTED TO TATTOOS?

"I'm as addicted to tattoos as George Michael is to men."

ANY WEIRD EXPERIENCES BECAUSE OF YOUR TATTOOS?

"Mainly from airport security. There's nothing like a burly woman officer giving you a good pat down on those 6am flights."

WHICH IS YOUR FAVOURITE TATTOO RIGHT NOW?

"My entire leg piece. It's an Armageddon fight scene, with robots versus mutant animals. Who doesn't love a fight scene?"

WHICH OF YOUR TATTOOS TOOK THE LONGEST?

My chest took the longest. I did one nine hour sitting and went to bed, woke up the next morning and went back and did another 60-90 minutes on

it until Glessner finished it.
IF YOU COULD STEAL ANYONE'S TATTOO, WHO'S WOULD IT BE?
I would steal Chase Lisbon's burning church tattoo because it's the most awesome thing I've ever seen and Matt Rinks did an awesome job on it.
HOW FAR IS TOO FAR IN TERMS OF TATTOOS?
I'm not getting my face tattooed. I really like face

tattoos when they're done well and on girls I think they're very pretty, but I don't want to do anything to my face. I wouldn't even pierce my face.

HAS ANYONE SAID ANYTHING STRANGE ABOUT YOUR INK?

"An old man once walked past me in Milan and screamed 'Repent before it's too late!'. I've always wondered what I'll be too late for since."

IF YOU COULD STEAL ANYONE'S TATTOOS, WHOSE WOULD IT BE?

"Rachi Brains. She's my hero and I'm so jealous of anyone that gets tattooed by her. She's from Australia, so it's a shame that I don't get to travel much."

WHICH IS YOUR FAVOURITE TATTOO?

"My knuckles. They say 'Rain Dogs' which is a Tom Waits song. I love him so much that anything to do with him instantly makes it number one."

WHICH IS YOUR FAVOURITE TATTOO?

"I'd say the portrait of my cat, Maurice. The artist really caught his funny expression."

WHAT TATTOO ARE YOU GETTING NEXT?

"Next is my huge lower back piece. Its going to be the 'see no evil, hear no evil, speak no evil' idea but done with cute women instead of monkeys. I've always loved the idea of that proverb but don't fancy monkeys on me back as they kind of creep me out."

ANY WEIRD EXPERIENCES BECAUSE OF YOUR APPEARANCE?

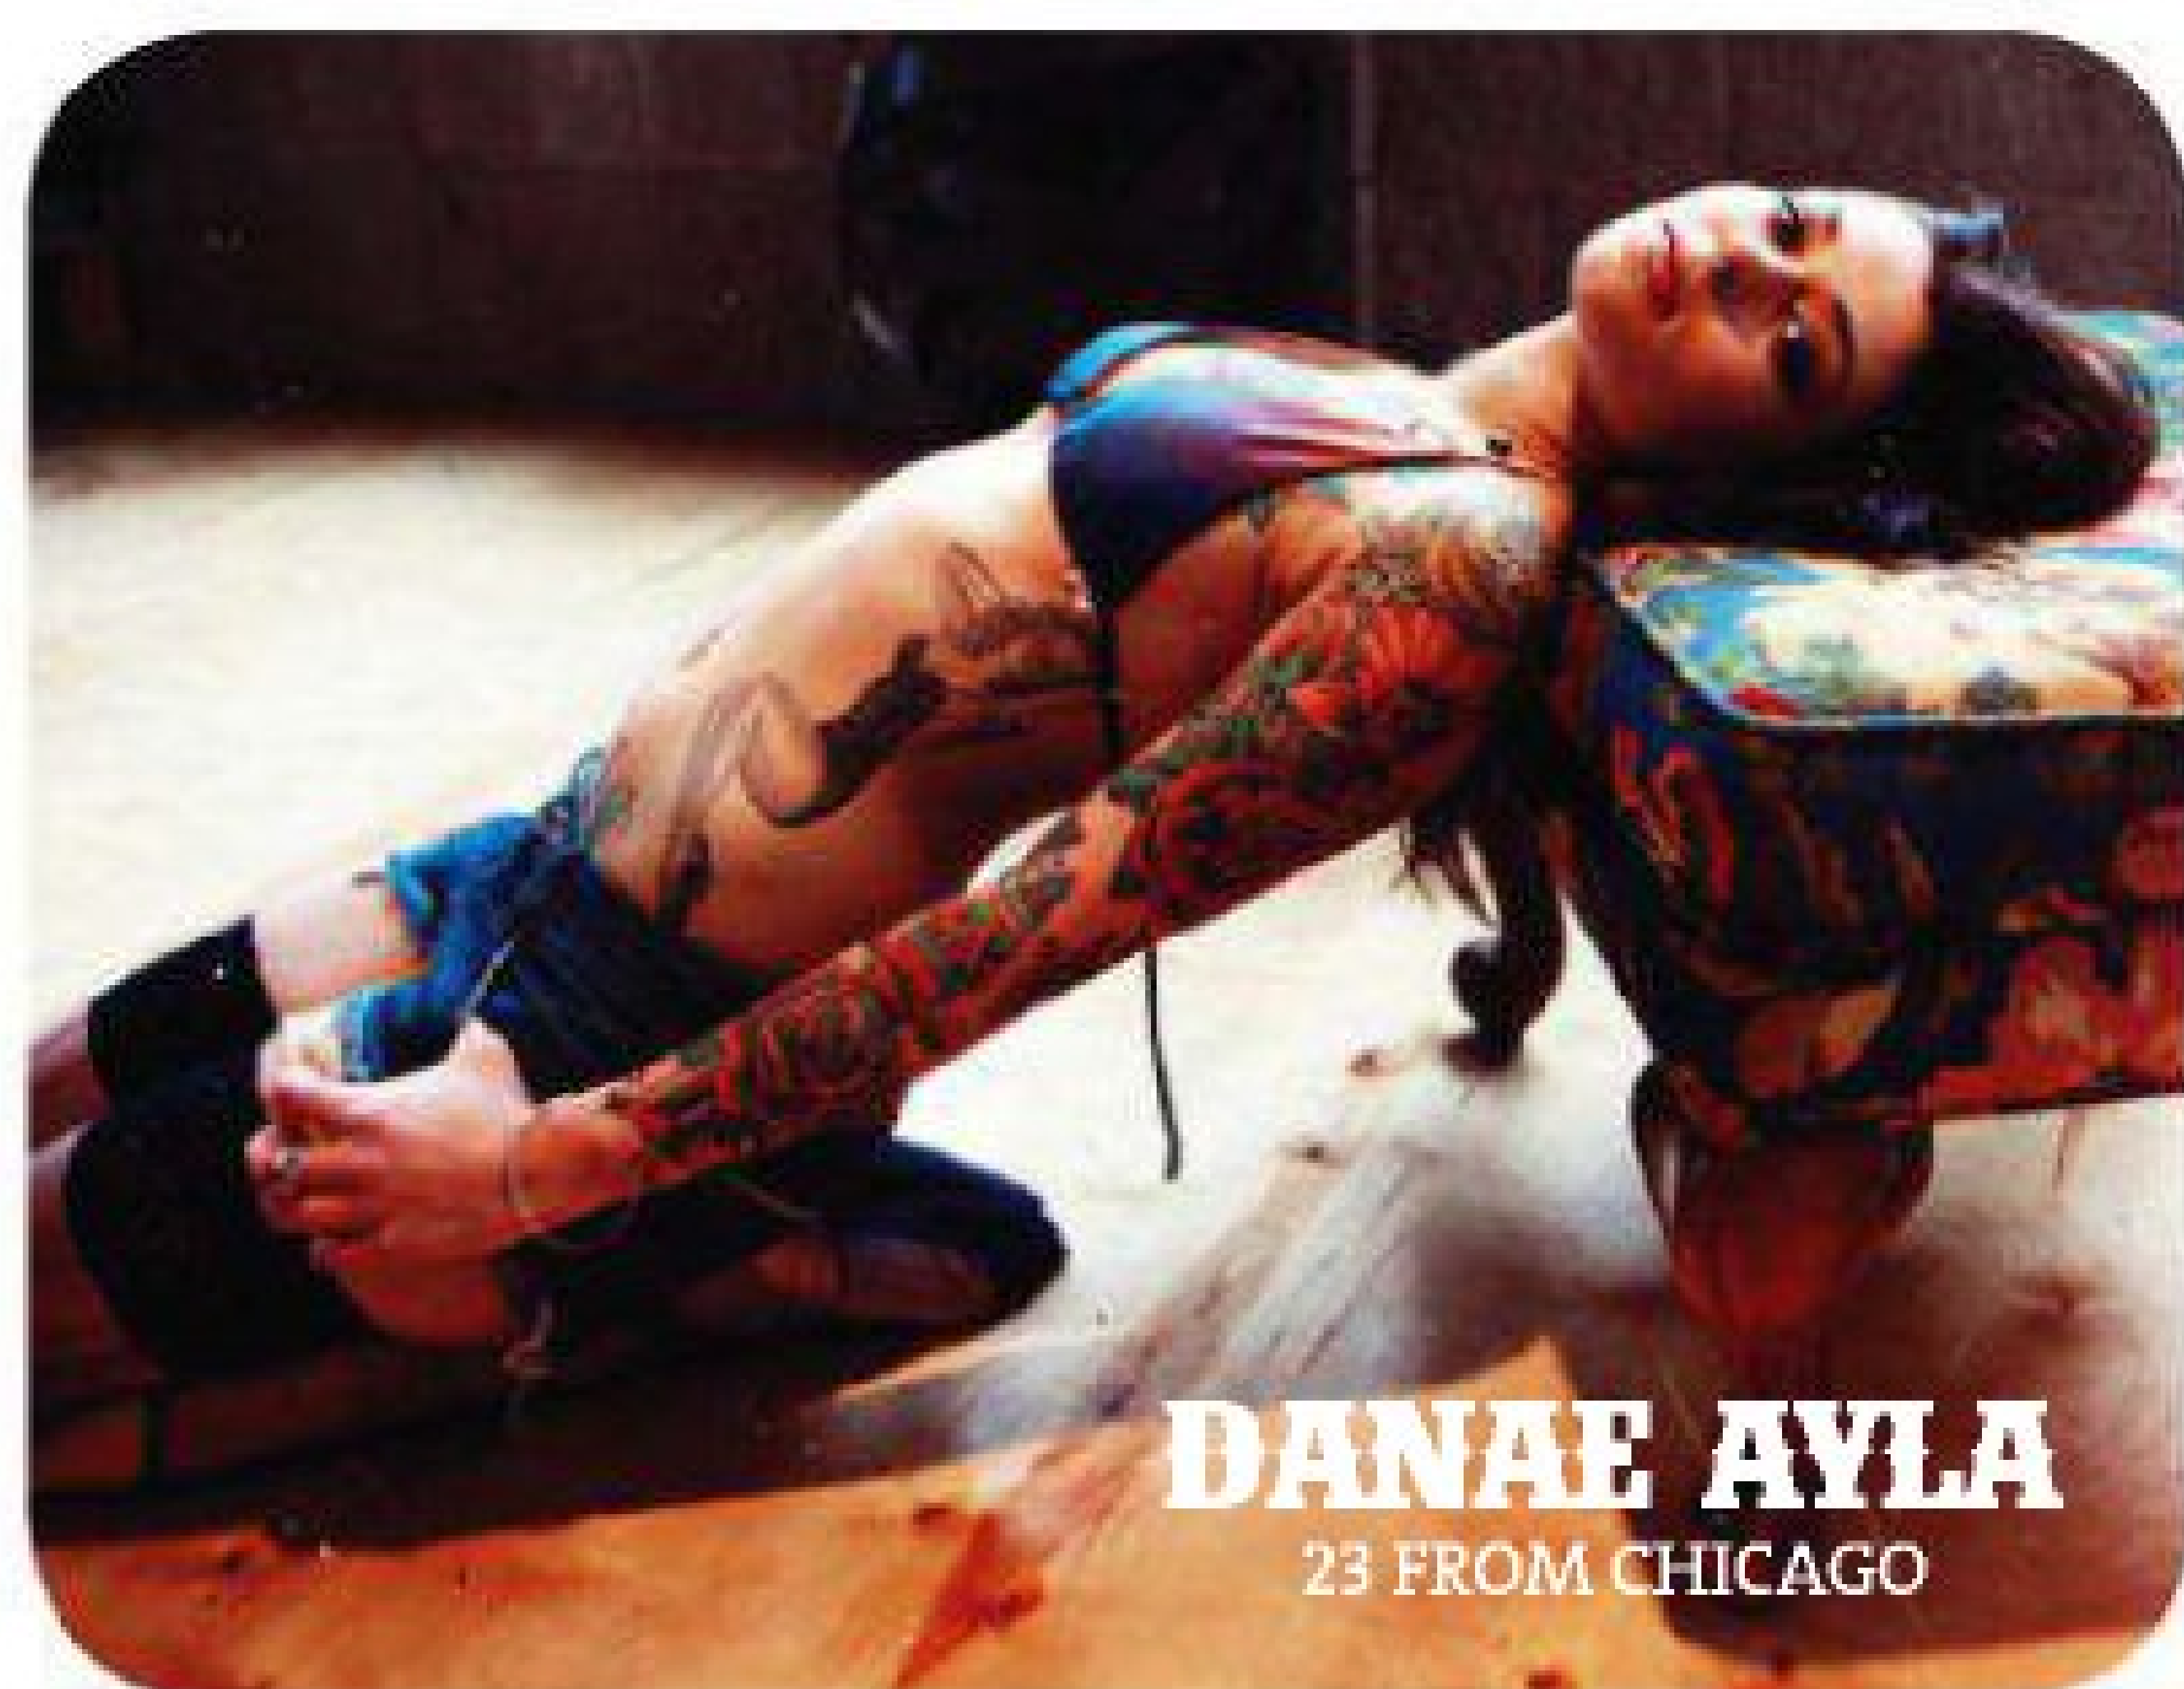

"I always get followed around shops by security. It baffles me, because if they knew how much all this tattoo work cost, they'd know I could probably afford a loaf of bread."

"Holy balls, getting the tops of my feet done took some guts. It felt like my feet were being cut off, and for a few days after I was in agony. I think I lost weight because I couldn't walk to the fridge."

IS THERE ANYTHING YOU WOULDN'T GET TATTOOED?

"I once met an extremely lovely girl that had lady parts

tattooed onto the back of her head. Kudos to her for doing it, but I'll stick to my own art history theme, I think."

WHAT GOT YOU HOOKED ON TATTOOS?

"That would be back in primary school, where I found a picture of a lady with a stick man and a lawn mower tattooed as if he was trimming her pubes away. I thought it was the coolest thing ever."

"I thought they did at first. I'll still get tattoos that remind me of happy or sad times, but I also get pieces I just love. When I think of something, I'll check in with my top ten artists and choose one of them so I get an awesome piece of art."

WHICH IS YOUR FAVOURITE TATTOO?

"I'll go for my hand. It's really feminine and has my favourite colours in it. It came out exactly as I wanted, too. It's perfect, and I wouldn't change a thing about it."

RIGHT FOREARM This covers up my first ever tattoo, which was a bloody awful nautical star. Chad Koeplinger is doing it for me. It was a random, unplanned thing, but I really love it so far. Nobody told me how much ink on the wrist hurts!

BUTTERFLY SLEEVE

I had this done when I was 18. I don't really like giving stories behind my pieces, because I don't really like that cheesy aspect of tattooing, but I used to chase butterflies around my garden as a girl. I was really nervous about getting such a big piece

done so early on, but it was a good decision.

SPIDER BACK OF LEG

This is my favourite. I don't even like spiders, but a guy called Steve Bolts, who is an amazing traditional artist, came over and I had to get something by him. It took only 15 minutes, and didn't hurt at the time, but the swelling and pain on my Achilles' afterwards was insane. I couldn't get out of bed.

ALL SEEING EYE I fancied

getting this for quite a while, and had a half hour to burn so got it done. Easy, huh? I haven't really been able to get this out to show people yet, because it's been too cold to wear shorts and skirts. It's quite a masculine thing to get your legs done and apparently girls get a bit of grief for it, but I'm looking forward to seeing how many people I can upset with it!

PIN UP ON LEG This was done in the tattoo shop I work at, Frith Street Tattoos. She was my favourite character from a story I loved as a

OTHER SLEEVE

I've always wanted a super hot girl on my arm, and have guys fancy her. Vallerie at Frith did this for me, because she's fucking brilliant at

this type of thing. People think she's beautiful, which is nice, especially as some guys think it's me. The clock face is blank, but I'll stick my birth time in there. It's 00:05 if anyone cares.

HEART HANDS

Once again, this was totally spontaneous. I like to keep my tattoos as girly as possible, and think this suits me perfectly. I'm stoked at how well it came out as there was no thought behind it. I haven't had the guts to finish it yet, though. It's a real killer.

NECK I got a lot of stick for getting my neck done. It's not the typical thing to get there, especially as a girl. People were shocked that I got this, but do you know what? I wanted something different so I fucking did it and I love it. I can see people touching their necks subconsciously when they're speaking to me. It's really odd.

KNUCKLES When people see that it says Live Wire, they instantly think it's from the Mötley Crüe song, which it isn't. It's just an expression which I guess describes the way I am. It's definitely less relevant now, as I think I'm less crazy these days. It was either that, or Game Face which would have been ace, too.
LIKE: 5/5 **TIME:** 2/5 **PAIN:** 2/5

SLEEVE Ah, my unfinished bastard sleeve. Basically, I'm pirate-obsessed. I love the pirate lifestyle and booze ethics. The girl here was originally meant to be me, but it looked way too similar and freaked me out so I had it changed. I also didn't want a Steve-o from Jackass-style tattoo, because that's cheesy.
LIKE: 5/5 **TIME:** 5/5 **PAIN:** 4/5

CHEST This is slightly different from everything else, as it's dot work. I really like the sensation of the tattooist doing this type of tattoo on my chest, but it can be uncomfortable round the collarbone. The artist took it as a massive compliment when I asked him to do it, as obviously my boobs are important to me. I reckon it makes my tits look way sexier!

BACK Tattoos are an awesome way to chat up guys, and this one on my back works a treat. Lots of people love my back piece. It works really well with the curvature of my body, and fits in well with my pirate theme. I got the idea from a t-shirt I owned as a kid, and always wanted it inked onto me.

INSIDE LIP I have the word 'love' written inside my lip. It's a matching tattoo with one of my best friends. I really didn't think that it hurt that much, and it healed in a day which was ideal. I reckon everyone should get a tattoo there because it's always hidden, doesn't hurt and is really quick to get.

BUTTERFLY I had this done in Thailand, traditionally with bamboo. It fucking hurt. It took about nine hours in just one sitting. It was quite sketchy doing it over there, especially when someone comes at you with a massive bamboo stick. The fact I was drunk when I had it done made it a bit easier. It made it more fun, too.

SPINE This was my first tattoo. They're song lyrics written in Arabic from Sometimes by City and Colour. I went to a little shop in Bristol and spoke to an Arab guy to make sure that the words were right. Getting song lyrics is okay, but make sure you don't over-listen to the song afterwards. I don't like the tune as much anymore.

(INSIDE LEFT THIGH) I didn't get a broken heart there for the reason people always think I did. I've got lots of hearts on me already, and just decided to get a broken one to mix it up a bit. It's done really badly, but again that was a random decision on my part.

BANKS GONE BUST

In late 2008, the world financial system had a coughing fit and collectively shat its pants as major British banks came within a fat cat's whisker of calling it a day and pissing our money all up the wall. It was so bad that it was later revealed a senior Government minister spent the morning in Tesco, stocking up on tinned food for the imminent collapse of society. **WILL IT HAPPEN AGAIN?** Some economists are predicting round two of the recession to start this April, with entire countries, including Spain and Portugal, going bankrupt and hundreds of millions of people losing their jobs, cashpoints drying up and people's savings vanishing overnight. Which means only one thing: motherfucking mayhem.

A BAD CASE OF THE GLOBAL SNIFFLES

Try not to worry too much about swine flu – your local authority has fortunately stocked up on hundreds of thousands of body bags and made plans for mobile morgues in the back of refrigerated

lorries, in preparation for the case when things do really kick off. In 1918, the Spanish Flu epidemic killed 100 million people worldwide. Ninety years on, with more intercontinental travel, overcrowded cities and unhygienic farming conditions, the severity and death toll of a new flu epidemic would be far higher, overwhelming hospitals and bringing developed countries to a standstill, with bloody nationwide carnage following quickly behind it before you can say Beechams.

WHEN WILL IT HAPPEN? Er, it's sort of happening now; over 14,000 people have died globally from swine flu. And you're looking kinda peaky mate, maybe you should sit down and take a breather?

OIL ALL GONE

Ah, the lovely flammable black sludge that fills our cars, flies us off on holiday and gets seagulls all sticky on the news. Well, it's about to start running out, and it's going to bring everything we know crashing down around our ears. Ten years from now, we'll only be pumping as much out of the ground as we did in 2001. Problem is, we'll have more cars, planes and people than there were back then. For the first time in history, the world will have less oil than it needs, and every country will be demanding a bigger share of the black stuff. Which means £10 a litre at your stinky petrol station, a few oil-related wars, rationing, riots, and the police trying to keep order on bikes because they can't afford to fill up their cars.

HOW SOON? Many experts predict we'll hit the peak oil supplies in 2012, while others argue that we've hit it already and the chaos is right around the corner. Lovely.

WHAT TO DO WHEN THE END COMES

HIDE!

Doomers, an ever-growing group of people who believe our dependence on oil will soon come back to bite our arses, spend a huge amount of time online discussing their well-stocked survival pads, or 'retreats'. Many of them spend tens of thousands of pounds equipping their houses with bunkers secured with steel doors and piled high with food. Most of us can't do this, due to pissing our money away on booze, but for a hundred quid, it's possible to hide out for a month at home when the world collapses. Water is more important than food: you'll start dying after three days without it. You'll also need tinned meat, beans, fruit and veg, plus blankets, a bucket, and plastic bags. Lots of plastic bags – you'll be shitting in them. Everyone remembers the food, but if you want to stay well enough to keep it down, you'll need to crap in a bag and chuck it. If you're considering bringing a lady along to the end of civilisation party as a romantic getaway, think again. It's pretty likely you're going to have to eat her at some point.

DINING ON THE ROOF

WHAT TO EAT WHEN
YOUR FOOD RUNS OUT

Spit-Roasted Cat

Calm down. People have eaten cats when times got tough for yonks. Cat was a staple in occupied Europe during World War II – in Amsterdam, it was known as 'roof rabbit'. Our own recipe is even older, originating with Rupert de Nola, the Jamie Oliver of the 1500s. First, remove your cat's head – De Nola believed that eating the brain would send you mad. Skin and gut your cat, and wash it out. Then, wrap it in a cloth and bury it for 24 hours to tenderise it. Take an old car aerial, insert it into your cat's bottom and keep going until you have aerial at each end of the cat. Drive two forked sticks into the ground on either side of your cooking fire and spit-roast the cat over it. The original recipe says to rub the cat with olive oil and garlic. If you can't find any, old engine oil and leaves might do the trick. Bon appétit!

Rat Kebab

To skin your rat, make a horizontal cut across its back. Now insert two fingers of each hand into the slit, and pull hard while trying not to vomit. The skin should slide off each end. Remove the head, then cut down its abdomen and scoop its guts out with your fingers. Now, cut a thin branch from a live tree, strip the bark, sharpen the end, and stick it up your rat's bottom. Right up there... right up to the neck. Congratulations, Nigella – your rat is ready to cook!

WHAT TO PACK

IT'S GONNA BE
HAND-LUGGAGE
ONLY WHEN THE
COLLAPSE HAPPENS.
HERE'S THE BARE
ESSENTIALS

SLEEPING BAG

The first priority of survival is keeping warm. It's even more important than getting your mitts on food and water.

NO BAG? Cover yourself in cat food. You'll soon be surrounded by stray kittens surrounding you with their fluffy warmth. Mmmm, tasty kittens.

DYING

Look, if we're being realistic about it, you're fairly likely to die in the event of a full-scale collapse. On the upside, you've got a world of choice about how to go! Your options include, but aren't limited to:

- Crapping yourself to death after contracting cholera from dirty water
- Poisoning from cheap, home-distilled alcohol
- Stomped to death during a brawl over a bag of nuts in a derelict Wetherspoons
- Being crushed flat under the tracks of a speeding army tank
- Mauled to death by a pack of starving dogs, including a beastly pug
- Taking a rubber bullet through the eye during a bloody riot
- Being bummed half to death, then eaten by post-bumming cannibal looters who are hungry for a post-shag bite
- Falling out of a tree after being stung by a radioactive wasp while scrumping apples

**FLEEING TOWN**

Don't try this on foot unless you can get out well ahead of time: you'll be easy prey for looters and bum-rapers, and you'll probably be turned back towards town by the authorities, who'll prefer everyone in one place to keep order/nuke if it all goes tits. Escaping early by car works better, but there's a trick to it. First, you'll need to know a quiet road out of town that's likely to be clear when chaos erupts. Second, you need enough petrol to pull it off, and that entails keeping extra. Any Doomer worth his salt keeps a tank or two's petrol at home (and remember: petrol only keeps for six months before it degrades, so rotate your supplies regularly). And if things go really shithouse and you can't get out, light it and down it in shots, like a more palatable form of sambuca.

**HARD CASH**

A bit of silver can mean the difference between bribing your way out of a warzone or being left to scrap in the rubble.

NO HARD CASH? Monopoly money may fool an armed soldier if the light is low, or if you rapidly wave it around very close to his stern face. He'll like it, really, give it a go.

20P COINS

Mobiles will be permanently down; if anything gets fixed, it'll be phone boxes. Have a stash of coins to call your loved ones to let them know you've just been sodomised by a stray dog.

NO PHONE? Yoghurt pots and string have been helping people communicate since Roman times – just make sure you've got tonnes of string.

WHISKEY

Heavy to carry but can clean a wound, be exchanged for your freedom, or used to get you horribly drunk when you finally give up and accept your fate at the hands of zombies.

NO BOOZE? A Friends box-set will suffice, no one can possibly feel depressed after watching the one where Chandler takes up smoking and coughs himself silly.

HONEY

It's pure energy, it never goes bad, and it can even be used as natural antibiotic to treat burns, grazes and gun shot wounds.

NO HONEY? Then make sure you've got chips. Chips go with everything, particularly palatable with rat kebab.

FRIEND OR FOE?

WHEN
CIVILISATION
COMES TO AN
END, EVERYONE'S
YOUR FOE. HERE'S
WHO YOU MIGHT
MEET...

PLAGUE-RIDDEN ZOMBIE

DANGER RATING: ■■■■■■

WEAPON OF CHOICE: Recently-grown
nails and big fuck-off teeth

MOST LIKELY TO SAY: "Grrrrargh... Brains.
Braaaaaaaaaaains!"

HE WAS JUST A normal X Factor-watching,
Carlsberg-drinking, run-of-the-mill member
of the public before the plague hit, and now
he's a killing machine with nothing on his
dribbly mind other than eating the contents
of your skull. Letting nothing stand in his
way – doors, fences, other zombies – he'll
devour his way through everything like,
well, a mindless zombie, untroubled by
complex ideas like independent thought
or what he's going to do when he runs out
of brains. Probably start eating willies or
something instead, eh.

SURVIVALIST

DANGER RATING: ■■■■

WEAPON OF CHOICE: Modified shotgun
that fires spinning axes

MOST LIKELY TO SAY: "The only thing I'll
run out of at this rate is Kleenex."

THIS GUY WASN'T just prepared for the
end of the world – he was looking forward
to it. His secluded farmhouse retreat sits
on five acres of farmland on Exmoor. It's
equipped with reinforced steel doors, solar
power, a freshwater well and a massive
mantrap outside the front door. His pantry
contains several hundred kilos of wheat,
rice, beans, honey, powdered milk, tinned
meals, vitamins, dehydrated vegetables,
and porn. He's got all he needs to stay put
for years, and would rather pump you
full of lead than share his back copies of
Shaven Havens.

KILLER CARAVAN LEADER

DANGER RATING: ■■■■■■

WEAPON OF CHOICE: A blood-soaked chain with an affectionate nickname

MOST LIKELY TO SAY: "Alright handsome, say hello to my mate... Chuckles."

HE USED TO BE a top football hooligan; now he leads a 'Killer Caravan' – a roaming convoy of six battered vehicles that trundles through countryside villages, looting houses and killing anyone who gets in the way. If you're living outside a big town, trying to make a go of it by growing food in your garden, this bloke is your worst nightmare. He gets by on his brutality and a stash of Famous Grouse he looted from a ruined pub. If you see him coming, get your Panni Sticker collection out; a shiny swap might spare you a bumming.

PRIVATE SECURITY

DANGER RATING: ■■■■■■

WEAPON OF CHOICE: Army-issued sub-machine gun with a girl's name

MOST LIKELY TO SAY: "Back the fuck up, those are Mr Cowell's chickens!"

HE USED TO BE a soldier till the Army returned from overseas due to lack of funds. Nowadays, he's a security guard for a gated community of government officials, billionaires and gangsters. With no police force, the UK's few rich neighbourhoods club together to employ private armed patrols to keep looters out. Our man spends his days patrolling the razor wire, trigger finger-itching and sitting under glass coffee tables watching rich people take a dump. Don't let him catch you with a contraband chicken stuffed down your pants, he'll have your testicles for his collection.

NOUVEAU PEASANT

DANGER RATING: ■■■■■■

WEAPON OF CHOICE: Hot cabbage soup

MOST LIKELY TO SAY: "Had to eat Mum last week, mustn't grumble."

HE USED TO BE a high-powered marketing executive, but when the economy collapsed, his job went with it and he soon got turfed out of his luxury apartment. Nowadays, he hoes a cabbage field for the Government, in return for a shed to sleep in and all the cabbage he can eat. His interests include cabbage soup, cabbage stew, and crying hot, salty tears. He'll probably sell you out for any item of food that isn't cabbage.

DEFEND YOURSELF

Doomers in the USA hoard as many guns as they can. You're not even allowed to be a Doomer unless you've got at least one firearm for every day of the week and two for Sunday. In the UK, that's sadly not an option, making self-defence more about hand-to-hand combat. As a measure of last resort, roll up your copy of FRONT and use it to stun attackers.

FYI

King Apparel have been busy bastards, designing 6,000 different caps with New Era to date. It must be like a friggin' sweat shop round there (albeit a non-exploitative one).

KING X STARTER

King Apparel were the first brand in the world to work with New Era on the classic 5950 model. And now, to cap it off, the serial pioneers have the prestigious honour of being the first UK label to join the likes of In4mation, Kid Robot, and Mighty Healthy in launching a series of snapback caps on the hot as shit Starter Black Label programme.

“MY MANTRA IS NEVER TO START A FIGHT BUT ALWAYS TO FINISH IT”

HELLO DAN. THIS YEAR'S TREATED YOU VERY WELL SO FAR, WHAT WITH BIG-SHOT MUSIC PEOPLES LIKE ZANE LOWE BIGGING YOU UP. WHAT ELSE HAS MADE YOU SAY, "CHRIST, WE'RE DOING WELL HERE"?

This year has been incredible for us already, but in terms of other things I guess seeing a load of WATO tote bags in Europe was an indication. Some girl is apparently making them over there unofficially and selling them like hot cakes. It's a crazy thought: our name making someone cash without us knowing.

WHAT ABOUT ON HOME SOIL? ANYONE STOPPING YOU IN THE STREET YET?

Not in the street, but I did get followed by a group of kids in a supermarket in Brentwood. They came up to me afterwards, and one said "You're Dan from WATO, yeah?", to which another said "No way, why would Dan from WATO shop in Brentwood?". It cracked me up.

YOU SHOULD HAVE USED YOUR NEW-FOUND FAME AND MADE THEM BUY YOUR SHOPPING FOR YOU.

[Laughs] Nah, that would have been shitty. Having said that, Liam and Alfie got on the bus once, and the driver recognised them. He told them to put their money away and get on for free. Pretty ace.

IT'S ONLY A MATTER OF TIME BEFORE YOU'RE ARSE-DEEP IN GROUPIES THEN?

That's not going to happen right now. We all have girlfriends to keep happy. But we're up for creating a worldwide fanbase. Hopefully this new album will help us get that.

THAT'S SET TO DROP APRIL 25. HAVE YOU HAD SECOND-RECORD DIFFICULTIES?

Of course. Don't get me wrong, the debut was nerve-wracking too. It's how you establish your name to people. With this album we had to try and outdo ourselves and make sure current and new fans will like it. We're so happy with what we've made, but it was definitely a challenge.

LAST TIME WE MET, YOU PLAYED A GIG IN OUR OFFICE AND GOT THE POLICE CALLED ON US. ANY MORE RUN-INS WITH THE 5-0?

I'm totally shifting the blame onto you guys for that. You knew what you were getting into and that we were a loud bunch. There's not been much trouble with the police, aside from one time in Switzerland...

THAT SOUNDS LIKE THE BEST START TO AN ANECDOTE EVER...

Ha, yeah, this time in Switzerland we were on our way to a gig and got flagged down. Not only did they search the van, they set the

fucking dogs off, too. It was dead scary, but we were clean and they let us go. Thankfully.

ARE WATO LOVERS OR FIGHTERS? IS THERE A BAND THAT YOU'D LOVE TO ASS-KICK?

I wish we could dish some dirt here, but really there's nobody that we've not got along with. In terms of lovers or fighters, I've never been one to throw the first punch. My mantra is never to start a fight, but always to finish it.

SO WHAT WOULD YOU DO IF WE SPREAD A RUMOUR THAT WATO REALLY MEANT WORLD ANUS TOUCHING ORGANISATION? HUH? COME ON THEN!

Er, that would be just a bit nasty really. We'd just hit you where it hurt: the pocket. Our lawyer is smart, so get ready to cough up. It's not gonna be pretty.

OK, WE'RE SORRY. WHAT'S THE LEAST PRETTY INJURY YOU'VE SEEN AT ONE OF YOUR GIGS?

We only ever find out about stuff like that afterwards, via Twitter and Facebook. I remember someone tweeting us to say they broke their arm during our set. Although that's pretty fucking cool and means the crowd go really hard, you can't help but feel a bit guilty. You want to go give them a hug, or maybe a bit of merch to cheer them up.

YOU BIG SOFTY, YOU. YOU SUFFERED A FEW BROKEN BONES YOURSELF RECENTLY, THOUGH. WHAT WAS THIS CAR CRASH YOU HAD?

Christ, that was scary. We'd just come off tour in Europe and off the ferry, when our van collided with a lorry on the motorway. Liam broke his nose, I broke my leg and fractured my heel, and everyone else was cut up. The van was a complete write off, too.

WITH BROKEN BONES IN THE CROWD AND ON THE ROAD THE SAFEST PLACE FOR YOU GUYS IS DEFINITELY ON STAGE, IT SEEMS.

Even then there's bloodshed. I've fractured my ankle on stage and had a bass wrapped around my face by our bassist Jack. My lip was busted right open. Everyone called me Andrew WK because of the amount of blood down my shirt. It's all been worth it though.

AND FINALLY, THE OCEAN IS SET TO RISE BY 2.5 FEET BY 2050. AS YOU '...ARE THE OCEAN', WE'RE EXPECTING SOME ATTEMPTS ON YOUR LIVES FROM ANGRY COASTAL DWELLERS. HOW ARE YOU GONNA DEAL WITH THAT?

[Laughs] 2050? We'll be very old angry men by then. Who knows, WATO may not be around. I guess we'll have to wait and see.

DALEK

"These cost about £4k. I remember putting 10p in the one on Felixstowe Pier when I was a kid, and I've wanted one ever since. The first one I found was in an antiques shop, but they were asking crazy money for it. This one I found online, and I originally asked for a grey one. As soon as I saw the black one on the front of the Radio Times with [former Doctor] David Tennant, I knew I had to change my mind."

SNOWBOARD

"I try to fit in a bit of boarding during days off on tour. I'm alright at it, but I was much better at skateboarding. My mate Bam Margera tried getting me back into skating when I went to stay with him recently."

ACTION FIGURES

"I guess I've just never really grown up. My wife always moans about having this crap around the house, as she wants the place to be a bit more sensible. Having said that, we used to have a pirate skeleton in the kitchen that was all lit up."

SIGNED MUNSTERS PHOTO

"There's an amazing woman in the US who always gives me really cool signed things like this when she sees me. She got me a Boris Karloff [the classic '30s Frankenstein's monster], and a Bela Lugosi [the classic '30s Dracula] that I have on the stairs. I'm really into my classic horror movies."

SKELETON BUTLER/GROOM

"My wife bought the butler [right] to keep our keys on, and the groom [up to the left, there] is from Philadelphia. I go to the store that I bought it from quite a bit. It's full of strange Victorian stuff and the owner wears a tailored suit."

MINI-ME

"There's a fan out in Cincinnati who makes these dolls of me. Every time we tour over there, I get another one. They got quite good, and then a bit rubbish at one point, especially when he made it quite chubby. I've got about six or seven of them. I get some pretty cool gifts from fans, like shark teeth and tiger claws."

Lately I've been getting my girlfriend to poke my bum while we're having sex. Not in a hard way, I just get her to sink her middle finger progressively deeper into my bonus tunnel. It feels great but I don't think I'm gay. I'm not gay. Am I gay?

Name withheld, via Facebook

It's not often people's questions get me aroused, but for some reason you have me reaching for my blue tickler. I think it's the use of 'progressively deeper'. You definitely aren't gay, though, writer. The amount of bumholes I've dug around in is a JOKE. All you men love it and need to get the fuck over it. Unless a big guy called Doug or Hans or Pierre is rimming you or is knee-deep in your anus, you are most definitely straight.

UNLUCKY, MATE

Dear Von, I've had rubbish luck when I'm trying to fire into girls on nights out when all my mates seem to do it with ease! Any words of advice?

Pablo, via e-mail

I've said it before and I'll say it again, Pablo: you need to stick out from the crowd and act just the right amount of douche. Girls love cocky arseholes, but push it one step too far and you won't get a look in. You get me? Make sure you look a BIT different, too. Try a pirate's outfit and a Trinidadian accent, then I'll notice you.

YOU WHAT?

I gave this hot eastern European a fake rose last September. She took it then told me a week later to stop taking the piss out of her. I haven't said anything to her for months now and I'm going mad. Help me!

I just don't understand what the fuck you're talking about, anonymous writer. All I got was, 'I live at home with my mum and like fucking dolls that I make myself out of sausage meat and used children's clothing'. Your letter has been forwarded to the relevant authorities to test for samples of blood and semen.

WHERE DO YOU GO, MY LOVELY?

The girls in FRONT are fantastic, Von, especially yourself. Are you all made in a sexy factory or are you real? And if you are real, how do I approach and obtain one of you for myself without getting a restraining order out against me?

Matthew, North Wales

We are all real and if I'm honest with you, we do not look like this all the time. I'm currently wearing boy's pants, I haven't washed my hair in almost five days and I'm starting to look a bit like Edward Scissorhands. FRONT girls are completely real girls, though. We're full of attitude and love to party hard. Your best bet is to find us in the mosh pit, at the bar drinking Jagerbombs, or at your parent's house doing your mum.

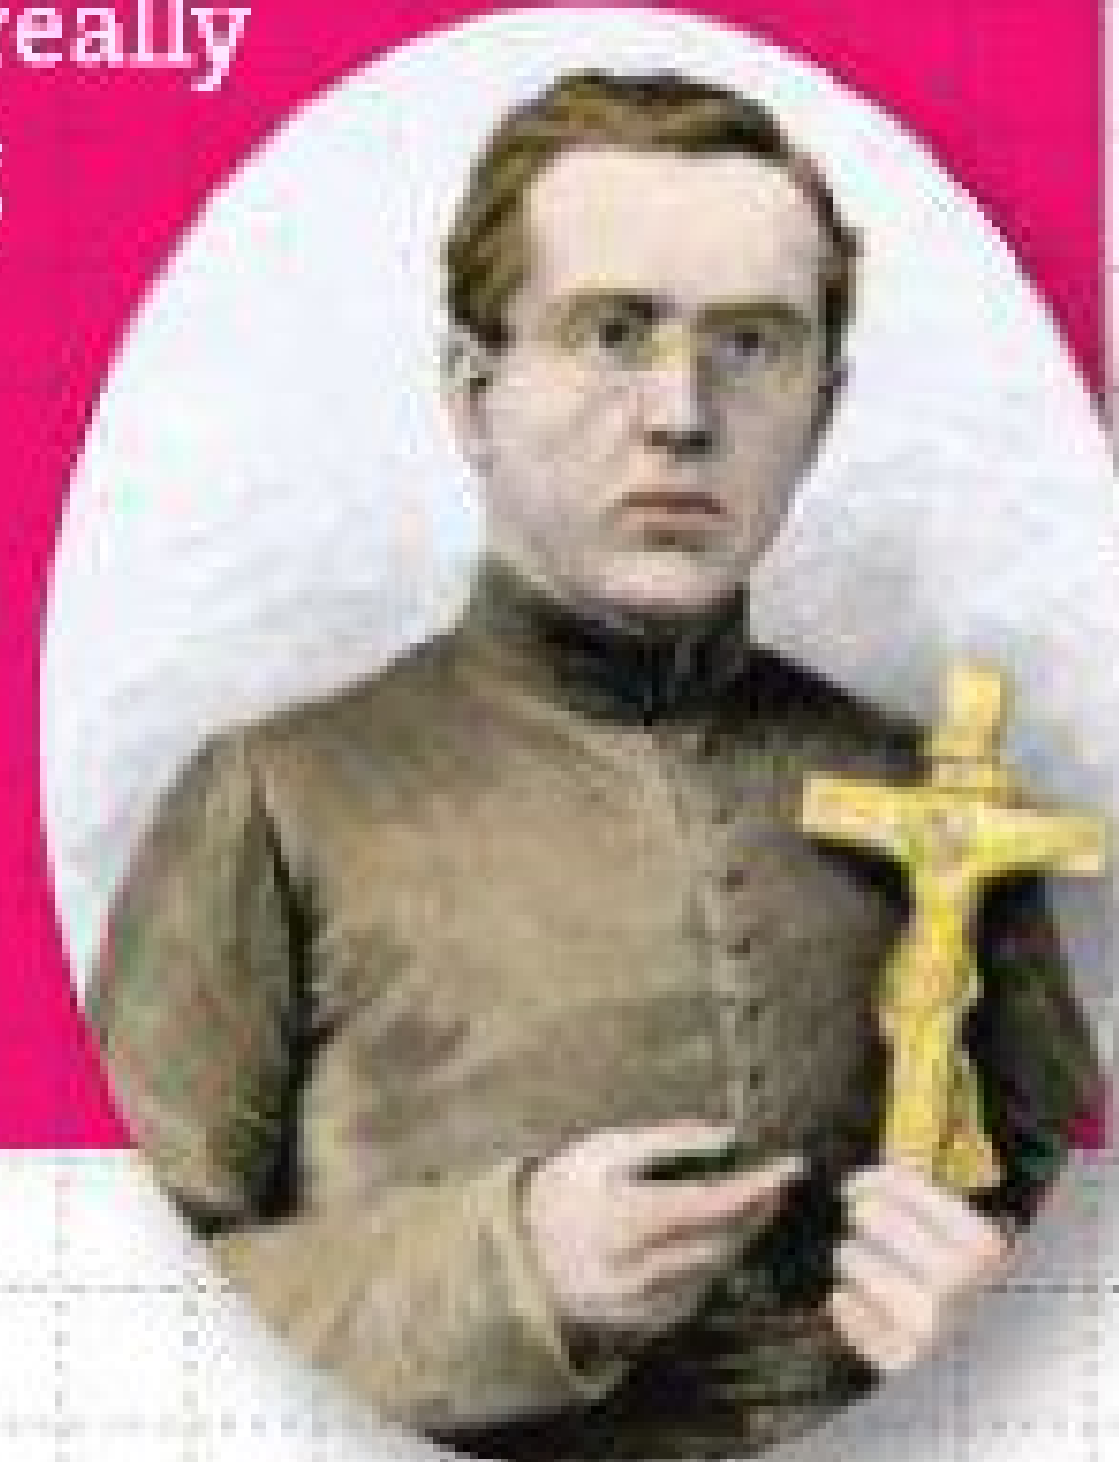

#23 THE MISSIONARY

Don't get me wrong there is nothing worse than getting straight up nailed for 30 minutes stuck in like a corpse, but for me and most girls I know it's the easiest way to make me cum quickly, and sometimes that's all I want, especially if you're totes butters or have a choad. While in it, don't spit in her face, an ex did

this while trying to be 'dirty' and not only did it put my off completely, but it went in my fucking eye. Do look into her eyes, and don't break eye contact - it'll get her right dripping. Do try tantric breathing, as well.

Have a go at blowing your breath into each others mouths at the same time as you screw, it really is fucking HOT.

RACING

SHIFT 2 UNLEASHED

360/PS3/PC

THERE ARE A million and one racing games out there that are all vying for your hard-earned dosh – so how do you know which one to go for? Do you go Forza? Gran Turismo? Or just fuck it all off and get Mario Kart and eight cans of cider? It's a tough decision, one that plagues us every time we walk into our local gaming store and sometimes keeps us up at night with the sweats. Luckily, Shift 2 has come along and made the decision process pretty easy. If you're looking for one of the most realistic racing sims out there that's as close to real racing as you can get, Shift 2 is your man.

Cars include Aston Martins, Bugatti Veyrons and Dodge Challengers and are all fully customisable – there are a multitude of options

for tuning your car, ranging from engine and suspension upgrades to fully-customised bodykits. If you like fiddling, you'll love it, as every little thing makes a difference, with upgrades not only changing your car's performance but sometimes its entire class.

Shift 2 is not an easy game to play, but it's not meant to be. A variety of driving aids exist to help you on your way but if you take them off, be prepared for a heart attack. Races benefit from AI so other cars race against each other and not just you, creating a realistic and challenging ride. It's smoother and more intuitive than other games on the market and the attention to detail is phenomenal – driving on gravel really makes you

feel like you are driving on gravel. I don't know about you, but we were pretty impressed by that, mainly because we got a bit of gravel in our knee once after a drunken whoopsy and it never came out so now we feel at one with gravel.

Released 25 March

HELMET CAM

To add to the realism, Shift 2 has an in-game helmet cam view, which is a bit like that weird Radiohead video where they have cameras on their heads, but more in a car and more awesome.

NIGHT RACING

The night racing in this game is the tits, as it limits your vision. It's scary if you play with total crash damage too, as if you lose your headlights so you can't even see your balls, probably.

TOTAL CRASH DAMAGE

Total crash damage is crap and good at the same time – crap if you crash loads, but awesome just to see the detailed damage to specific areas of your car.

RPG
DISSIDIA
012
PSP

SOMEHOW, USING their mind powers of magic, Square Enix have managed to make Dissidia 012 even more awesomer than its predecessor. We suspect it may have something to do with the addition of FFXIII's Lightning to the Dissidia team as she is MEGA FIT. Dissidia 012 tells the story of the fight between Chaos and Cosmos and focuses on the multitude of new characters added to the game, which include fan favourites like Tifa Lockhart and

Gilgamesh. Gameplay remains similar to the first Dissidia, with you duelling various opponents using combinations of bravery and HP attacks. However, fans of the FF series will love the new story mode, which will see you exploring open world maps in a kind of stripped-down version of the traditional FF games. While fighting as Lightning you can also utilise elements of FFXIII's Paradigm Shift feature during battle, enabling you to change between Commando, Ravager,

and Medic roles. The cut scenes and graphics are eye-wateringly beautiful, even for a PSP, so prepare for a few uncomfortable boners while playing on the bus.

DS

NOW WE ALL know Nintendo have been messing about with 3D for YEARS, but past enterprises, such as 1995's Virtual Boy have been met with a lukewarm response, probably because it included headgear that made you look like Lawnmower Man. Not so with the 3DS which, since its announcement at E3 last year has been one of the most hyped console launches for a very long while now. The big question is,

though, is it any good?

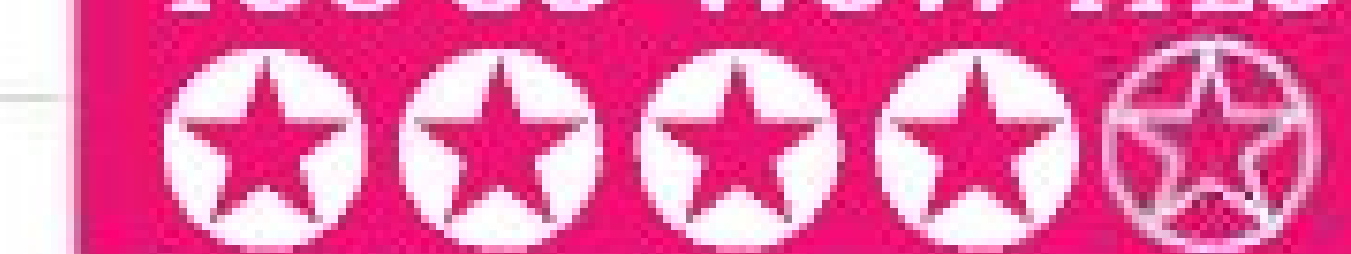

The short answer is yes, it is good. However, on normal arcade games like Super Streetfighter IV, the 3D effect can be a bit headache-inducing and isn't meant for long periods of play. Luckily, there's an option to turn the 3D on or off. The 3DS really comes into its own with its Augmented Reality games which may just blow your mind a little bit. With at least 15 titles lined up for launch (including Mario

Kart), and 30 expected before June (to include Resident Evil), we're already doing lil sex wees thinking about it.

Q&A AN INTERVIEW WITH RACHEL BERNSTEIN, PRODUCER

WHY DID YOU MAKE THE SIMS GO ALL MEDIEVALLY?

It's something we've been talking about ever since The Sims has been around. The Sims community is really creative – they like to make outfits and buildings, and they've often tried to do stuff that looks medieval, so it was only a matter of time.

DID YOU JUST SLAP A COAT OF CYBER-PAINT ON AN EXISTING ONE, OR IS IT ALL NEW?

We didn't start from scratch, as

we had a lot of technology we'd developed in the Sims studio. Sims games are about people, so we started by asking, 'What does it actually mean to be a medieval person?' We soon came to realise that we think of medieval people in terms of their profession – kings, wizards, bards, knights and so on – so we wanted to make sure that you had a different game experience depending on which profession you chose to play as.

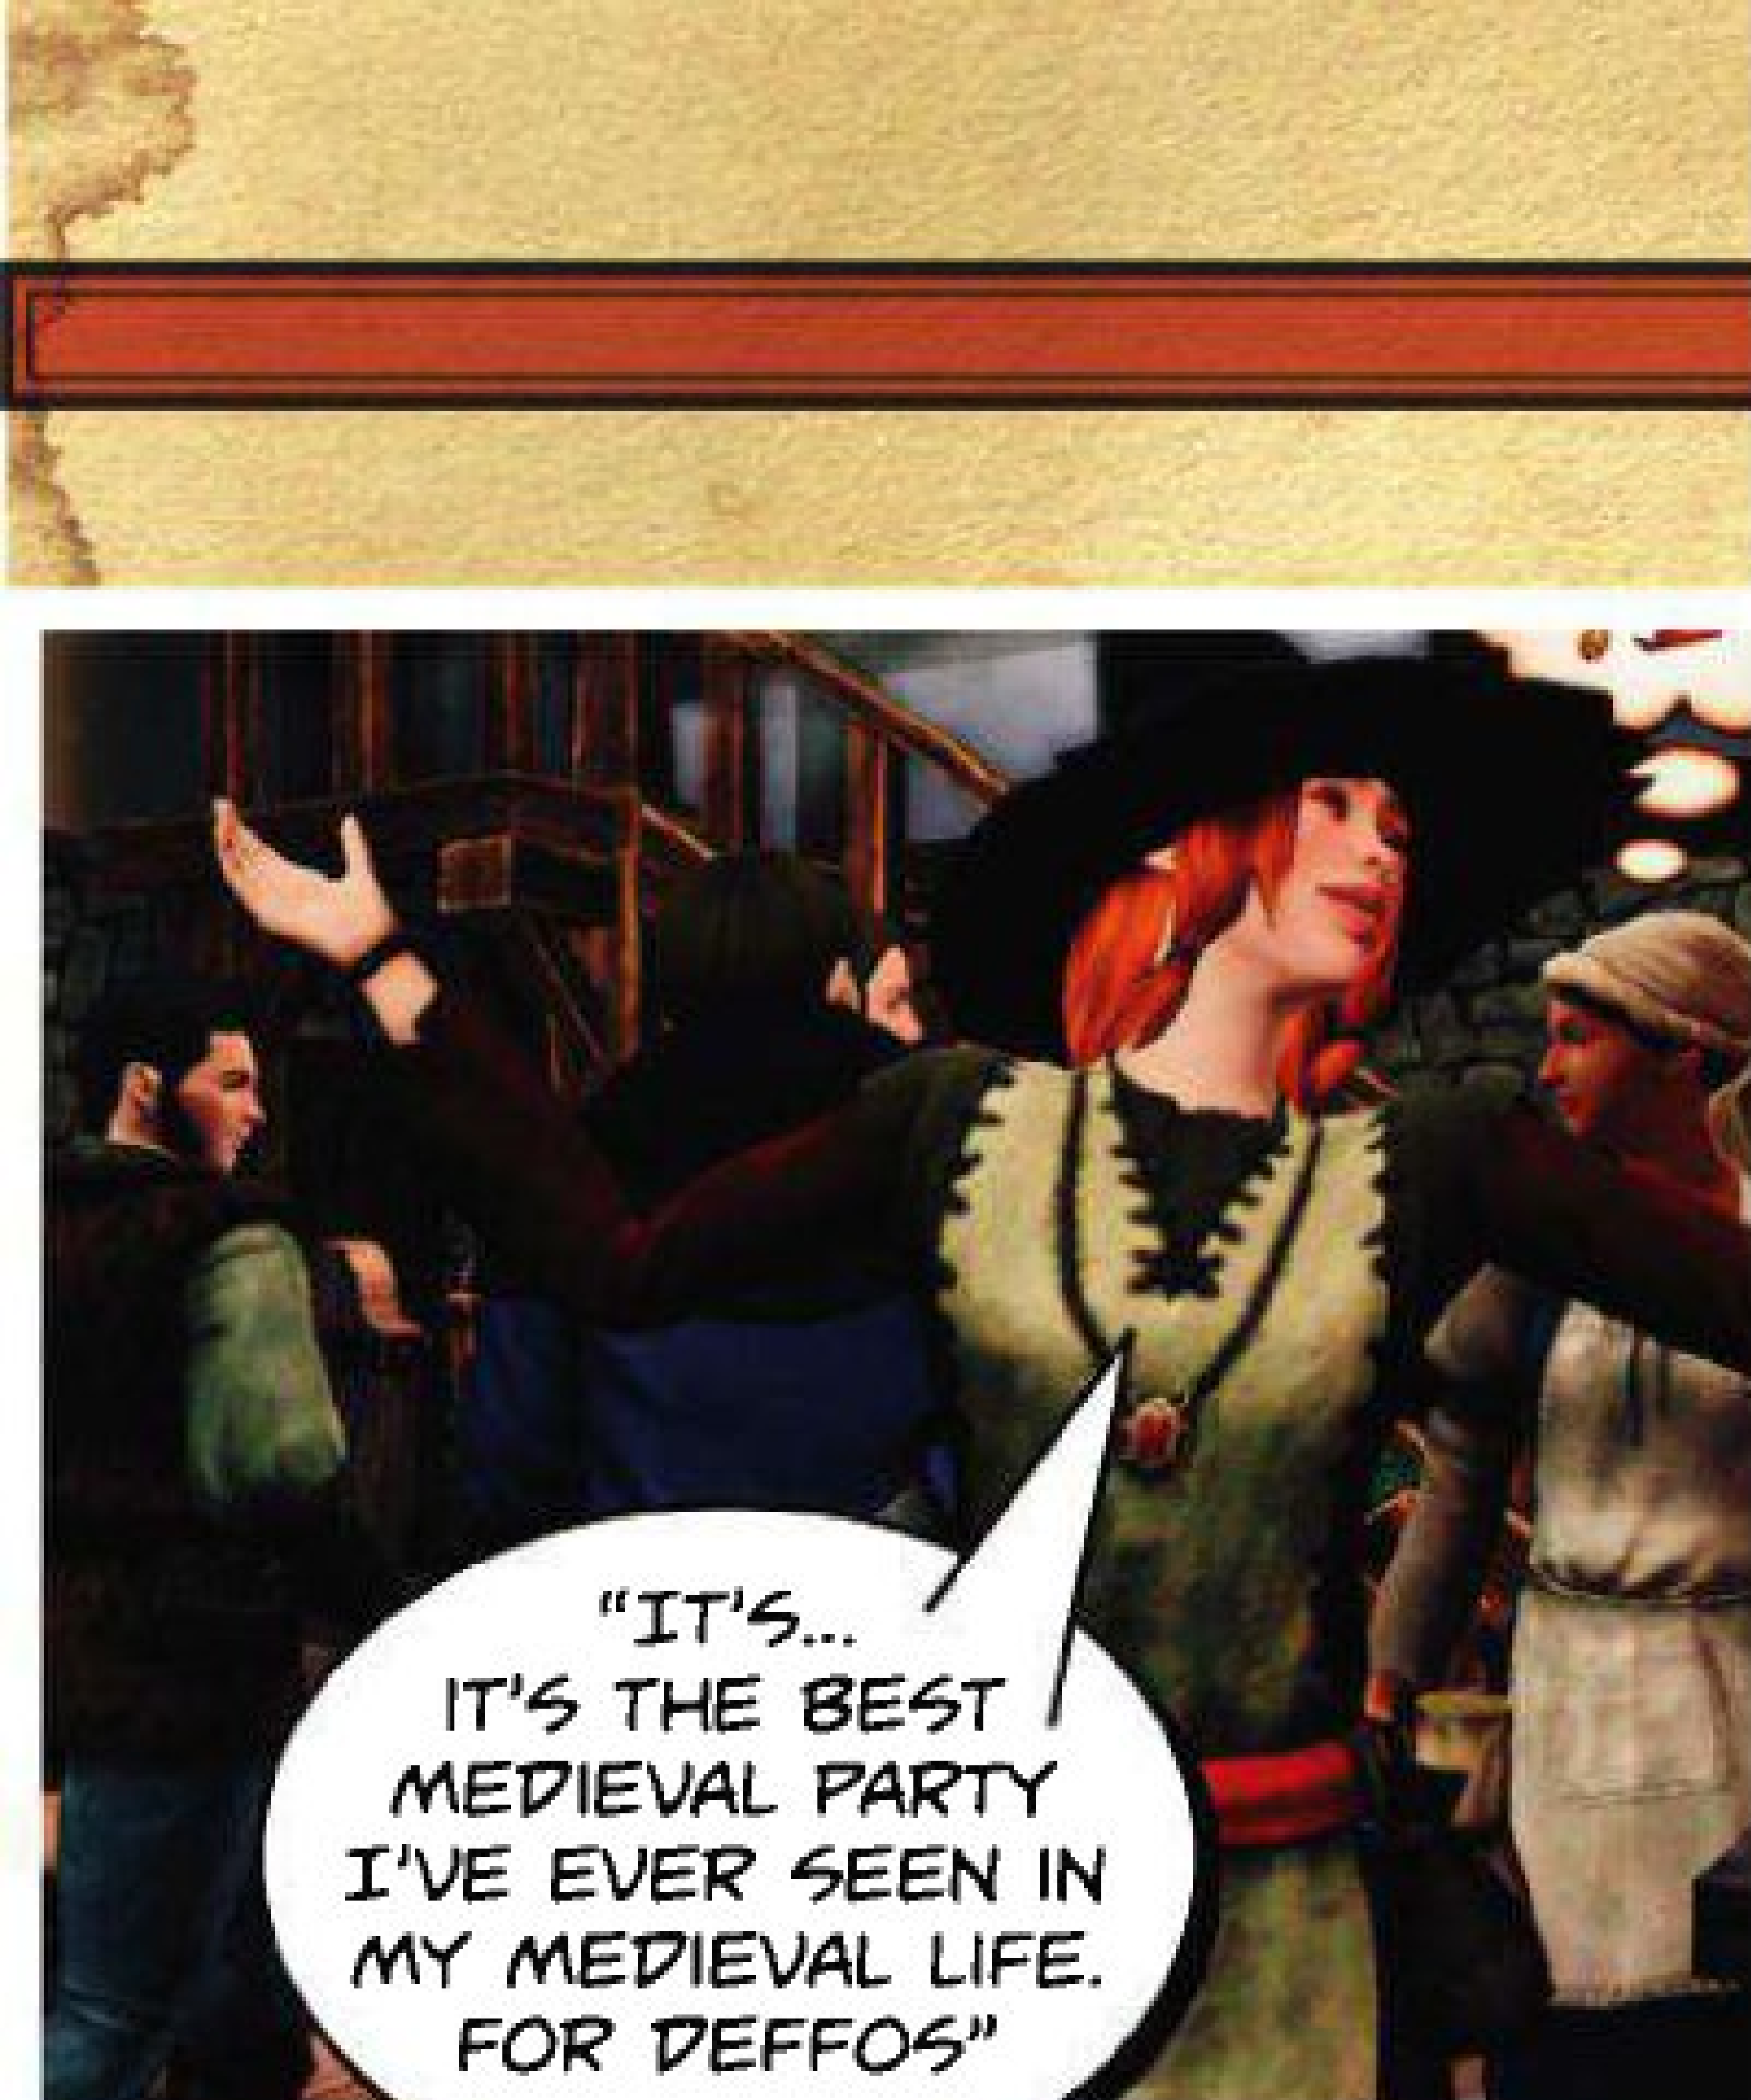

ARE YOU TRYING TO GRAB THE AUDIENCE FROM GAMES LIKE WORLD OF WARCRAFT? WILL IT WORK, DO YOU THINK?

We asked ourselves if people who haven't played the contemporary Sims will want to play this game. The Sims is about creating and controlling characters. If the reason they weren't playing The Sims was because that didn't appeal, they still won't want to play this. But if they weren't playing The Sims because they

like a more fantasy sort of game, then I think they'll love it.

IF SOMEONE HAD NEVER ENCOUNTERED THE SIMS IN ANY FORM EVER, HOW WOULD YOU SELL THEM THIS?

It's built around the idea of a hero character that you control who goes on quests, and as you build up a kingdom a story unfolds. You'll eventually have this big kingdom with ten different types of character, and you're in charge – like a god of this world.

"IT'S...

PUNK

GREEN DAY AWESOME AS FUCK

GREEN DAY HAVE now been going for sooo long that a large proportion of their fans weren't even twinkles in their daddy's ballbags when the Californian trio formed back in 1987. Who coulda predicted those scruffy, spliff-addled, poo-obsessed punks would go on to sell over 65 million albums and become one of the five biggest bands on the planet? We bet even Green Day themselves weren't expecting to last beyond a few fanzine interviews and maybe a support slot on a Misfits tour.

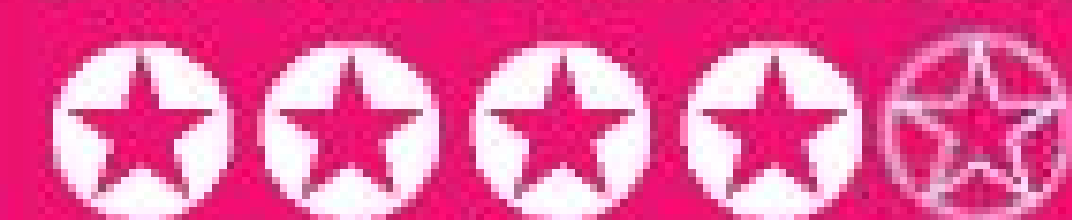

So Awesome As Fuck is kind of a lap of honour album for Green Day.

It's made up of live tracks recorded in various jumbo arenas during the band's recent 21st Century Breakdown tour, alongside a bonus DVD of an entire gig in Tokyo. And, they really do sound awesome as fuck – although, you'd sort of expect that, they've been at it long enough, innit.

STARRING: DANNY TREJO, JESSICA ALBA, GORE

KICKING ITS BLOODTHIRSTY

Mexican ass onto our little screens, there's no head left unsevered and no guts left intact in this silly-arsed pump-action romp from cult director Robert Rodriguez.

Wrinkly-faced brut Danny Trejo – always the bridesmaid, never the bride – finally gets to shine in all his gruesome glory, and takes on the lead as a spurned badass on the run from some corrupt shitheads. That's pretty much the storyline,

although, if Danny ever asks, please don't tell him we described him as a bridesmaid. He'd batter us.

It might be a tad far-fetched at times, and goes on waaay longer than it needs to, but this bastard won't be beaten on how gleefully entertaining the violence is. There's one bit in particular where Trejo guts someone then uses their entrails in a most imaginative way. That's a bit o' fun. Honestly, the next time Top Gear clown Richard

Hammond accuses the Mexican's of being lazy, sling this shit in his direction. When was the last time you severed more than three limbs at a time, Hammond? Exactly. You daft fuck.

QUESTIONS WE ASKED DANNY TREJO

DANNY, THERE WERE SOME PRETTY BADASS MOMENTS IN MACHETE. DID YOU HAVE ANY PARTICULAR FAVOURITE?

When I was crashing through the window holding onto some guts.

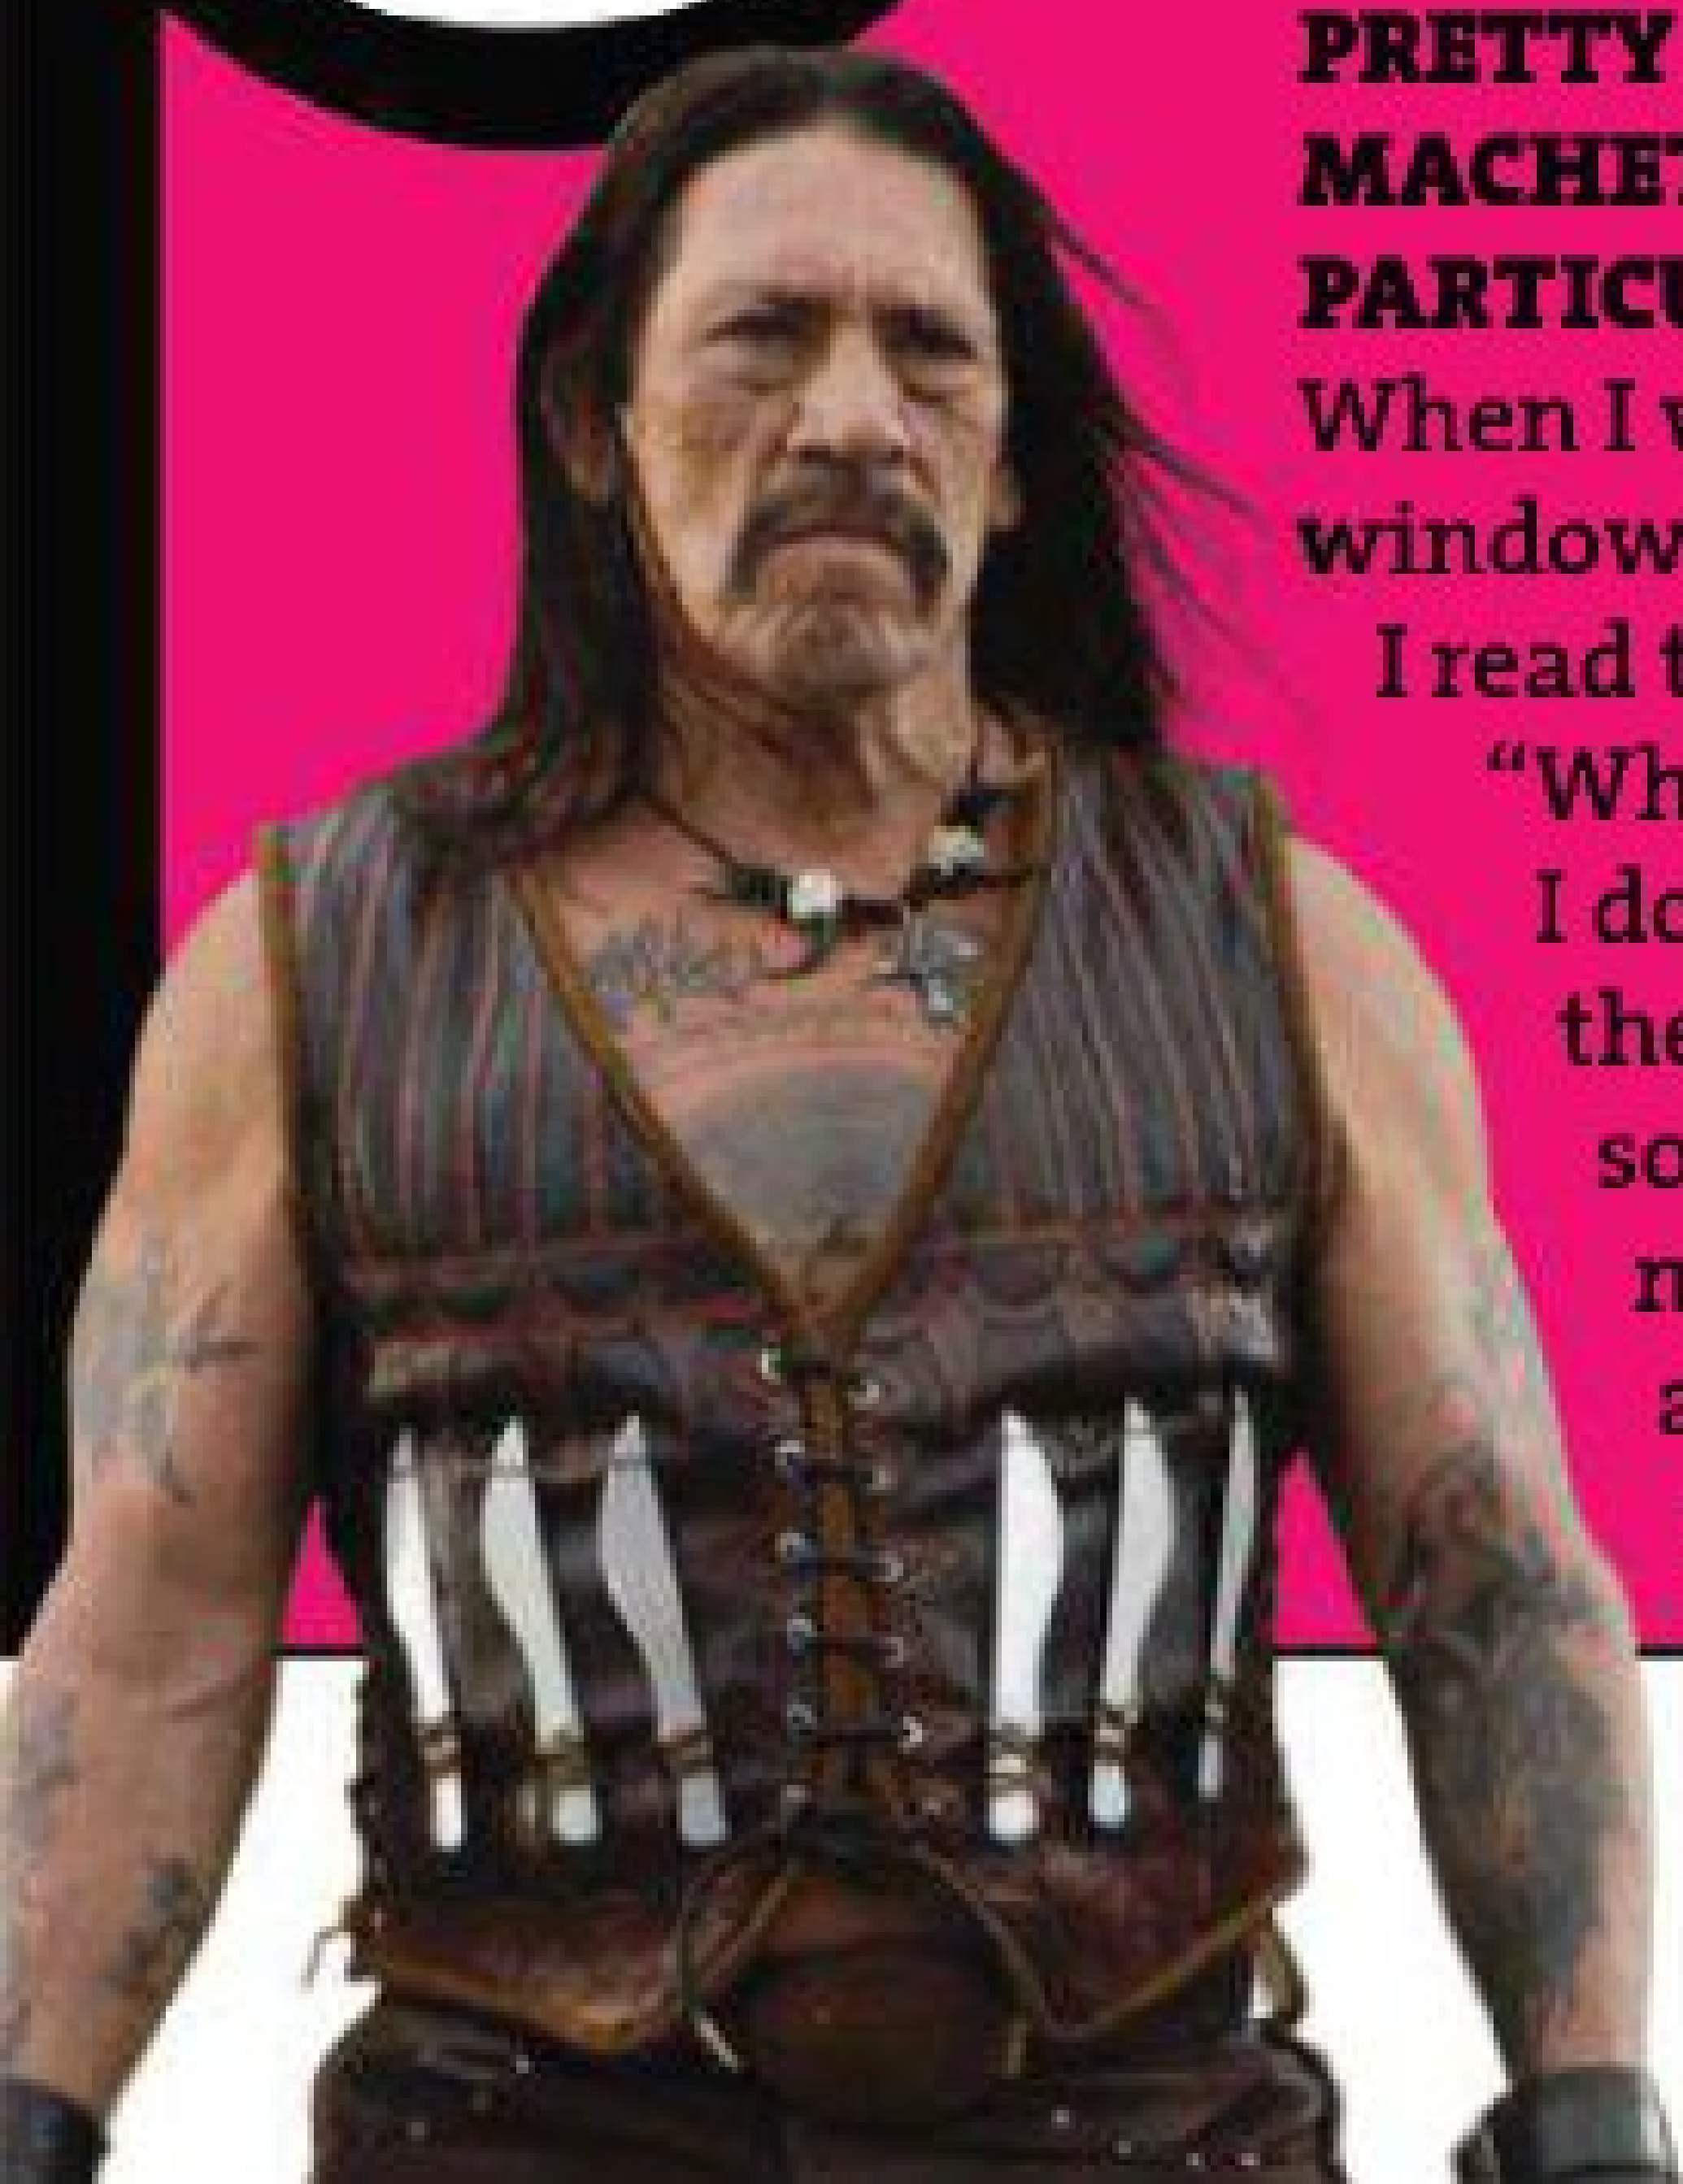

I read the script and was like, "What are you talking about? I don't understand." But then I was like, "Okay, that sounds really good." And now I think "Wow! That's awesome!" That was fun and that was challenging.

HOW AWESOME WAS IT TO FINALLY TAKE ON THE MAIN ROLE?

It was a great honour. Thank you Robert Rodriguez, for bestowing on me being the first Latino action hero. Pedro Gonzalez was one of the first Mexican actors in John Wayne movies, but he was the goof. He was the "Forgive me, Señor" guy, the funny guy, and we've come a long way since then.

MACHETE WAS PRETTY GODDAMN GORY. DID IT MAKE YOU WINCE AT ANY POINT, PERHAPS WHEN NO ONE WAS LOOKING?

The good thing about Rodriguez is he comes from like a cartoon background, so even the blood is funny. It's comical and it's gross all at the same time. I cut three guys' heads off and people were laughing. They were like, "Go, go, go!" My mum is 83 and she hates violent movies, but she was at the premiere and she loved it.

FYI

Trejo has played Machete in no less than five different flicks. The first four times were in the gay Spy Kids films.

local radio DJ but worse. He is a cunt and it needs to be recognised, and I use Wilkinson Sword anyway.

Rich in Chester

We've pretty much all got beards like privet hedges here (as well as biceps the size of Ayer's Rock), so razor adverts tend to annoy us anyway, Rich. This dickhead strikes us as nothing less than a pervert, loitering in men's bathrooms like some kind of creepy sex-pest. Onto the Cuntdown he goes!

FEARNLEY-WHITTINGSTALL

Hugh Fearnley-Whittingstall is a mega-ponce of a cunt. A true badger-bumming shitleg. He just minces around his undecorated-since-the-Boer War cottage cooking shit his cock has obviously been inside of, and I'm fucking sick of it. Get a haircut and a girlfriend, you fungus-fingering cunt!

Swoggy, angry in Leicester

Oh, come on, Swoggy, really? He's always struck us as quite a pleasant dude, even if he seems to have trouble with the idea that not everyone has four hours to cook dinner every day (and a fucking farm to get it all from). He's a bit of a wally, but bless 'im, he's no cunt.

BIEBER

Seriously, why is Justin sickeningly clear-skinned bloody Bieber not on the Cuntdown? He published an autobiography at 15 for cunt's sake. What's he gonna write about? His own brand of cunting nail polish or the fact that he has never heard the word German before? Seriously, YouTube it, he thinks it means 'likes basketball'. Proper cunt.

Sully, via text

We're going to agree with you there, Sully - the plastic-faced twonk is an absolute supercunt, one who's sadly enough going to spend his life exploring beautiful women's fannies and laughing his head off. What a fucking dick-rag of a cunt.

D'ACAMPO

Please put Gino D'Acampo on the Cuntdown. He tells us he's a people person but really he just looks like he'll pretend to be your friend, cook you a meal and then fuck your other half when you're not looking by luring them in with his shit Italian accent. He needs to take his fancy meals off daytime TV and shove them down his cock.

Laura and Scott, via email

Absolutely, Laura and Scott - he's a megacunt. Plus your email inspired a lengthy debate in the office as to whether you stick stuff up your cock or down it. We concluded it's up your arse, down your cock. Onto the Cuntdown, D'Acampo!

Adam, Joe & George, via text

He really is a chunky turbo-cunt, isn't he? And you're right, guys, it's high time this fat warbling moustachioed bellend returned to the Cuntdown. To be honest, that fucking meerkat's no better.
